

## Plans for 'Town, Country' Breakfast Are Announced

Plans for a "town and country" breakfast, to be held Oct. 30 at the Phoenix Grange hall, were told to the directors of the Jackson County Chamber of Commerce yesterday.

Jennings Pierce, chairman of the chamber's committee on agriculture, and Melvin J. Lattie, master of the Phoenix Grange, reported that the event will start at 7:30 a.m. that day, that both rural and city dwellers will be welcome, and that a Grange-cooked meal and entertainment will be provided.

The event is the outgrowth of the programs of both the Grange as a whole and the chamber in seeking greater understanding between those who live in cities and those who live on farms.

Lattie said that Herb Carlton, master of the county-wide Pomona Grange, has given his enthusiastic endorsement to the project, and that ladies of the Grange are already making plans for the meal. He said 75 or more members of the 16 Granges in the county are expected to attend.

Pierce reported that short talks on some of the chamber's programs and projects will be given, including a discussion of the chamber as a whole, by President Otto Ewaldsen; work on roads and highways, by Chet Hubbard, former highway committee chairman; tax and legislative studies, by Frank J. Van Dyke, and Talent project progress, by Dr. Elmo Stevenson.

## Mariposa Begins Oregon Sea Trials

Portland, Ore.—(U.P.)—The Matson Line's new liner Mariposa began two days of sea trials off the Oregon coast today preparatory to entering service between San Francisco and the South Seas next month.

The 14,000-ton converted Mariner, equipped with the latest navigational equipment, will go through her paces off Astoria.

Among the equipment undergoing tests will be the Sperry gyrocompass stabilizers which jut out from either side of the hull below the water line and are designed to give the ship smoother sailing. The Mariposa is the first U.S. flag ship to be equipped with the fins.

After her christening here Oct. 16, the Mariposa will sail to San Francisco and then depart on her maiden voyage Oct. 26 for Australia. She is scheduled to arrive at Melbourne several days before the Olympic Games begin.

The Mariposa is the first of two liners being built for Matson's South Sea service. Her sister ship, the Monterey, is scheduled to enter service in January.

## Easier To Cut Sew and Fit

## Stevenson To Attack Administration for Cost of Living Rise

St. Louis—(U.P.)—Adlai E. Stevenson drew up an attack on the Eisenhower administration today for failing to halt the rise in the cost of living.

Press Secretary Clayton Fritchey said the Democratic presidential nominee would deal in some detail with the "record" level of living costs in a talk scheduled today at Indianapolis.

Stevenson has touched on this issue previously.

"They told you they were going to stop inflation," he told a crowd at Kansas City, Kan., Thursday. "You know what the facts are. The cost-of-living is higher today than it ever has been."

On TV Tonight

From Indianapolis, Stevenson

was to fly to Milwaukee, Wis., where he will deliver a nationwide television speech tonight. Stevenson conferred for 40 minutes late Thursday night by telephone with his vice presidential running mate, Sen. Estes Kefauver, who was across the Mississippi river in Belleville, Ill.

Fritchey said Stevenson was

impressed by two items on Kefauver's report on his travels.

"Kefauver reported he found that people in southern Illinois are very much aware of and indignant about the scandals in the Republican administration in Illinois," Fritchey said.

Kefauver Impressed

"Kefauver also said he was very much impressed by the in-

crease in Democratic sentiment in Indiana," he said.

In Illinois, former Republican state Auditor Orville E. Hodge has been jailed for stealing more than a million dollars from the state treasury.

Stevenson got one of the best receptions of his campaign here on Thursday. Thousands lined downtown streets to greet him,

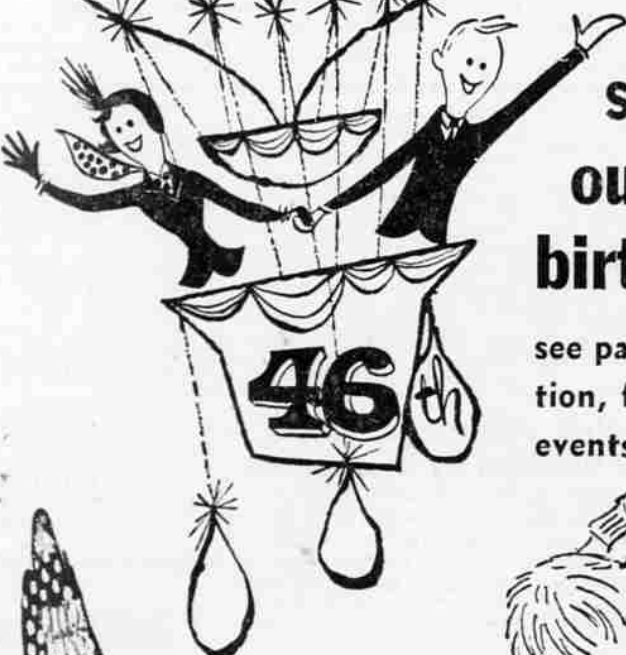

and 3,300 enthusiastic Democrats filled the Missouri theater to cheer his speech Thursday night.

"I'm still spitting confetti," he told his theater listeners.

**MINERS FEARED DROWNED**

Asansol, India—(U.P.)—Rescue workers today feared 40 miners were drowned when a mine shaft near here was flooded Thursday.
