On The Side

By E. V. DURLING
(Distributed by King Features Syndicate, Inc.)

Have you a daughter, wife, sister-in-law, cousin, aunt or acquaintance who is a private secretary? How is she doing? Does she know the average salary of a private secretary in the United States is $74 a week? Has she any idea where the country's highest salaried girl Fridays are found? The answer is in Houston, Tex., with Beaumont, Tex., not far behind. In Houston the average wage for private secretaries is $91 a week. In Beaumont, it is $89 a week. Besides an office queen in those two lively Texas municipalities has an excellent chance of marrying an oil millionaire. In New York City the average for an accomplished amanuensis is $85 a week. That is also the average for Detroit and San Francisco. In Tulsa, Okla., it is $83 and in Milwaukee, Wis., $82. In Dallas, Tex., it is $76. In Fort Worth, Tex., it is $62. Why Dallas and Fort Worth are so far below Houston and Beaumont in the matter of generous emolument for secretaries I cannot say at this time. However, our horses and women department is checking.

Please Note

With race tracks whimpering about and ruling against the possibility of paying out so-called "minus pools," turf fans might be justified in protesting about that thing called "breakage." That is the method by which the track, under certain circumstances, keeps the customer's change on winning wagers. This is to save the track the trouble of making change in pennies or nickels. The money so deducted can add up to a handsome total during the course of a season.

Among the Married

If a husband snores it reveals he loves his wife. Such is the claim of one man of science. I view this claim with considerable skepticism. However, it would seem to me if a husband snores habitually and his wife keeps on living with him it indicates she is madly in love with him. Incidentally, in some countries habitual snoring is grounds for divorce.

Remarkable Record

The Andrea Doria-Stockholm disaster broke a remarkable safety record held by Transatlantic passenger steamships. From 1919 to 1956, during the peacetime years, Transatlantic liners had carried over 27 million passengers without a mishap to a passenger because of a collision or some other form of sea accident!

Asking

Queries from clients. Q. How fast was "Casey" Jones driving the Cannonball Express at the time of that historic wreck? A. 90 miles an hour. Q. Was Lowell Thomas, the news commentator lecturer, born in 1892? Is Jackson his middle name? A. Mr. Thomas was born in Woodington, O., on April 6, 1892. He has a son named Lowell Jackson Thomas. Q. How much does the Irish Hospital Sweepstakes contribute to the hospitals of Ireland? A. During the 26 years of its existence, the organization you refer to has contributed over 100 million dollars to Irish hospitals and the Red Cross.

Aged Players

Sportscribe's comment indicates he thinks it is wonderful that Sal Maglie is still pitching Major League ball at 39. There have been a number of Major League pitchers active at 40 and over. A pitcher's professional life is usually longer. He doesn't work every day. When an outfielder is still playing at 40, that is something. As for example, Ty Cobb, who at 41, played 134 games with the Philadelphia Athletics and hit at 357!

The Medical Roundup

by Walter Alvarez

Emeritus Consultant in Medicine, Mayo Clinic
Emeritus Professor of Medicine, Mayo Foundation

IS THERE A WAY OF AVOIDING COLDS

Many people tell me they are desperate because they have four or five bad colds a year, and no physician and no amount of medication seems to help in developing resistance to colds. These persons ask what they can do to help themselves. All I can say is that, when I was a young man at college, active in athletics, and keeping always in condition, I had at least four terrible colds a year. I used to take a cold shower each morning, and I did everything that I could learn of that might toughen my constitution, but nothing worked.

Walter Alvarez

Now that I am older, I get perhaps one mild cold a year. Apparently through the years I have developed an immunity. Interestingly, my father who was not at all athletic and was a rather frail-looking man hardly ever had a cold. He apparently was born with a high degree of immunity.

In the great laboratory for research on colds, in Salisbury, England, they have been working on this subject for years. At last they have isolated the virus of colds, and have started work on a vaccine; and so, one of these days, we may have a medicine that, when injected in November, will protect us through the winter and until the end of blustery spring.

The Chronic Running Ear

Often, on the street and in stores I see persons with cotton in one ear which means the presence of a "running ear." Perhaps it is a relic of some old infection that began with a cold or a sore ear. In some cases there is some chronic smouldering infection in some of the cells in the mastoid part of the bone just back of the ear. Usually, it is unwise to neglect a running ear. The person ought to go to a good ear specialist to see if the condition can be cleared up.

Dr. Alvarez hopes his readers will understand that it would be impossible for him to answer requests for information or to attempt to diagnose by mail.

(Released by The Register and Tribune Syndicate, 1956)

Just about the safest thing around is the newly invented non-inflammable match.

This is real good for inflammable people who want to quit smoking.

Soldier Squares Self For Unjust Penalty

Niagara Falls, N.Y. — (U.P.) — Chief Warrant Officer George H. Ruggles has squared himself with local authorities even though it appears he was unjustly accused.

Ruggles, stationed with the U. S. 4th Infantry Division in Germany, was named in an alleged parking violation here Nov. 5, 1954. Recently, approximately one and a half years later, local police received from him 150 lire, 25 piastres, 200 francs and 10,000 drachma to pay any fines involved.

The warrant officer apologized for the foreign currency but said regulations presented his sending U.S. money.

"I have one complaint, however," he added. "It's highly improbable that I committed the offense alleged. I was in the European theater of operations at the time stated."

COMMIE CHIPMUNKS

Port Huron, Mich. — (U.P.) — Police have solved the theft of small American flags from graves in Lakeside cemetery. The thieves were chipmunks. A watch was set up after several flags vanished and police watched in amazement as the small animals carted off more flags, apparently to use in nest building.

HYPNOTISM
Has been successfully used in muscular rheumatism, constipation, menstrual disturbances, migraine headache, insomnia, stuttering, etc. For information regarding Hypnotism see
