TREATMENT FOR WORMS

As every mother who has once struggled to cure pin worms in her children knows, the old treatment with gentian violet left much to be desired. Too often it just did not work. Now, as Dr. J. L. Avery, of Silver Spring, reports in the Journal of the American Medical Association one dose of promethazine hydrochloride, given at bedtime, will almost always kill off the worms. In those few cases in which there is re-infection, a second treatment will have to be given.

To avoid re-infection, the child should wear snug pants at night and these should be boiled every day. Every effort must be made to avoid scattering the worm eggs (on the pants) out into the air of the house. All affected children in a family must be treated and cured at the same time, otherwise there are likely to be re-infections.

HOPE FOR THE STERILE

Some women who have long waited to become pregnant can take more hope now that Dr. Herman Penner and Stuart Lindsay, of California, have reported that the piteale—tiny particles in the blood—become more numerous at the time of ovulation. This is the time when a tiny egg is discharged from the ovary and picked up by one of the fallopian tubes that come off of the upper end of the womb.

If a woman can be told by her physician just when she has ovulated, then she can know when she is most likely to conceive. If she and her husband will wait for this time, they will have the greatest chance of getting the child they want.

FALLEN KIDNEYS

Score of people keep asking me what to do about fallen kidneys. My advice would be to forget them. So far as I know, the leading urologists in the country no longer operate for "fallen" kidneys.

A kidneys apparently do not produce any discomfort or any disease.

Around Hollywood

By ALINE MOSBY
United Press Correspondent

Hollywood — U.P. — The Scramble of the stars on television goes into full swing this fall.

season — even the mighty Bob Hope is switching to another night to escape a rating-killer Phil Silvers. Last season Hope held his own against Sargent Bilk.

but the ratings were not as high as they could have been on another night, according to the brains at NBC who pore over those ratings.

So Hope drew a new time this year — following Steve Allen on Sunday night on NBC. In the CBS evening camp will be "GE Theater" and "Alfred Hitchcock presents" — almost as heavy competition, and following the top-rated Ed Sullivan show.

"We have been up against a Tuesday night block they built against us on CBS," Hope said. "On NBC I followed a weak line-up. Whatever I got I had to build for myself. Luckily I had a sponsor who didn't care about ratings."

Steve Allen Praised

"Now we follow Steve Allen. He's doing a great job."

Hope still faces another obstacle — going on less than once a month. For each show, he admits, he has to "build up new excitement."

"This year we'll keep trying for a fresh approach by having guest stars and staging shows in different places," he said.

For his first show Oct. 21, Hope will present Diana Dors, not in a swimming pool, and Lucille Ball and Desi Arnaz. His future guests he's keeping secret.

This season TV will be Hope's main activity. For nine months he's putting movies in the mothballs — and for Hope this is practically idleness.

"I'm laying off pictures because I won't have to get up at 7 a. m.," he said. "I won't have an assistant director pulling on my leash. My neck was getting a little sore."

Hope's TV contract has four more years to run, and after that "I don't know whether I'll still be interested in doing TV." He might let his daughter Linda lead the family in show business, he quipped.

Linda is a beautiful 17-year-old blond who resembles Grace Kelly. Ever since she appeared briefly with her father in a New York theater she's been turning down movie and TV offers.

"She has college first," he said. "After that, I don't object to her going into show business. I think I could help her a lot. In fact, maybe by then she could get me a few parts!"

About 80 per cent of U. S. productive forests do not contain more than one-half as many trees as they are able to support in soil fertility.

Alturas Boy Killed In Tulelake Crash

Tulelake, Cal. — (U.P.) — A 19-year-old Alturas, Calif., youth was injured fatally last night near here when the car in which he was a passenger collided with a truck stopped on the highway.

California Highway Patrolman William Skelton identified the victim as Will Worth Hatfield. He was a passenger in a car driven by his brother, U. A. Hatfield, 21, also of Alturas, a non-denom-

inational minister.

Skelton said the two were returning from a religious conference at Orick, Calif., at the time of the accident.

An average pound of butter uses the fat from 20 pounds of milk.

"My doctor prefers St. Joseph Aspirin For Children"

Says MRS. W. C. KEIM, Washington, D. C. The 14-grain tablets assure accurate dosage without breaking. Children like the orange flavor, accept it willingly.

Burlesque Stars Arrested in Manila

Manila — (U.P.) — The National Bureau of Investigation today held 10 Burlesque show performers, including an American strip tease star, on charges of indecent exposure.

The officers said they swooped down on three burlesque houses Monday night before the dancers could go into their "climactic" routines. Julie Jones, billed as the "Blonde Bombshell" of the United States (no hometown available), was arrested along with other dancers at the Astor Theater in downtown Manila.

Police said Japanese stripper Kasako Akumata, alias Mary Shinju, usually performed her routine at the Blossoms Theater completely in the nude. Arturo Xavier, chief of the NBI investigation division, said the raids were prompted by numerous complaints from Manila residents during the past few weeks.

The U. S. naval training school at Great Lakes was established by an act of congress April 17, 1904, and was officially opened for the first time on October 28, 1911.
