THE CITY OF MEDFORD DOTH ORDAIN AS FOLLOWS:

Section 1. WHEREAS the Council has determined that the sum of $2.25 per front foot is a proper and reasonable amount to be assessed against the property fronting upon the street within which said water main was laid, now therefore, each parcel of property hereinafter set forth and described is hereby found to be benefited by the use of said water main as a lateral water main and each thereof is hereby assessed the amount set opposite each respective description for the use of said water main for lateral purposes, as aforesaid.

LEGAL NOTICES

RESOLUTION NO. 869

A RESOLUTION proposing to permit adjacent property to use a water main as a lateral water main; to levy an assessment on the property fronting on the street wherein said water main is laid; setting a time and place for protests thereto and providing for notice thereof.

WHEREAS the City of Medford has heretofore caused a water main to be laid in Murphy Road adjacent to certain real property in the City of Medford fronting on Murphy Road and the Council being of the opinion that said water main may be used by the property fronting on that portion of said main as laid in Murphy Road from a point 478 feet North of Barnett Road to Walden Place, and

WHEREAS said water main has not, as yet, been paid for and it appearing to the Council that the use of said water main as a lateral water main by said property last above mentioned will not materially interfere with the use thereof for the purpose for which it was originally laid, now therefore,

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF MEDFORD, OREGON

Section 1. That it is the opinion of the Council that that part of the aforementioned water main laid in Murphy Road adjacent to certain real property in the City of Medford fronting on Murphy Road described as follows, to-wit:

As laid in Murphy Road from a point 478 feet North of Barnett Road to Walden Place

May be used by the property fronting thereon as a lateral water main without materially interfering with the use thereof for the purpose of a water main, the purpose for which it was originally laid, and the Council proposes to permit the owners of adjacent property to use the same for lateral purposes as aforesaid.

Section 2. It is the intention of the Council to assess the property fronting on Murphy Road wherein said water main is laid as hereinbefore last described its proportionate share of so much of the cost thereof as equals the special benefit which will result to said property from the use of said water main as a lateral water main of such size as would be required to supply the property fronting on said Murphy Road in case said water main was not so used and the Council has and does hereby determine that the sum of $2.25 per front foot is the amount of such special benefit and the proportionate cost of such a lateral water main to such property as aforesaid and intends to assess said amount against such adjacent property on account thereof.

Section 3. The Council will meet at the hour of 7:30 o'clock P.M., at the Council Chamber in the City Hall on the 18th day of September, 1956, at which time and place all protest of said assessment, as hereinbefore provided for, will be heard.

Section 4. The Recorder is hereby directed to serve notice hereof upon the property owners aforesaid by publishing this resolution 3 times in a newspaper published and of general circulation in said City and by posting the same in 5 public places in said City; said publication and said posting to be not less than 10 days before the date of said meeting.

Passed by the Council and signed by me in authentication of its passage this 21st day of August, 1956.
