

Angels, Stars Notch Coast League Wins

Los Angeles — (U.P.) — Jim Bolger slammed a two-run homer over the left field wall Saturday as the Los Angeles Angels took a 5-1 Pacific coast league victory to clinch their five-game series over the Sacramento Solons.

Dave Hillman went the distance for the league leaders to log a 16-4 record for the season. The loser was Earl Harrist (11-10). He took the mound for Gene Bearden, who failed to play because of illness.

The win gave Los Angeles a 3-0 lock on the series, which winds up with a double header tomorrow.

Jim Bolger slammed out his 24th home run of the year in the fifth to come in behind Wade, aboard with a single, for two more Angel tallies.

Los Angeles got two more runs in the seventh frame. Bob Coats singled in both Mauch, who singled, and Bolger, who doubled.

lock in the seventh and send the Seals down to their 26th one-run defeat of the year.

The Stars broke on top in the first frame when Spook Jacobs doubled and came home on a single by First Sacker R. C. Stevens.

Frisch Out Of Danger

New Rochelle, N. Y. — (U.P.) — Frankie Frisch, apparently out of danger after being stricken with a heart attack on Thursday, rested comfortably at New Rochelle hospital Saturday and insisted on hearing the latest baseball scores.

The 58-year-old hall of famer, who starred as an infielder with the New York Giants and St. Louis Cardinals and later served as a major league manager with three clubs, was described as "resting very well" by his physician, Dr. James Vaughan.

Dr. Vaughan said he was satisfied with Frisch's progress, but added it was too early to determine how long the former "Fordham Flash" would be confined to the hospital.

"He's been demanding ever since he came to the hospital to hear the latest baseball scores," Dr. Vaughan said. "He's a real fighter."

Frisch, who conducts an interview-type show over a New York television station following each New York Giants home game, suffered the heart attack on Thursday night and was taken to the hospital where his condition at first was described as "critical."

However, Dr. Vaughan said that Frisch had suffered a mild attack not of a coronary nature and said his chances of recovery "are very good."

Only members of the immediate family are permitted to visit Frisch, who in 19 major league seasons compiled a .319 batting average and generally was considered one of the top infielders of his era.

He managed the Cardinals during their heyday as the "Gas-house Gang" and later led the Pittsburgh Pirates and Chicago Cubs before entering the broadcasting end of baseball.

Jansen Return To Big Leagues Spectacular One

By FRED DOWN
United Press Sports Writer

The Cincinnati Reds were delighted today to forgive and forget eight years of misery at the hands of Larry Jansen.

Purchased from Seattle of the Pacific Coast league last Monday, the 36-year old Jansen made a spectacular return to the big leagues Friday night when he pitched the Redlegs to an 8-1 win over the Milwaukee Braves in the opener of a key three-game series.

The triumph moved the Redlegs into second place one game behind the first place Braves and a half length in front of the Brooklyn Dodgers, who had bowed to the Philadelphia Phillies, 3-2.

Jansen, who ran up an amazing 24-4 record against the Redlegs during his career with the New York Giants, limited the Braves to nine hits.

The Redlegs backed Larry with an eight-hit attack that included a grand slam homer by catcher Ed Bailey.

George Shaw Leads Colts

Hershey, Pa. — (U.P.) — The Baltimore Colts came from behind with two last period touchdowns Saturday night to upset the Philadelphia Eagles, 24-13, and mar the debut of Hugh Devore, the Eagles' new coach in a national football league exhibition.

A seven-yard pass from George Shaw to Lloyd Colterryahn in the first two minutes of the last period gave the Colts the lead for the first time after the score had been knotted twice in the first half.

U.S. Athletes To Tour Finland

New York — (U.P.) — Eight American distance runners, with the help of the U.S. State Department, plan to tour Finland for 35 days this summer to study that country's technique and training methods.

The runners are Jerry Smart of the Air Force, Jim Beatty of the U. of North Carolina, Ike Matza of the New York Pioneer Club, George King of the N.Y. Athletic Club, Joe Villarreal of the U. of Texas, Mal Robertson of Los Angeles, Lt. Walter Boehm of the Air Force and Hal Higdon of the Army.

Homeruns Provide All Counters for Yakima

By UNITED PRESS
Yakima used the handy home-run size hit Friday night to trip Salem 3 to 2 in Northwest League play and up its league lead over the Senators to 3½ games.

Dick Neal homered in the fifth, Vince Moreci hit his 30th homer of the year in the sixth and Ed Zander homered in the seventh for the three Yakima runs.

RUTTMAN TOP ENTRY

Milwaukee, Wis. — (U.P.) — Troy Ruttman, Lynwood, Calif., currently second in the U.S.A.C. stock car point standings, will be the leading entry for the national championship stock car races at Wisconsin state fair park Aug. 19 and 23.

MAN OF THE YEAR

New York — (U.P.) — John B. Kelly, president of the Atlantic City Race Track, has been voted racing's "man of the year" by the board of directors of the Jockey's Guild. Eddie Arcaro, president of the national group, will present Kelly with a plaque at the guild's 10th annual dinner-dance in New York, Sept. 29.

Potent Seraphs Blast 18 Hits Against Solons

By JOHN McDONALD
United Press Sports Writer

"Give the Los Angeles Angels a couple of front line pitchers, put them in the American league and they'd finish second only to the New York Yankees."

That was manager Joe Gordon of the San Francisco Seals talking early this month when his Seals were taking their bit of lumps from the Angels, currently in a cake walk toward the Pacific Coast league pennant.

The Seal skipper may have been placing the Angels a trifle high, but the mighty Cherubs have to rate as one of the great powerhouses in PCL history.

They put on another of their muscle flexing shows Friday night banging out 18 hits for a thumping 11-7 victory over Sacramento.

The win moved the Angles to 10½ games in front of the fading Seattle Rainiers, who ran into the red-hot Ryne Duren notching his second straight shutout, 1-0, for Vancouver. The San Diego Padres took the opener of their series with Portland 6-4, and the Hollywood Stars held off San Francisco 4-3 in other games.

The Padres bunched four runs in the third inning and collected two more in the sixth to take the measure of the Portland Beavers 6-4 in their Pacific Coast league baseball game here Friday night.

SMASHING WORLD RECORD in 200-meter butterfly event, Bill Yorzyk, 23, Southampton, Mass., captures place on U. S. team at Detroit meet. Time was 2 minutes, 19 seconds flat. Old record was 2:34.4 (International Soundphoto)

Schmidt Attacks Booster Clubs Which Made Illegal Payments To PCC Athletes

By SCOTT BAILLIE
San Francisco — (U.P.) — Victor O. Schmidt, the usually mild commissioner of the Pacific Coast Conference, stood today as a strong exponent of the PCC's "get tough" policy in the wake of his smashing attack against booster clubs which made illegal payoffs to athletes.

Schmidt told the Commonwealth Club of California Friday that such boosters have embarked on a "species of propaganda" ever since the conference levied a series of drastic penalties against four member schools this year for violations of the athletic code.

At the same time, he pointed out that neither UCLA nor Southern California, two of the most heavily penalized schools, "should be judged by the gratuitous statements of boosters or groups expressing certain sentiments."

Secession Move

A strong move for secession from the conference developed in the Los Angeles area, where these two schools are located, after both were banned from the Rose Bowl, fined and had numerous gridders placed on the ineligible list for taking under-the-table payoffs.

UCLA was banned for three years from the Bowl, fined the equivalent of \$95,000 and had all of its gridders penalized a year of eligibility. Southern California was docked \$63,400, barred from the Bowl two years and had 42 football players put on the ineligible list. California and Washington suffered lesser punishment.

Earlier this week, the PCC declared that banned seniors at USC and UCLA could play in any five straight games this fall.

Schmidt, hitting at the "moral implications" involved in secret payoffs to students, characterized the organizations doing the financing as "money changers" and said they had not shown any regret for their actions.

"Surprisingly, they have managed to enlist support," Schmidt said. "Some are quoted as critics of the conference. And their supporters are many and also critical of conference action."

Schmidt claimed that such elements have embarked on what he described as "a species of 'improvisation'."

Four Planks

He said the drive is conducted like this:

1. Keep silent about the moral issue involving these kids;
2. Blame the rules as being "unrealistic";
3. Claim that everyone is guilty and that therefore, what has been done is right and cannot be punished;
4. Impugn the motives of all who have had anything to do with the penalties.

Schmidt said this fourth phase of the campaign is based on making "a claim of virtue of success, hence jealousy, hence hate and resentment," on the parts of schools which were not found guilty of rules infractions.

"These four universities which were penalized are great universities," Schmidt said. "Do not judge them by the attitudes of those boosters and others who in chagrin of disappointment over a situation that is unhappy to us all, gratuitously undertake to speak for them."

Schmidt said that the PCC "has no excuse to exist except upon taking strong action in these cases . . . If you cannot enforce your rules in the bad cases when the chips are down you have no rules. They are meaningless."

There are almost twice as many automobiles in Los Angeles as in all of South America.

Nashua Ill; Scratched

Mays Landing, N. J. — (U.P.) — Blue Sparkler, a four-year-old filly from the Woodland farm, scrambled to an upset victory in the \$100,000 Atlantic City handicap Saturday after Nashua had been scratched because of an attack of colic.

Nashua, who was the odds-on choice for the rich invitational race, was withdrawn earlier in the afternoon when Alfie Robertson, one of his handlers, noticed he was ill.

Veterinarians were called to Nashua's stall and gave the big colt an anti-spasmodic injection. Although the ailment was not considered too serious, it probably will sideline the world's leading money-winner for several weeks.

In the absence of Nashua, the race then shaped up as a battle between Find and Mister Gus, but it was the fleet-footed Blue Sparkler who "stole" the show and the winner's purse of \$55,000.

Taking the lead at the outset of the mile and one-eighth event, Blue Sparkler, with Sam Bulmetis urging her on, remained in front all the way to win by a half length. Skipper Bill, another outsider, gained the runner-up spot by a nose over Find.

Beardon, Hillman Starting Hurlers In All-Star Mix

Portland — (U.P.) — It will be Sacramento southpaw Gene Beardon for the North and Los Angeles right-hander Dave Hillman for the South at mound duty when the North-South Pacific Coast league all-star game opens at Multnomah stadium in Portland Monday night.

Both managers, Bill Sweeney of the North and Bob Scheffing of the South, have released their starting lineups with Beardon and Hillman drawing the starting mound assignments.

Three Portland players — catcher Sam Calerone, shortstop Jack Littrell and left fielder Luis Marquez — will be in the starting lineup for the North.

Swimmers Ready For Olympics

By CONNIE RYAN
United Press Sports Writer

Detroit — (U.P.) — U.S. swimmers were impressive enough as they set many new American records last week in the Olympic trials, but they will be even better in the heat of the actual competition at Melbourne, team coach Bob Muir predicted Saturday.

"They are real competitors," he said. "They have the knack of doing their best when it's really needed, and we know it will be needed in the Olympics."

Dan Ferris, the sage secretary of the Amateur Athletic Union who has been watching international sport for many years, agreed with Muir's sum-up.

"Our people are good, tough competitors, and that's an essential because most of the other nations' swimmers are just as capable of being inspired to new records on the day and in the race they really want to win," he said.

Muir was particularly pleased with the overall power of his team.

"We have depth three-deep," he said. "Injury or a bad day won't kill us. If one man or girl is having a bad day, we still have a one-two punch at them."

CAGER INDUCTED

Pittsburgh — (U.P.) — Julius McCoy, former Michigan State University star recently signed by the St. Louis Hawks of the National Basketball association, was inducted into the Army Friday. The six-two forward averaged 27.4 points in 22 games for the Spartans last season. He makes his home in Farrell, Pa.

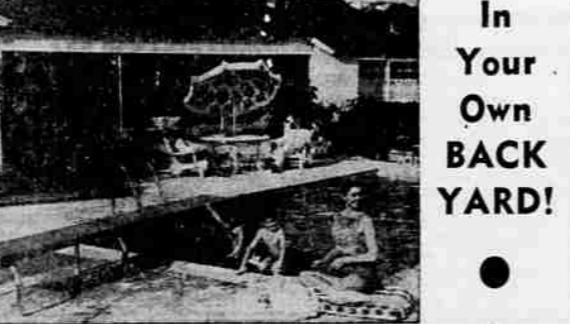

ABBREVIATED TRIP

Miami — (U.P.) — Richard Keithley, 12, and his sister, Brenda, 10, were "glad to be back home" today after setting out Friday to see the world. The two children were found Friday night fast asleep in a shack beside a highway 13 miles from home seven hours after they were missed.

They said they had run away from home to "see the world" and carried knapsacks they had packed themselves.

Washington — (U.P.) — The Agriculture department has estimated the 1956 corn crop at 3,143,779,000 bushels, the seventh largest in history.

A Vacation Resort...

In Your Own BACK YARD!

There is still time to enjoy your ESTHER WILLIAMS SWIMMING POOL

This Year and Have Your Lawn and Landscaping Perfect for Next Spring!

Now you can have a 15x30 swimming pool in your own back yard for as low as \$1995.00 Completely Installed!

NOTE THESE SUPERIOR FEATURES:

- ✓ New inside finish, made of POOLSKIN, smooth and pleasant to touch, easy to keep clean.
- ✓ New revolutionary wall and bottom design, quickly built at low, low cost.
- ✓ New beautiful design for filter unit, circulates sparkling clean water continually.
- ✓ New deep-end safety ledge allows swimmers to leave pool easily anywhere.
- ✓ New design for deep-end diving and shallow end swimming.
- ✓ New low cost of upkeep, no painting ever, no refinishing, no draining.
- ✓ New main drain located at deep end for superior water recirculation.

Details of Savage Rapids Screening Agreement Told

Details of the agreement between the Grants Pass Irrigation district and the Oregon State Game commission on operation and maintenance of fish screens to be installed at Savage Rapids dam on Rogue river have been outlined by officials of the district.

Signing of the agreement by the two agencies and the appropriation of \$208,000 by Congress has assured the screening of irrigation water intake turbines sought for many years by sports, the commission and irrigationists to prevent mutilation and destruction of downstream migrating fish.

Under the plan the irrigation district will be responsible for two annual appropriations to maintain and operate the screens and to pay for a part-time employee to keep motors and other screen equipment in running order. The district will furnish up to \$200 per year for electricity to drive the screens and operate allied installations. Anything above this amount the federal bureau of reclamation will pay. That is the report of Neal Shaffer, manager, Donald H. Coulter, attorney, and O. H. Talbot, board chairman, of the district.

Also, \$500 will be set aside each year in a reserve fund by the district for maintenance and repair of screen installations. If that amount is more than sufficient for one year, the sum left over will go into a fund for later use such as possible major repair.

Grants Pass Irrigation district will not be obligated for upkeep and repair which exceeds the amount accumulated in the fund. There will be no special or extra assessments against district land, for the electricity or maintenance fund, the three officials said.

Actual installation of the screens is not slated until the fall of 1957. However, the bureau of reclamation will do preliminary engineering work this October when the water level above the dam is lowered. Screens will be fabricated elsewhere and the bureau will handle actual installation.

The screens, probably three of about 10-foot width will be of revolving mesh type. They will have jets of water pumped on them to keep small fish from being damaged or caught and to keep the devices free of debris. There will be by-passes for

fish and a trash rack to carry away debris.

Screens will keep fish out of the turbine pipes and canals by blocking them out of the water intake area above the turbines which drive the pumps. These pumps elevate water into the Tokay and Highline canals. Pumping installations are at the north end of the dam but the pipe to the Highline canal runs through the dam and under highway 99 south of the river. Water flow through the turbines, rather than electricity, operates the pumps. About one-eighth of the water needed to drive the turbines is pumped into the canals.

A gravity canal at the dam is already screened but the device may be replaced. If so, the work will be a separate game commission project.

Col. Paul Weiland, state director, and Norton Smith, Jackson County chapter president, of the Izaak Walton League, both Medford men, were instrumental in the campaign which led to the Congressional appropriation. Congressman Harris Ellsworth sponsored the inclusion of the

\$208,000 in the interior department public works bill. Unscreened turbines have been recognized as one of the major reasons, if not the No. 1 cause, for the decline of salmon and steelhead runs on Rogue river.
