

Stassen Capitulation Said 'Shocking' Case Of GOP Brainwashing

Harrisburg, Pa. (U.P.)—Gov. George M. Leader has termed Harold E. Stassen's last minute support of Vice President Richard M. Nixon a "shocking" case of Republican "brainwashing."

Two Tornadoes In Illinois Hurt At Least Four

By UNITED PRESS
A mass of cooler air pushed southward from Canada over the north-central portion of the country today following tornadoes which smashed into two Illinois towns.

The cooler air covered the Great Lakes region and extended southwestward to Missouri and west to the Dakotas. Rains curb-deep

Weathermen said tornadoes which struck the Chicago suburbs of Tinley Park and Monee, Ill., were spawned by the cool front which also triggered heavy rains which was curb-deep in downtown Chicago streets.

At least four persons were injured by the twisters, all at Tinley Park where at least 15 homes were wrecked. Nine homes were totally destroyed while other homes were not fit for living. Red Cross disaster crews rushed to the town shortly after the tornado struck.

Driver Rides Hurling Truck
The other tornado struck farther south at Monee, ramming into a truck weighing station at the outskirts of the town. Heavy vehicles were spun into the air. One driver rode out the twister in his cab while his truck spun in the air 30 feet off the ground, police said. He was not hurt.

On the New Jersey turnpike, heavy fog was blamed for two chain-reaction crashes that killed at least one person and injured about 30 others. Thirteen cars were wrecked or damaged. Rain and cooler air also pushed over Washington and Oregon, causing temperature drops of approximately seven degrees.

Meanwhile, a warming trend continued in the eastern portion of the country from Arkansas and Louisiana eastward to the Atlantic coast and northeastward through the Ohio valley and the North Atlantic coast states.

Three People Hurt In Four Accidents

Three people were injured and one driver was cited by state police in four separate car accidents occurring in Jackson county yesterday and this morning, state police reported.

Hospitalized, but not seriously injured, were Mrs. Richard Traylor, route 2, box 376-G, Medford; Phillip LeRoy Miller, 20, Portland; and Mary Jane Pennington, 35, Ashland.

State police said Mrs. Traylor received a chipped right hip bone when she was struck by a car operated by her husband. According to the report, Traylor was preparing to drive the vehicle into the garage at their residence on Merriman rd., when his foot slipped off the brake. The car struck Mrs. Traylor, who was standing a short distance in front of the car. She was taken to Sacred Heart hospital by Medford Ambulance service. The accident occurred at 9:45 p.m. Thursday.

Miller sustained bruises after the car he was operating went over a bank about 2 1/2 miles south of Ashland on Highway 99 at 12:12 a.m. today.

Officers said he was traveling north about 55 miles per hour, when his car moved to the east shoulder of the road and proceeded about 250 feet before the right wheels went over the bank. Miller apparently turned the steering wheel sharply to the left and the rear of the car swung north. The car then skidded sideways into the southbound lane and went over the bank. Officers said the car rolled over and came to rest on its wheels about 18 feet from the highway.

Damage to the car was extensive. Miller was taken to Ashland General hospital by a passing motorist.

Mrs. Pennington received minor cuts and bruises when her car went over a bank about one-fourth mile south of Ashland on Highway 99.

State police said Mrs. McGalliard was traveling south on the highway and apparently passed a driveway into which she had intended to turn. Officers said she turned into another driveway and slowly returned in a northerly direction.

As Carter's vehicle started to pass her car, Mrs. McGalliard made a left turn. Carter's car struck Mrs. McGalliard's vehicle, damaging it on the left side. There were no injuries, state police said.

Stevenson Making Television Films

Libertyville, Ill. (U.P.)—Adlai E. Stevenson was learning today that a film actor's life isn't a bed of roses.

The Democratic presidential nominee spent his second day before cameras, filming political talks for use on television this fall.

His managers met a schedule of two three-minute films a day, covering various issues. But the cameramen completed only one film, on education, in their first day of shooting Thursday.

"This takes interminably long," Stevenson remarked to reporters outside his country home late Thursday.

"This is the first time it ever occurred to me that maybe these fellows in Hollywood really do have to work," he said.

From 10 to 15 short films will be made, some at his farm and some later at other sites. They will be used on TV spots already purchased for the candidate.

Stevenson watched television at his home Thursday night while his election opponent, President Eisenhower, delivered his acceptance speech to the Republican National Convention at San Francisco. Aides said Stevenson had no immediate comment.

Cost of Living Sets New Record

Washington (U.P.)—The cost of living jumped to a new record high for the second straight month in July, the government announced today.

The rise means pay hikes ranging from three to five cents an hour for 1,250,000 auto, aircraft and farm equipment workers.

The Labor Department's Bureau of Labor Statistics reported that the consumer price index rose by seven-tenths of 1 per cent between June and July. This boosted it to 117 per cent of average 1947-49 prices.

The bureau said food prices were the biggest factor in the overall increase but that prices of all other major classes of goods and services also increased.

The increase means auto workers' wages will go up four cents an hour at the beginning of September and that the wages of farm equipment and aircraft workers will rise from three to five cents an hour. The pay of these workers is tied to the Consumer Price Index under cost of living escalator clauses in their wage contracts.

The July cost of living increase was the same as the jump between May and June. They were the largest month to month increases since early 1951 during the Korean War.

Coos Bay Man Held For State Officers

Jack Norman Grove, 40, Coos Bay, is being held in the city jail for state police at Roseburg. He is wanted in Roseburg on a burglary charge.

Grove was arrested for vagrancy at 7 p.m., Aug. 22, in Medford and his description was sent to Roseburg by teletype. City police were subsequently requested to hold him for state officers.

Thank You

THE KIWANIS CLUB of MEDFORD . . .

wishes to thank the following merchants for their cooperation in helping us raise revenue for our Boys' and Girls' work and underprivileged children's programs. These merchants have allowed the club to place a Ford gum machine in their stores without compensation to the store owner or manager. The club has raised \$5,152.29 from their gum machine program and every penny has been spent here in this community. The Kiwanis club says thanks and may we solicit your continued cooperation. We would appreciate additional locations for any business house in Medford.
