

### New Traffic Citation Forms Now in Use

City traffic violations will be handed green instead of pink tickets from now on. The change is a result of adoption by the Medford police department of a new citation form, put in use for the first time last night.

The form, which Chief Charles Champlin says is used in several other Oregon cities including Portland and Eugene, was drawn up some time ago by a joint committee of the American Bar Association and the International Association of Chiefs of Police.

It is made to fit as well as possible the needs of both the police and the courts. In the past, traffic cases have been rejected by courts because of inadequate citation forms.

Parking meter tickets are unchanged. The original copy of the new citation goes to the traffic court and serves as the legal complaint; the first carbon copy is given to the violator as his summons; the second carbon is the officer's copy, and the third carbon is kept in the police traffic violation files.

The new ticket is long and rectangular in shape. Patrolmen merely check from a list of violations and also a list of "considerations that increased the seriousness of violation," such as "darkness, slippery pavement, or causing person to dodge."

### Letter Receiver To Open at Summit

Australia — The postmaster-general at Victoria, Australia has announced that the letter receiver at the summit of Mt. Kosciusko, New South Wales, will be open after Dec. 24.

All letters posted at this box by tourists during the summer touring season will be especially postmarked with a pictorial type of hand postmarker. It will include the words, "The Summit, Mt. Kosciusko, N.S.W., Roof of Australia" and also indicate the height above sea level, 7,308 feet.

The summit posting box will be cleared weekly by the manager of the Chalet, Mt. Kosciusko post office for postmarking and dispatch. The service will be provided from Dec. 24, 1956 to Feb. 28, 1957.

Stamp collectors desiring to obtain impressions of the postmark may send self-addressed stamped envelopes to the director, posts and telegraphs (philatelic bureau) G.P.O., Melbourne, Victoria, together with a remittance to cover cost of the Australian stamps to be affixed, plus the service charge at the rate of two cents per envelope.

### Porcupine Survives Nose Removal Ordeal

A porcupine killed in the Roxy Ann district Monday by Joe E. Reynolds, Jacksonville, was found to have had its nose already cut off.

The animal had apparently been knocked unconscious several weeks earlier, only to regain consciousness after its nose had been removed, Reynolds said.

With the porcupine reduction contest, sponsored by the Medford Kiwanis club and Jackson county Chamber of Commerce, under way, special attention should be given to the actual killing of the animal rather than just to removing the nose, Reynolds emphasized.

### New Applegate Bridge Reported Now in Use

Grants Pass—Although not officially opened, the new Applegate bridge on the Redwood highway is now being used by the public. The painting of the stripes on the pavement has not been completed according to J. C. Bromley, local maintenance superintendent for the Oregon State Highway department.

Other bridges that may be opened soon, reported Bromley are the ones across the East fork and West fork of the Illinois river.
