Labor Never Fared Better Than Under Ike, Mitchell Says

Newark, N.J. — (U.P.) — Secretary of Labor James P. Mitchell said today American workers have fared better under President Eisenhower "than any other president in history."

Mitchell, in a speech prepared for delivery to the Newark Rotary Club, said the worker, "whether he belongs to a union or not," must ask himself at the polling booth how he prospered in the past four years.

Statements Repeated
"On the basis of fact and record," Mitchell said, "the answer can only be: better than under any other President in history."

Mitchell repeated statements made Monday night at a rally here of Citizens for Eisenhower that "the working man not only makes more money, but his wages buy more than ever because inflation has been checked."

Mitchell said that "to the working people of America, the Eisenhower administration has meant more than prosperity. It has meant unprecedented understanding between labor and management. It has meant planning for the future. It has meant peace in the world."

Bill Passage Achieved
He recalled that when Republicans controlled the 83rd Congress, "Mr. Eisenhower recommended and achieved passage of highly important labor and social bills."

On the other hand, he said, the Democratic-controlled 82nd Congress "gave the President's proposals for labor legislation a cold reception."

Under the President, Mitchell continued, the Department of Labor "has become a virile and expanding member of the executive team."

Bulletin Issued For Jail Escapees

Red Bluff, Calif. — (U.P.) — The sheriff's office said Monday night it issued an all-points bulletin for the two remaining fugitives from Washoe County jail in Reno.

Six of the eight inmates who escaped Sunday before dawn by digging through a wall with shower pipe fragments were being questioned following their arrest here Sunday night.

Deputies said the two men still at large, Owen Burkhardt, 27, McMinnville, Ore., and Wilbur Montgomery, 23, Pinedale, Cal., were thought to be responsible for a series of vehicle thefts in California which indicated they were heading south. The bulletin said the two had a 306 rifle with ammunition and were "dangerous."

They said a pickup truck belonging to Mrs. Roberta Rhoads, Red Bluff, was the first vehicle believed stolen by the two escapees. The truck later was abandoned in Orland, Calif. An auto stolen in Orland was later found in Willows, where a third vehicle was reported stolen.

Six prisoners were caught on Sunday night when Officer Robert Williams noticed them near a local feed store. They tried to get away in a stolen car, but were caught by the pursuing lawman.

Hunt Pressed for Abducted Negro

Wildwood, Fla. — (U.P.) — Three special state investigators today joined the search for a Negro who was abducted from jail and feared lynched for allegedly insulting a white schoolteacher.

A promise by Gov. Leroy Collins Monday that the case "cannot and will be not unsolved" was followed quickly by the arrival of help from the state capital.

Sheriff M. H. Bowman said after two days of investigation, "we have found nothing for sure at all."

The Negro, Jesse Woods, 39, vanished from Wildwood's tiny unguarded jail early Sunday, following his arrest on a drunk and disorderly charge. He allegedly called out, "Hello baby!" to the white woman.

McArthur Woods, 71, father of the missing Negro, said on his return Monday from protective custody at Ocala, Fla., that the family had received no word from his son.

"I believe they killed him," the elder man said on reaching his shack in a Negro settlement four miles from Wildwood.

Knowland Shocked By Troop Threat

Sacramento — (U.P.) — Sen. William F. Knowland (R-Calif.) Senate minority leader, said today the threat by Great Britain and France to occupy Egyptian territory is a "shocking proposal which the conscience of the world will not approve."

Knowland, shown United Press dispatches of the British-French ultimatum, issued a formal statement in which he said:

"If the reports are true that a 12-hour ultimatum has been served on Egypt by the governments of Great Britain and France calling for occupation of Egyptian territory by troops of those two countries, it is a shocking proposal which the conscience of the world will not approve."

"When the U.N. Security council meets today, this proposed military action of Great Britain and France should be brought before that body."

"International law and order, if it is to be effective, must apply to big powers and not just small ones," he added. "The American people will not support a doctrine that 'might makes right.'"
