## Local and Personal

**Meeting**—The Medford chapter of the Disabled American Veterans will hold a regular business meeting at 8 p.m. today in the DAV hall, 1515 North Riverside ave.

**Permits Issued**—F. L. Patterson, 423 Haven st., has been issued a building permit to erect a \$9,000 residence at 1541 Whitman st., and E. F. Smith, 721 Alder st., has been issued a permit to remodel his residence for \$1,200.

**Inspections**—Medford Fire Marshal Truman Nelson reported investigation of two complaints in a residential area yesterday and inspection of one gasoline storage plant and eight business occupancies. Eight orders were issued for correction of hazards.

**Grass Fires**—Medford firemen were called to two grass fires yesterday. One was at the corner of Fir and First sts. about 1:45 p.m., and the other burned over several vacant lots on Hillcrest rd. at Fairview rd. about 2:15 p.m. No damage was reported.

**Theft**—Opal Oden, 1060 South Riverside ave., reported Monday that \$60 was stolen from her cash register at Oden's Olympic cafe some time between 10 p.m. Friday and 2 p.m. Saturday, according to Medford police. Police said they have questioned several suspects but made no arrests.

**Set Meeting**—The Eagles will meet at 8 p.m. Thursday at the hall at 219 West Main st. Plans will be announced for the anniversary celebration later this month. A new drill team is being organized under the direction of Art Klatt, past president. Members interested in the drill team have been asked to attend Thursday's meeting.

**Bike Stolen**—Ray Lester Smith, 652 West 11th st., has reported to Medford police the theft of his bicycle from Hawthorne park Monday.

**Drum Found**—Wayne Peck, 441 North Fir st., has reported to city police of finding a 50 gallon steel oil drum leaning against his house filled with paper and grass and set afire.

**Club to Meet**—Rogue Valley Valley Transportation club will meet at noon Thursday, Aug. 16, at the Jackson hotel. Robert Holmes, president of the newly formed club, said interested persons in the transportation industry have been invited to the sessions.

**Still Critical**—Mrs. Charles W. Koyl, Ashland, is recovering satisfactorily from major surgery last Thursday at Sacred Heart hospital, her husband has reported. He said, however that her condition is still considered critical and that she is allowed no visitors at present.

**Accident**—An accident occurred Saturday at Fourth st. and Central ave. involving cars operated by Joyce Fredrika Fuller, 909 Stevens st., and Charles M. Zimmerman, McClellan, Calif., according to Medford police. Zimmerman was issued a warning for an illegal left turn, police said. No injuries were reported.

**Trailer Over**—A house trailer being pulled by a car operated by Eluise Henriette Syester of Sacramento, Calif., turned over on Highway 99 at Fourth st. in Phoenix about 3:20 p.m. yesterday. Phoenix city police reported. Police said the vehicle was traveling south and the operator of the car applied the brakes suddenly, turning over the trailer. There were no injuries, police said.

**Claims Leased**—David W. Chase, 2266 Houston rd., has leased Salt Creek claims 1, 2 and 3 north Bybee Springs, from H. S. Musson, R. M. Conley and Rose P. Griffin. These claims are for the mining and sale of all minerals, metals and ores.

**Claims Filed**—Mining claims have been filed with the county recorder by L. A. Mentzer, 703 West Second st., Medford, for the Lone Pine dendrite mine south of Lincoln; and by Clyde R. Smith and Henriette Le Plinie, Jacksonville, for the mining of all precious minerals on the Gold Bug quartz mining claim southwest of Jacksonville.

**Vacation**—Albert Gandt, designer, of 328 South Central ave., will leave with his wife, three daughters and mother, Aug. 16 for an extended auto trip to Yellowstone park, across Canada to Montreal, and back through New York. His business will be referred to Robert J. Keeney's office in the Fluher building, he said. He will return about Sept. 15.

**Collision**—Vehicles operated by Ronald Neil Hamilton, Portland, Ore., William David Garrett, 503 1/2 South Oakdale ave., and Emery Doyle Mayberry, 2070 Kings Highway, Medford, were involved in a collision Sunday at South Central ave. between 11th and 12th sts., according to Medford police. Mayberry was cited for following too close, police said. No injuries were reported.

**Slight Injury**—Jack Allen Sheppard, 364 Stewart ave., suffered a slight knee injury Saturday when the car he was operating collided with a car operated by Anne Lorraine Lucas, Eagle Point, at Alta ave. and Jasper st., city police have reported. Sheppard was cited for following too close and Lucas for failure to make hand signal, police said. No treatment was necessary for Sheppard, it was reported.

MEDFORD (OREGON) MAIL TRIBUNE—FIFTEEN

## First Berry Picker Still Going Strong

Portland, Tenn. —(U.P.)—Florence Hudson helped pick the first commercial strawberry patch in this area and she's still at it—74 years later.

Aunt Florence, as the 84 Negro woman is known, is busy but when strawberry season comes around each year she's right there in the fields.

The most she ever picked in one day was 42 gallons.

Aunt Florence is the only person still living who helped pick the first crop in this area. Her pay then was 25 cents a day.

"I guess I'll keep on picking strawberries until the good Lord says I done worked enough," she commented.

**Australia Depends on Overseas Paper Supply**  
 Canberra —(U.P.)—Australia will continue to depend on overseas supplies for at least 40 per cent of her paper needs, unless her own pulp and paper industry can expand by 1960.

The Ministry of National Development said the need for this expansion presents a challenge of national importance as pulp and paper represents one of the largest single items in Australia's import bill.

The government is exploring the possibility of using New Guinea timber for chemical pulping. But even with an increase in production, Australia probably will have to import more than 100,000 tons of newsprint per year.

Porcupines, contrary to popular belief, do not "shoot" their quills in self-defense. The notion probably arises from the animal's habit of fighting back, when cornered, with lightning strokes of its dart-studded tail.

## Judge Looks at Coiffure Then Gives Sound Advice

Chambersburg, Pa. —(U.P.)—Noting the coiffure on the youth appearing before him for parole, Judge Chauncey M. DePuy took the opportunity to hand down an informal opinion on male hair styles.

"You fellows who wear these long sideburns and dove-tail haircuts evidently do it to attract attention," the court said.

"Show off in a better way by getting a job and doing a better job than the other fellow."

Dead line Sunday classified is at noon Saturday; 10 a.m. Monday for Monday; other days 5:30 previous day.

It doesn't cost a cent to  
 Take a Ford Test Drive...  
 and you may save hundreds!

August is Saving Season at your Ford Dealer's. Get a deal while he clears his decks for the '57 models.

Would you trade 20 minutes of your time for a saving of hundreds?

Why put off the fun of a Ford Test Drive for a single day? As you know, it puts you under absolutely no obligation. And it may save you literally hundreds of dollars—we'll get to that a little further on.

By a Test Drive we mean more than a once-around-the-block "spin."

We want you to test the power that rocketed Ford to a 500-mile stock car record at Indianapolis... the GO that won the grand prize at NASCAR's Daytona Championships. We want you to feel how this Ford seat pays off in your kind of driving: in traffic, passing on the highway, getting going at traffic lights. We'll put either a Ford Six or a mighty V-8 with up to 225 h.p. at your disposal.

We want you to drive and listen—drive and feel.

That fine-car quiet results from sound insulation under the hood, under the roof, in door and body panels—the most insulation in any car at

anywhere near Ford's low price.

Some other things that contribute to that smooth, silent, luxury-car ride are things which Ford's leading competitor certainly can't boast: Ball-joint suspension with wide base control arms for better steering, more stabilized wheel alignment... shock absorbers that are mounted to the frame rather than the body.

"Sure," you'll say as you drive along the road. "Feels pretty good—but after all, this car is new."

Well sir, when you come in from your drive we'll show you why Ford will stay like new for a long, long time.

We'll show you how Ford has five cross-members (including a "K" member) in its frame. Ford's leading competitor only has two. We'll show you the deep-block Y-like engine design which enables Ford engines to take it.

Now—what you've been waiting for. How can you save hundreds of dollars by taking a Ford Test Drive?

Simply by proving to yourself that there really is a fine car in the low-price field.

You see, the reason a Ford does not cost hundreds of dollars more than it does, is Ford's huge production and the huge volume which we Ford Dealers sell.

There are many cases where "medium-priced" cars claim to be priced within a few hundred dollars of Ford. Remember, however, these prices are usually arrived at by comparing their lowest-priced models—stripped—with Ford's most expensive models that include all of the comforts of driving.

But enough of this talk. Come in. And you do the driving and the talking. Bring the family, too.
