

BRITAIN, FRANCE THREATEN TROOP USE; SOVIET TANKS ENTER HUNGARY

Lack of Consultation On Troop Use Threat Annoys U.S. Officials

Washington—(U.P.)—U.S. officials expressed dismay and annoyance today that Britain and France did not consult the United States about their plan to send troops into the Suez area unless Israeli-Egyptian fighting stops.

Some viewed the surprise move as an excuse to get Anglo-French troops back into the Suez Canal area.

Others voiced suspicions that Britain and France had secret advance knowledge of Israeli's plan to invade Egyptian territory, and that they even may have tacitly approved.

These officials noted that the United States was not informed in advance about British-French plans to send troops into the Suez area unless fighting in Egypt stops today.

Anglo-French failure to notify the United States was disclosed earlier by the State Department. "We have no information on that at all," Department Press Officer Lincoln White told newsmen.

Britain and France announced jointly they will send troops to the Canal Zone unless Egypt and Israeli stop fighting by 8:30 p.m. PST.

Couple Held on Narcotics Charge

Mr. and Mrs. Acy Eshman Yates, Prospect, are being held in the county jail with bail set at \$2,000 as a result of their arrest Monday on charges of obtaining a narcotic drug unlawfully.

Millie Bydella Yates, 43, was arrested Monday following a complaint from Harold Galloway, Wainwright, of Wainwright's Pharmacy, 322 East Main st., Medford, that a woman was attempting to fill a forged prescription, police said. She was arraigned in district court Monday. The case was continued until 10 a.m. Wednesday for selection of an attorney.

Mrs. Yates admitted to police that she stole two prescription blanks from her doctor Saturday in Shady Cove to use them to obtain some "dilauid" a narcotic, for a headache, officers reported. She was first charged with forgery, they said.

Acy Yates, 34, arrested late Monday and also lodged in city jail, stated to police that on "numerous occasions" his wife gave him prescriptions to fill for her after leaving her doctor in Shady Cove. He added, police said, that the "dilauid" was for medical treatment for his wife. If the prescriptions were forged, Yates said, he did not know it, police stated.

According to Yates, officers said, his doctor prescribed "some kind of medicine" for his appendix early in 1956 and warned him that it was habit forming and that he should not use too much of it. He was arraigned in district court today. Preliminary hearing has been set for Nov. 1 at 9:30 a.m. He will be represented by O. H. Bengtson, Medford attorney.

Medford Man Fined on Driving Charge Here

Warren A. Owen, 42, South Pacific highway, Medford, was fined \$235 and his operator's license suspended for 90 days after he pleaded guilty in district court today to a charge of driving while intoxicated.

Owen was also given a suspended 30-day jail sentence. He was arrested by state police Monday on North Riverside ave. in Medford.

Attempt Seen To Trick Rebels Into Laying Down Arms

Budapest Radio Tells Of Soviet Evacuation

Vienna—(U.P.)—Artillery and small arms fire broke out anew in Budapest today and the Hungarian Air Force threatened to attack Soviet troops unless they withdrew from the city within 12 hours.

Vienna—(U.P.)—Strong Soviet tanks units were reported pouring across the Czech border into Hungary today, and it appeared the Communists had tried once again to trick the rebel army into laying down its arms.

The Communist controlled Budapest Radio announced this morning that Soviet troops were evacuating the bloodstained capital and that nationalist rebels were joining the Hungarian Army in maintaining order.

But United Press Correspondent Russell Jones reported from Budapest itself that "strong" Soviet forces were moving into the country from Czechoslovakia in what appeared to be the start of a new Russian drive to crush the rebellion.

The Communist controlled Budapest Radio announced this morning that Soviet troops were evacuating the bloodstained capital and that nationalist rebels were joining the Hungarian Army in maintaining order.

Eisenhower Cancels Campaign Schedule In Face of Crisis

With High Officials President Confers

Washington—(U.P.)—President Eisenhower today canceled his scheduled campaign trip to the Southwest and South Wednesday because of the Middle East crisis.

Mr. Eisenhower was to have made airport speeches at Dallas, Tex., Oklahoma City, and Memphis Wednesday. But he telegraphed his supporters at all three cities today and said he must remain at the White House.

"The turn of events yesterday leaves me no option, in the interest of working for peace, but to remain at the White House Wednesday to deal with the situation developing in the Middle East," Mr. Eisenhower said.

He holds conferences shortly after the telegram was sent, Mr. Eisenhower conferred with Secretary of State John Foster Dulles, Undersecretary Herbert Hoover Jr. and other high officials on the Israeli-Egyptian fighting.

Mr. Eisenhower sped back to Washington Monday night from a campaign appearance in Richmond, Va., to confer with Dulles and other top advisers on the rapidly developing crisis in the Middle East.

The White House announced after Monday night's 90-minute conference that "we will honor our pledge" to help any victim of aggression in the Arab-Israeli dispute. The White House said, however, that a decision on whether to call Congress into special session to decide whether U.S. action is required would "be decided in the light of the unfolding situation." Mr. Eisenhower has said he would only commit United States to military action if approved by Congress.

Contract Awarded for New Girls Clubhouse

Myers Jones, Medford contractor, has been awarded the contract for construction of the new Girls Community club house, Mrs. Dolph Phipps, club president, said today.

The contract was awarded yesterday after the board of trustees recommended to directors the bid accepted. The bid was about \$150,000.

Construction of the new building, at 229 North Central ave., will start immediately. Mrs. Phipps said. Completion is scheduled for May 1, 1957.

The two-story structure, on the site of the present club house, will have club facilities, dining rooms and kitchen on the first floor. Plans also call for a lounge and a snack bar for residents.

The second floor will include 11 girls' rooms, each with twin beds, and a matron's suite. The latter will include living room, bedroom, and bath.

Salem—(U.P.)—The Legislative Interim Tax Study Committee will meet in Salem Nov. 9-10 and in Portland Nov. 16-17.

Life Magazine Believes Photo of Morse In Empty Chamber Violates Copyright

Portland—(U.P.)—Controversy over a Republican campaign picture illustrating Sen. Wayne Morse addressing an empty Senate chamber flared anew today with a report from Life magazine that it believed the picture to be copied from one of its publications and a violation of its copyright.

Democrats have contended that what the picture fails to show is that parts of it have been cut and in the portion left out Sen. William Knowland (R-Calif.) was shown debating with Morse. The debate covered in the Life picture was during the Atomic energy bill debate in the Senate.

These were the latest developments:

1. James Pitt, publicity director for Life said he believes the picture was copied from one published in that magazine in 1954. He said the original picture was taken by a Life photographer and the negative still is in Life files.

2. Robert Boyer, Oregon Democratic chairman, and Sen. Wayne Morse have charged that the picture came from Life magazine and that it was cropped to show only the parts the GOP wished the voters to see.

3. Paul Ewing, press secretary for Douglas McKay, said he understood the picture was from Life but did not come from the magazine itself. Republican headquarters said it was not certain how the picture was obtained.

Henry Kane, GOP publicity representative here, said it was his understanding a private photographer took the picture and sold it to Life.

UN Asked To Order Cease Fire

Lodge Points To Responsibility To Restore Peace

U.S. Resolution To Ask Troop Withdrawal

United Nations, N.Y.—(U.P.)—The United States asked the U.N. Security Council today to issue an immediate order for a cease fire in the Israeli-Egyptian fighting and for the withdrawal of Israel's troops to its own borders.

U.S. Ambassador Henry Cabot Lodge Jr., opening the council's extraordinary session on the Palestine situation, said each member has a "clear cut responsibility to take immediate measures to restore peace" in the Middle East.

U.S. To Submit Resolution

He gave notice that the United States will submit a resolution to the council this afternoon calling for the withdrawal of Israeli forces and asking for steps to insure that they are withdrawn.

Soviet Ambassador Arkay A. Sobolev said Israel could not have launched its attack "without encouragement and assistance from those aggressive circles which are not interested in peace in the Middle East and are looking for any pretext to bring their troops into the Middle East."

He read to the council London reports that Britain and France had served notice they would send troops into the Suez Canal Zone if fighting is not stopped within 12 hours.

"It is quite clear," the Russian said, "that they took this step without waiting for U.N. action to intervene. The Security Council must act because it bears the main responsibility for peace and security."

Cease Fire Asked

Secretary-general Dag Hammarskjold reported to the council that Maj. Gen. E. L. M. Burns of Canada, chief of the U.N. truce supervision organization in Palestine, had asked for a cease fire to be effective at noon, local time, today.

He said Burns had pointed out that both sides were bound to keep the peace under the Palestine armistice agreement and the cease fire arranged by Hammarskjold himself last April.

"So far," he said, "I have no information concerning any replies by the governments of Israel and Egypt."

RETIRE—Otto W. DeJarnett, above, assistant postmaster at Medford, will retire after 37½ years of service tomorrow. His 37½ years have been in the local post office. He started as a substitute postal clerk July 16, 1919, after his discharge from the Army after World War I. He will be replaced by Earl H. York, presently superintendent of mails. (See story page 14).

Freeway Decision May Be Made Soon After Jan. 1, Williams Says

A decision on the location of the new Highway 99 freeway in the Medford area probably will be made shortly after the first of the year, W. C. (Dutch) Williams, state highway engineer, said today.

Construction is tentatively scheduled to start during 1959, he said.

Williams, in a telephone call to the Mail Tribune, indicated there may have been some misunderstanding as to the highway commission's intentions after a hearing on the four route proposals last week, as to when a decision can be expected.

Consider Testimony

The commission will consider all of the testimony presented at the hearing, Williams said, including the pro and con on all four routes, and suggestions for a foothills route. He added that the commission will take plenty of time to consider all aspects and suggestions, but that he expects a final decision to be made within a few months.

Any implications that the commission now favors one or two routes over the others is not accurate, because the members will have to consider testimony before arriving at a decision, Williams emphasized.

Asked if the commission has considered a new Highway 99 route across the Tiller-Trail line, between Myrtle Creek and Medford, Williams said it has been considered and rejected. It is mountainous terrain, the mileage is approximately the same, and for these and other reasons it is no longer under study or consideration, Williams reported.

The freeway between Blackwell hill and Ashland, whichever route is chosen, will cost between about \$18 and \$22 million, about 90 per cent from federal highway program funds.

Two Inches of Rain Reported; Forecast Calls for Showers

Showers last night and early today brought 2.96 inches of rain to Medford, and showers are forecast through Wednesday, the weather bureau said today.

Rain up until 10:30 a.m. today brought the total for the month to 5.83 inches, four inches above normal. Total rainfall since Sept. 1, the start of the agricultural year, is 6.47 inches, 3.99 inches above normal.

30 Inches of Snow

The storm front brought 2.32 inches of rain at Prospect between 4:30 p.m. yesterday and 8 a.m. today, the weather bureau said, and left more than 30 inches of snow in the higher altitudes.

The forecast calls for mostly cloudy skies with showers through Wednesday. Showers are expected to be from moderate to heavy occasionally. The snow level will lower to about 1,500 feet tonight, the weather bureau said.

A total of 31.5 inches of snow at Crater Lake during the past 24 hours closed all roads including the south and west entrances. Total depth on the ground at 8:30 a.m. today was 44 inches, and it was still snowing.

Last year on Oct. 31, there was 9 inches of snow on the ground at Crater Lake. At this time in 1954, there was no snow there. Highway Closed

The Diamond lake highway was closed at 9 a.m. today, after highway crews were unable to cope with 30 inches of snow during the past day.

About eight inches of snow fell on the Siskiyou, police said, and seven inches were reported at Hayden pass on the Green-springs.

Four Brief Talks Given at 'Town, Country' Breakfast

Phoenix—A "town and country" breakfast sponsored by the agriculture committee of Jackson County Chamber of Commerce and Phoenix Grange this morning at the Grange hall drew an attendance of about 115 persons from all parts of the county. Grants Pass was also represented.

Melvin Lattie, master of Phoenix Grange, served as host and Jennings Pierce as master of ceremonies. Vaughn Quackenbush led singing.

Giving brief talks were Frank Van Dyke, Medford attorney; Chet Hubbard, Medford business man; Walter Hoffbuh, secretary-manager of the Talent Irrigation district; and Otto Ewaldson, president of the chamber of commerce.

Van Dyke, chairman of the chamber's governmental options committee, said the committee attempts to help solve tax problems. He commented that the 6 per cent limitation law no longer works as it was meant to, and that the committee believes the state should work toward a more equitable tax structure.

Hubbard, member of the highway committee, said the group had worked out a program pertaining to southern Oregon highway needs which had been presented to the legislature's interim committee on highways. He said this program included suggested improvements for the

Ultimatum Given To Remove Forces Within 12 Hours

Intervention Promised To Secure Compliance

Jerusalem—(U.P.)—Britain and France announced today they will send troops into the Suez Canal Zone unless Egypt and Israel quit fighting by 4:30 a.m. tomorrow (8:30 p.m. PST tonight).

The Anglo-French ultimatum was disclosed by British Prime Minister Anthony Eden in a formal report to the House of Commons in London.

Eden had conferred with French Premier Guy Mollet and their respective foreign ministers in the British capital before he made his grave statement against a background of fighting on Egypt's Sinai Peninsula.

Eden said communications had been sent to Cairo and Tel Aviv, asking the Egyptian and Israeli governments to "stop all warlike action by land, sea and air forthwith and to withdraw their military forces to a distance of 10 miles from the canal."

"The governments of Egypt and Israel have been asked to answer this communication within 12 hours," Eden said.

If one or both of these nations had not complied with this demand by that time, Eden said, "British and French forces will intervene in whatever strength may be necessary to secure compliance."

As Eden spoke, the battle situation in the Egyptian-Israeli conflict was fluid.

Egypt sent its Soviet-equipped Air Force into action against Israel's lightning force which had carried 126 miles inside Egypt and only 12 miles short of the Suez Canal. Air raid alerts sounded twice in Cairo during the day, indicating Israeli planes also were aloft.

An Israeli announcement said Israeli forces had captured the Kusseima Road junction, about six miles inside Egypt's Sinai Desert area and far north of the initial attacks Monday.

In a rash of rival claims, Egypt said its forces had brought the Israeli drive "to a complete standstill" and Israeli said its planes shot up Egyptian convoys.

Cairo reports said Egypt declared full mobilization, while other nations of the Arab world stood by to offer help if asked.

Britain and France, meanwhile, made preparations to implement their ultimatum if that step became necessary.

The British Mediterranean Fleet cancelled exercises today and was warned to stand by, possibly for movement to the Suez Canal.

The British Admiralty warned all shipping tonight to steer clear of the Suez Canal, as well as Egyptian and Israeli waters, "until further notice."

British and French troops stationed on the Eastern Mediterranean island of Cyprus were alerted for possible swift movement to the Suez area.

Freeway Decision May Be Made Soon After Jan. 1, Williams Says

A decision on the location of the new Highway 99 freeway in the Medford area probably will be made shortly after the first of the year, W. C. (Dutch) Williams, state highway engineer, said today.
