

Machines Giving Essentials Due To Be Tried Out

New York — (U.P.) — Vending machines that will dispense grocery, drug and other household essentials during hours when stores are closed will be given a tryout in two new multi-million-dollar shopping centers, according to builder-owner Sol G. Atlas.

In cooperation with several vending machine manufacturers, Atlas' engineers are working out design details for what may become a standard adjunct in shopping centers.

It is planned to start the automatic vending operation with basic necessities. To that end a portion of the units will be refrigerated to handle such items as eggs, butter, milk, cheese and soft drinks. Other units will dispense coffee, tea, bread, cake and breakfast foods. Still other units will stock cigarettes, cigars, pipe tobacco, toothpaste, aspirin, soap, detergents and cleaning compounds.

Two New Centers

Atlas, builder of the huge \$30,000,000 Cross County Center in Yonkers, N. Y., and two other centers in Long Island, believes that the proposed addition of 24-hour-per-day merchandising will be of material assistance in his plans to make his centers of maximum service to the communities they serve.

"We are going to try prototypes of these round the clock vending units in our two new centers, at Essex Green in West Orange, N. J., and near Milford, Conn.," Atlas said. "From the experience we gain in these two centers, store tenants will learn what to stock, and, more important, they will find out if this method of making merchandise available 'after hours' is a service that the public desires."

The first units will, of necessity, be custom made. However, project engineers believe that the experience gained in the first two centers will enable them to design standard units that can be fitted to any size space to replace wall sections that would normally be non-profit producing.

The vending units would be serviced from the interior of the stores, by store personnel, thus ensuring full and fresh stocks daily.

Canal Negotiations Seen by Month's End

Cairo — (U.P.) — Egyptian government sources said Monday direct negotiations with Britain and France on the Suez Canal dispute probably will start the end of this month in Geneva.

The sources said Egypt would exert every effort toward success of the forthcoming negotiations in the basis of the six principles endorsed by the United Nations Security Council.

Egyptians welcomed the Soviet veto of the Anglo-French resolution on Suez as heralding final settlement and said the resolution practically put an end to the proposed canal users association plan or any other form of international control of canal navigation.

But in New York Britain was reported to have asked the United States to help get the users association begun at once with out awaiting for committees in London to complete the detailed operational setup.

Portland Area Milk Producers Eye Cost Hike

Portland — (U.P.) — A large proportion of Portland area milk producers planned to start negotiations today that could lead to a general price hike of about one cent per quart in the retail price of milk in the city.

Lester Adams, manager of the Oregon Milk Producers association, said that a meeting of 16 directors of the association had asked him to start negotiations today.

Retail milk prices in Portland advanced one cent a quart last May 4. Stores are now selling it at 22 cents a quart, or 43 cents for a half gallon.

Dead line Sunday Classified is a noon Saturday 10 a.m. Monday to Monday; other days 5:30 previous day.

1957 General Electric TV Just Arrived . . . and at NEW LOWER PRICES!

AND HOME APPLIANCE CO. MAKES IT EASY FOR YOU TO OWN A 1957 G-E TV!

Model 21T060

General Electric's Top-of-the-line Ultra-Vision TV. Feature G.E.'s famed Aluminized picture tube and Dark Safety Glass for a fine, clear, sharp picture. Genuine Mahogany cabinet . . . All in All a real GE TV Value at 199.95 . . . Buy now . . . Pay later . . . One Year Guarantee on all parts and tubes . . .

All Parts, Everything In The Set Guaranteed For 1 Year

YOU MUST BE SATISFIED OR YOUR MONEY BACK

Model 21C137

A tremendous value at 229.95! Big General Electric Console with many fine features . . . Aluminized picture tube for best picture . . . Dark Safety Glass . . . Dyna-Power Speaker . . . gives perfect sound reproduction . . . Every part and every tube guaranteed for one year.

Model 21C160

G.E.'s Top Model . . . The very finest in the line . . . and look at the new low price! Has all of the deluxe features that have made General Electric America's largest selling TV! Aluminized Picture Tube . . . Dark Safety Glass . . . Big Powerful chassis . . . Dyna-Power Speaker . . . Truly, a fine TV that you'll be proud to own and show . . . All parts and tubes guaranteed for one year.

Model 14T016
