

**UNEASY CROWN**—Donna Henry, 17, fit the crown as she was named Miss Santa Clara County for their Fair at San Jose, Calif. (Sept. 10-16), but crown was a bit balky, it kept falling off. Here Donna balances it at a saucy angle.

**Adlai Welcomes Ike's Nomination**

Libertyville, Ill. —(U.P.)—Adlai E. Stevenson joined his political enemies today in welcoming President Eisenhower's nomination for a second term by the Republican National Convention.

Stevenson congratulated Mr. Eisenhower on his unanimous endorsement by the San Francisco convention Wednesday, and said "I am pleased to be matched against him again" as the Democratic nominee.

The Democratic candidate made an oblique reference to the President's health, which Stevenson's managers said would not be made an election issue.

"It is no secret that I look forward to this contest, and I am glad he finds himself able to be the Republican candidate."

Stevenson issued the statement from his nearby country home, where he has been resting and plotting strategy since the Democratic National Convention closed last Friday night.

He huddled on mechanical details of the coming campaign Wednesday night with his manager, James A. Finnegan, and the Democratic national chairman, Paul M. Butler, who flew in from Washington.

**Council Revises City Building Code**

The Medford city council Tuesday night adopted an ordinance revising the Medford building code and fire zoning boundaries, on the recommendation of the council building committee.

The revision expands fire Zone 1 and 2, leaving the city with three fire zones. According to City Manager Robert Duff, fire Zone 1 will now encompass all the area of the previous Zones 1 and 2.

Fire Zone 2 will now extend from Jackson st. north along Bear creek to McAndrews rd., west along McAndrews rd. to Clark st., east from Clark st. to Cedar st., and south along Cedar st. to Jackson st.

Revised Zone 2 will extend south from 13th st. along Highway 99 to Stewart ave., west along Stewart ave. to Grape st., and north along Grape st. to 13th st. The remaining areas are Zone 3, except for two small areas.

The revisions to the building code include empowering proper authorities to close public buildings in case of emergency, and making fences located along the front of residential property a fire hazard.

Detailed information on the provisions of the new building code can be obtained from the city manager's office in the city hall.

**New Tea Machine**

Chicago —(U.P.)— A "teapot" worth \$40,000 was introduced to representatives of the restaurant industry at their national convention here.

The idea for the giant tea brewing machine was born when an Elmo Roper survey of two years ago discovered that people who "eat out" drink tea half as often as they normally do at home. Reasons given for the lack of tea enthusiasts were that the beverage served commercially was not good, and that tea is harder to make than other beverages.

The new machine, developed by the Batelle Memorial Institute of Columbus, Ohio, eliminates these difficulties by using a concentrate which can be combined with cold or hot water to make hot or iced tea of the correct strength. The machine can serve eight glasses a minute to thirsty customers.

**5 BIG FREE PARKING LOTS** **GROCETERIA** **SIXTH AND GRAPE STREETS**  
 Ask About Extended Free Parking for Other Downtown Shopping **OPEN 7 DAYS A WEEK UNTIL 9 P.M.**
