## Safety Code Slated For Commercial Boats

Washington—(UP)—The Coast Guard said Monday its new safety regulations for small commercial boats probably will go into effect in 1958.

The new safety code will cover commercial boats which now are not subject to Coast Guard inspection. It is limited to those which carry more than six paying passengers. It is estimated this takes in about 8,000 small vessels, mostly fishing motor boats, excursion sail boats and ferry barges.

## "PROPER USE OF NATURAL RESOURCES IS VITAL"

Gov. Smith states, "With our natural resources we have to keep a balance between our forests, our farm reclamation, and the use of our streams for both commercial and sports fishing... and, of course, our big game and birds are all part of our water resources plan. They will all receive equal treatment. Establishment of Oregon's Water Resources Board, in which I shared leadership, was branded by the late Gov. Patterson as the most important act of the 1955 legislature."

**KEEP Elmo Smith AS YOUR GOVERNOR**

Few men could equal the record for effective decision set by Gov. Smith in his short time in office. He has set a pace of leadership such as we need most at this time. His reputation for fairness to all and for understanding is known to both parties.

Ph. Ad. Keep Elmo Smith Governor. Comm. R. A. (Doubt) Resolutions. Comm. 151 So. Liberty, Salem, Oregon.

## Stocks Drop Fraction In General Average

New York—(UP)—Stocks lost 6/100th of one per cent in the general average today on the lightest volume since Columbus day.

Industrials balanced off small gains and losses. Rails and utilities slipped so small an amount it could barely be measured.

While the issues used to calculate the averages hugged the shores, a fair-sized group of specials moved outside a point area, most of them higher.

A 50-cent extra dividend sent Socony Mobil up more than a point and brought its volume to around the best on the board. General Motors ran neck and neck with it in turnover and lost a trifle. Jersey Standard also was active and a tiny bit lower.

**Dow-Jones Averages**  
Dow-Jones final stock averages: 30 industrials 485.05, off 0.22; 20 railroads 161.44, off 0.62; 15 utilities 65.65, off 0.16; 65 stocks 171.78 off 0.28.
