**HOW ABOUT IT?**—Robert Ryan, left, asks Jeffrey Hunter about a gun in a scene from the motion picture, "The Proud Ones," which opens at the Rogue Drive-In theater at Crater Lake highway and Biddle rd. Wednesday. The book from which the screen play was adapted was written by Verne Athanas of Ashland.

## Ashland Man's Novel Due on Rogue Screen

"The Proud Ones," a motion picture adapted from the novel by Verne Athanas of Ashland, opens at the Rogue Drive-In theater, Crater Lake highway and Biddle rd., Wednesday night. Athanas will be at the theater on opening night to autograph copies of the book. The story is the exciting tale of 19th century giants who strode into town to build and preserve the law of the land against the redhot odds of the strange alliances that only a frontier town could spawn. "The Proud Ones" reveals in picturesque scenes of cattle drives and the beauties of the wide-open spaces, all serving as a backdrop to the conflict between the law and the ruler of the gambling casinos who attempts to take over the town with his crooked band of toughs. The picture stars Robert Ryan, Virginia Mayo and Jeffrey Hunter.

Athanas has been a resident of Ashland for about 24 years. He is married and has two teenage sons. He and his family reside at 81 Alida st. He has been a logger, truck driver, railroad brakeman and has been writing for the past 10 years. "The Proud Ones" is his third novel. Others are "Rogue Valley" and "Maverick," which will be published next month.

## US Steel Reveals Price Increase Of \$8.50 a Ton

Pittsburgh — (U.P.) — United States Steel Corporation today imposed price increases averaging \$8.50 a ton to partially cover rising costs and a new three-year agreement with the United Steelworkers.

Similar price increases are expected from other producers as the nation's steel mills swing into production following the five-week strike of 650,000 millworkers.

The U.S. Steel boost hiked the average price of steel to about \$138.50 a ton. The increase adds about \$16 to the cost of making a 1957 automobile, about \$1 to the cost of a refrigerator and about four to five cents to the steel in a \$25 toaster.

**Reflects Rising Costs**  
U.S. Steel, which accounts for about one-third of the nation's steel production, said the increase "reflects the persistently rising costs with which the company is confronted, including the initial higher employment costs resulting from the new labor agreement" with the U.S.W.

Clifford Hood, U.S. Steel president, said the increase, second highest since the end of World War II, falls short of meeting his company's needs for revenue to offset depreciation and replacements and the cost of an expansion program. The industry boosted prices an average \$7.35 a ton last year to pay for a 15.2 cents per man hour wage increase.

## Pole Pays Debt of Thanks With Blood

Detroit — (U.P.) — Tadeusz Gasowski, 37, a former Polish seaman, is paying a debt of thanks with his blood.

Gasowski, who jumped ship in New York in 1948, was scheduled to be deported to Poland Aug. 6 but was saved by the intercession of Rep. Alvin Bentley (R-Mich.). Bentley had the deportation order halted for fear Gasowski would be subject to persecution if returned to his homeland.

The grateful Gasowski promised Bentley to donate a pint of his blood to any hospital the congressman named. This week end Gasowski went to Owosso, Mich., where he met Bentley and donated the blood to the Owosso Memorial hospital. He said he plans to donate a pint of blood to the hospital every five weeks.

Bentley said he will introduce a bill in the next session of Congress to have Gasowski's deportation order set aside "once and for all and have his legal status in the United States established."

## Chemical Plant Blast Claims Three Lives

Niagara Falls, N.Y.—(U.P.)—The toll of an explosion which leveled three buildings at the Olin Mathieson Chemical Corp. plant here mounted to three today.

A 22-year-old employee, Francis Kramarik of North Tonawanda, died of severe body and facial burns at St. Mary's hospital during the night. Plant superintendent John J. Holland earlier identified the other victims as Herman C. Strablow, 29, a plant foreman from Bergholtz, and John Maule Jr., 34, Niagara Falls.

Seventeen others were injured or burned in the explosion. Damage from the blast which shattered the Mathieson plant Monday was set at \$200,000 of buildings alone. No one had yet estimated damage to equipment or what caused the explosion which smashed windows throughout this highly industrialized area and was felt as far away as Chippewa, Ont., across the Niagara river.

Young trees have a better chance of survival if they are planted in the spring.

## Stocks Regain Portion of Monday's Sharp Decline

New York — (U.P.) — Stocks made a moderately active recovery today.

The market as a whole regained half of Monday's sharp losses. This held true of the Mideast oils as well as of the other departments. Railroads joined the rise.

Steel shares moved up as the various companies boosted prices. Gains in the steels ranged to more than two points in Youngstown Sheet & Tube and Bethlehem and fractions to a point elsewhere.

**Dow-Jones Averages**  
Dow-Jones final stock averages: 30 industrials 515.88, up 2; 20 railroads 168.10, up 0.46; 13 utilities 71.17, up 0.36; and 63 stocks 182.62, up 0.69.

## Missouri Starts On Highway Program

Washington — (U.P.) — Missouri appeared today to be the first state to make a start on the new multi-billion dollar federal-state highway program approved by Congress.

The Bureau of Public Roads said Missouri has signed the first contracts for work under the 16-year, \$27,500,000,000 program. The program will revamp the 40,000-mile interstate highway system to a network of four-lane superhighways. The federal government, under this program, pays 90 per cent of the cost and the states 10 per cent.
