Benson Asked for Diversion Program

Washington — (AP) — The American Farm Bureau Federation asked the Agriculture Department today to launch a potato diversion program to meet price declines.

The department last year paid potato growers for diverting lower grade spuds into starch and livestock channels.

The Sept. 1 crop report estimated the 1955 potato production would be some 8 million hundredweight larger than last year.

AFBF President Charles B. Shuman, in a letter to Agriculture Secretary Ezra T. Benson, said "potato prices in recent weeks have been dropping rapidly."

With a larger fall crop anticipated, he said, "There is every reason to believe that potato prices will remain at relatively low levels for the remainder of the marketing season."

Shuman asked Benson to launch the diversion program "as soon as possible."

NBC's TV Station Back in Operation

Hollywood — (AP) — The National Broadcasting Company's Hollywood television station was back in operation today after two nationwide shows were forced off the air when technicians staged a four-hour strike.

The technicians, members of the National Association of Broadcasters, set up a picket line Wednesday around KBCA-TV, local NBC outlet, in a jurisdictional dispute over two clerks hired by NBC.

The brief strike was called off four hours later when the union and NBC agreed to take up the issue in New York on a national level. The union charged the network violated its agreement by using supervisory employees in technician jobs.

The walkout hit the "Tennessee Ernie Ford" network show and "Matinee Theater." Supervisory employees took over in time to telecast the "Queen For A Day" show on schedule.

Ballot Recheck Give Hales Margin

Portland, Maine — (AP) — A United Press recheck of ballots in Maine's Monday elections today gave Republican Rep. Robert Hale a 29-vote margin over his Democratic opponent, James C. Oliver, in the First District congressional race.

The recheck showed Hale 58,028 votes and Oliver 57,999.

The official returns will not be made known until Sept. 26 at the earliest. At that time, they will be canvassed by the Executive Council.

Deputy Secretary of State Paul A. MacDonald meanwhile called in the Hale - Oliver ballots and will impound them pending a ballot inspection request.

Three of four traffic accidents involve passenger cars.
