

PTA Opens Season in Eagle Point

Eagle Point—A program reminiscent of an old-fashioned country school was given at the first meeting of Eagle Point Elementary Parent-Teacher association.

Mrs. Maxine Berryman, accompanied by Mrs. Ray Chamberlain, led group singing of original lyrics to familiar songs. Dorrene Christian sang, accompanied on the piano by Bonny Goehring, Dana Smith and Phyllis Perry played a clarinet and cornet duet, with Mrs. Chamberlain as accompanist. Bobby Estes played a harmonica solo, and the final number was an accordion trio number by the three Goehring sisters.

Presiding officers this year are Mrs. Stanley Smith, president; Mrs. Elbert Hefley, parent vice-president; Mrs. Victor Hay, secretary; Mrs. LeRoy Beddingfield, treasurer; Mrs. Dale Ackerman, historian and parliamentarian; Vernon Bonebrake was elected new teacher vice-president.

G. Lee Hayes, elementary school principal, introduced teachers who are new on the faculty, and Mrs. Smith introduced committee chairmen. They are Mrs. Elbert Hefley, program; Mrs. Harry Hanscom, membership; Mrs. Clinton Ayres, hospitality; Mrs. LeRoy Beddingfield, budget and finance; Mrs. Lester McFall, PTA magazine; Mrs. Bonebrake and Mrs. Merle McGraw, publicity; Mrs. Harold Hanscom, health; Mrs. Jack Love, primary room representative; Mrs. Harold Jaffrey, upper grades room representative; David Harbison, safety; Mrs. John Huffman, library; Mrs. Berryman, Mr. and Mrs. Keith Krambill and Charles Martin, music; Mrs. Ray Palm, moral and spiritual; Mr. Hayes, legislation.

Mrs. Harry Hanscom announced a new membership policy this year. She stated that no school contests will be held, but that anyone wishing to join the PTA may contact her at any time.

Mrs. Hanscom announced that health checks on 368 children had been accomplished in two and one-half days and thanked mothers for their help. Those assisting were Mrs. Hefley, Mrs. Beddingfield, Mrs. Hanscom, Mrs. Julia Devey, Mrs. Bessie Seward, Mrs. Hay and Mrs. Eddie Kimmel, and a student, Janne Calloway.

Plans are being made for a spaghetti dinner in October, and it is hoped to organize a chorus for men and women to replace the Mothersingers group. The penny drill money, taken each meeting and turned over to the room with the largest parent representation, was divided between the rooms of Mr. Harbison, Mrs. Don McGovern and Mr. Bonebrake, who tied.

Folk Music Featured For Play

American folk music is featured in "Johnny Applesed," children's theater production being presented at the Craterian theater October 9, under auspices of Medford branch, American Association of University Women.

In 1797, the period of the play, much of America's music was "borrowed" from homelands of the settlers. Irish, Scotch, German, African, French, Swedish and English settlers brought to the new country the songs of their own lands. Eventually these songs somehow became "melted together" and completely America's first song probably belonged to a new song for this process to have begun.

Particularly did English tunes dominate, for there were more English in the country over a longer period of time than any other nationality. So it is to the English the tune of America's first song probably belonged.

The song, "My Days Are So Wondrous Free," was composed by Francis Hopkinson, a prominent American who had composed songs at the request of George Washington. He wrote the song in 1759 and it seems logical to assume it would have been sung throughout the colonies by 1797. The song is sung in the play by Johnny Applesed, accompanied by Dan McQuade on the guitar. One of the Mother Goose folk songs, "Fiddle Dee Dee," is also included in the play. A recorded version of "Yankee Doodle" will open the curtains at 1:45 p.m. and 3:30 p.m.

Club to Hear Scientist

Members of Rogue Valley Knife and Fork club and their guests will hear a report direct from Geneva on the prospects of the atomic age and on the coming changes in American business and in living conditions the world over when Dr. Gerald Wendt speaks to the club on "What to Expect from Science."

Neil Davidson, club president, states that the dinner meeting will be held Monday, October 8, at Rogue Valley Country club. Dr. Wendt was in charge of the international broadcasting staff at the United Nations Atoms-for-Peace conference at Geneva and his daily commentary on the meetings went to the United States networks by short wave. His book, "Nuclear Energy and Its Uses in Peace" was issued by the United Nations to all the 900 reporters for the press, radio and television at the conference to enable them to understand the technical papers and discussions.

A popular American version, under the title "You and the Atom" has just been published in New York. Before leaving on his present lecture tour, Dr. Wendt completed writing a book for business men entitled "The Future of the Atomic Industry."

Dr. Wendt is described as a unique combination of an authoritative scientist and a popular writer and speaker. His lectures are described as simple, homey and witty.
