

Justin Smith, Bob Rector In Club Toga Links Finals

Justin Smith Jr. and Bob Rector will contend this week for the men's golf championship of Rogue Valley Country club and seniors will get their matches underway.

Smith and Rector may play their first 18 of 36 hole finals on Wednesday. Each entered the titular battle after a good challenge in semi-finals. Smith was pushed to the extra 19th hole to overcome Dr. Bruce Stanley 1 up. Rector took Dr. D. C. Boals 2 and 1.

Marvin Clark, the 1956 Southwestern Oregon champ, gained the No. 1 seeded spot in the senior club title flight of eight. He'll meet Glen Fabrick in his opener. In other matches Bill Catey plays Justin Smith Sr., Harry Terrell Sr., the defending champ, will take on William McAllister Sr. and George Stacey will face Merlon Emmans. Clark was medalist with a 77.

Sixteen other golfers qualified for the senior tourney and will participate in the first and second flights.

In the regular club championship competition, Alan Holmes and Gerry Gastineau will vie for first flight laurels. Holmes defeated McAllister 1 up and Gastineau got by Brad Broyles by the same score in semi-finals.

Honors in the other flights have been determined with the third, fourth, sixth, seventh, eighth and 10th finals contested last week. Ted Anderson won the third 6 and 5 over Bill Thorndike and Bill Kalibak the fourth 2 up over Dr. E. L. Harlow. Fred Conrad was victor in the sixth flight 2 and 1 over Dick Travis and seventh flight prize went to Parker Woods with a 3 and 2 score over Bob Wells.

C. H. Barrell won 2 and 1 from C. E. Knight in the eighth flight and Ted Gromes 2 and 1 over Dr. D. K. West in the 10th.

Blunt Records Ace at Oak Knoll

Rene Valdes Gains On PCL Hurlers

San Francisco —(U.P.)— Larry Jansen left Seattle for the Cincinnati Redlegs yesterday sporting an 11-2 record with the Rainiers which had kept him on top of the heap in the Pacific Coast League with a percentage of .846.

Elmer Singleton, 15-5, also of Seattle, still nursed a 2.62 earned run average to make him the loop's most effective hurler although he has not worked for about two weeks.

Rene Valdes, 16-8, of Portland moved ahead of Singleton for the most triumphs while Dick Drott, 11-8, of Los Angeles retained his strikeout lead with 152.

Pete Mesa, 9-9, of San Diego led in bases on balls with 105. Bill Werle, 11-0, of Portland had worked the most innings—184 — and San Diego's Eddie Erault, 7-15, was the biggest loser.

BLOCKING FLASHY JAB thrown by Rocky Castellani (right), Joey Giambra chased him throughout bout to score unanimous decision at Madison Square Garden. (International)

Faculty Brass Study PCC "Self-Evaluation" Reports

Portland —(U.P.)— Faculty representatives of the Pacific Coast Conference reviewed today the penalties recently meted out to four member schools for illegal aid to athletes.

The review came on the second of a three-day meeting called as a result of the uproar occasioned by the penalties. The representatives spent Monday in a reading of the "self-evaluation" reports submitted by all nine member schools.

Dr. Glenn P. Seaborg, University of California representative and PCC spokesman, said there would be no announcement of action to be taken until after Wednesday's joint meeting with the all-powerful Trustees' Council.

The secrecy surrounding the sessions gave rise to a number of rumors. Among them was one to the effect that a "confrate" attitude on the part of University of California at Los Angeles and Southern California might bring about an "amelioration" of penalties against football players at those schools.

Another rumor had it that PCC representatives were "pretty sore" at UCLA for refusing to "get down off its high horse." The PCC banned UCLA from the Rose Bowl for three years, fined it the equivalent of \$93,000

and docked all its football players a year of eligibility.

The PCC banned USC from the bowl for two years, fined it \$63,400 and docked 42 Trojan players a year of eligibility.

Washington was banned from the bowl for two years and fined \$52,000. California was fined \$25,000.

Seaborg said Monday night there was "no indication of a split in the conference." He also said he "doubts" there will be any revision of the PCC code at this meeting.

Jansen Gets N.L. Recall

Cincinnati —(U.P.)— Larry Jansen, 36-year-old former ace of the New York Giants' pitching staff, was due to join the Cincinnati Redlegs tonight and was expected to be pressed into service as a starter against Milwaukee Friday.

Jansen was purchased by the Redlegs Monday from Seattle of the Pacific Coast League where he compiled an 11-2 record and a 2.57 earned run average in 98 innings.

Jansen hurled for the Giants from 1947 until early 1954 when he suffered a lame back. All told, he won 120 games and lost 86 with the Giants.

He was the winning pitcher in the Giants' famous playoff victory against the Dodgers in 1951 after relieving starter Sal Maglie.

Pigskin Sessions Begin at PCC

Portland —(U.P.)— Coach Pete Susick has scheduled the first scrimmage session for his State squad this afternoon as they make ready for the ninth annual Shrine game here Aug. 18.

Coach Brad Ecklund of the Metro team planned to hold off on any body contact work, explaining he wants to minimize any chances of injuries.

LEON HART SIGNS

Ypsilanti, Mich. —(U.P.)— Large Leon Hart can go back today to his special talent of shaking opposing pro football players loose from their bones. The 250-pound fullback and end, who is one of the National League's top defensive specialists, came to terms with the Detroit Lions at their camp here Monday after a long holdout.

DAVE GARROWAY WEDS

New York —(U.P.)— Television personality Dave Garroway, 42, and Pamela Wilde, 28, planned to be married today at the Municipal building.

Emeralds Drop Tri-City, 16-10

By UNITED PRESS
The Northwest League goes back into full-time play tonight after a raft of homers featured the only game on last night's slate.

Eugene topped Tri-City 16-10 in a battle of homers at Kennewick.

Tom Perez belted a grand-slam homer in the first for Tri-City but the Braves couldn't stand the prosperity.

Bob Gauthier, Cully Deck and Jerry Exley weighed in with homers for Eugene. Exley also had a double and drove in six runs for the evening.

UPIRE INJURED
San Francisco —(U.P.)— Art Passarella, former American League umpire, wondered today if he was through as an arbiter. He re-injured his leg July 22 and Monday the Pacific Coast League released him. Passarella's leg is in a cast and he is out of action indefinitely at his home in Los Angeles.

Largest Pump-turbine Supplies Water Fast

Milwaukee —(U.P.)— The world's largest pump-turbine, able to supply water three times faster than would be needed for the entire metropolitan New York City area, has been placed in operation at the Tennessee Valley Authority's Hiwassee Dam in western North Carolina.

The machine was developed by the Allis-Chalmers Manufacturing Co. here to help compensate for fluctuations in power demands on the TVA system.

One of the gigantic aspects of the unit is the waterwheel with a diameter of 266 inches, largest in the world. The pump-turbine is so huge it had to be built and shipped in three sections. The motor for the motor-generator weighs more than 300 tons.

The addition of the pump-turbine to Hiwassee Dam will increase the capacity of the power plant there by 59,500 kilowatts, enough electricity to supply a city of 85,000 population.

The automotive industry will revive the National Automobile Show in New York City Dec. 8-16, 1958, after a 16-year lapse.

Now...for the first time...you don't have to change tires on the road!

After a puncture or blowout, a "tire within a tire" lets you drive in safety...at legal speeds...for 100 miles or more!

Another revolutionary new development by Goodyear!

See in the demonstration test above how the new Captive-Air Safety Tire—slashed through with a knife—carried this car for 110 miles!

The car you see in the circle is coming off New York's Triborough Bridge—with a gaping hole in its right front tire. We cut a two-inch slash right through the side of that tire . . . but we

know that both driver and car are safe. The reserve air in the inner chamber lets the car thread safely through heavy traffic without danger or delay. Fact is, that car rolled on for three

hours—covered 110 miles. No further damage to the tire. Here's dramatic proof you no longer have to change a tire along the road!

NEW NYLON Captive-Air Safety Tire

by **GOOD YEAR**

This amazing new tire development is backed by Goodyear's 22 years and millions of miles of LifeGuard experience . . . over a year of scientific road tests . . . over 8 months of consumer tests!

The new Nylon Captive-Air Safety Tire—inspired by Goodyear's famous double-air-chamber LifeGuard—lets you ride safely and securely on two independent cushions of air. If the outer tire is cut, torn, or blown out, the reserve air in the inner tire supports your car. You can drive at legal speeds for 100 miles or more . . . without the danger of tire-changing in heavy traffic . . . without costly towing charges or road repairs.

This new tire also gives you the powerful live-action traction of the new Twin-Grip tread, the brawn of 3-T Nylon Cord, and Grip-Seal construction for extra protection against punctures. We have only a limited supply! Be sure to see the Captive-Air Tire soon!

Triple-tempered 3-T Nylon Cord body gives you greater strength and safety.

If a blowout or puncture should occur anywhere in the tire, this reserve air supports your car for 100 miles or more . . . until you reach a convenient tire service station.

Inner chamber inflated to 24 lbs. pressure.

Exclusive 2-ply Nylon safety unit gives you a "tire within a tire" for proved protection against flats and blowouts.

Outer chamber inflated to 24 lbs. pressure.

Only Goodyear has the Captive-Air...the Safety Tire with a built-in spare!
