

# This week's treat — at **SAFEWAY** **BANANAS** ripened a better way!

*Luscious with flavor!* We get our bananas shipped in green, like everybody else does. Then we put them into special ripening rooms. Here we control humidity and temperature to build up rich, natural flavor within the fruit. Our bananas ripen slowly...and from the inside out...as nature does it. So bananas from Safeway are plumb-full of deliciousness — never taste "chalky." Because we don't use "hurry-up" methods, we can bring you bananas at their very peak for eating.
