

Price Will Quit Texas Grid Post

Austin, Tex. — (U.P.) — Ed Price, the most successful Southwest Conference coach, resigned his job Wednesday after his 1956 Texas Longhorns dropped five of their six games and he had been hanged in effigy.

The resignation is effective Dec. 31. Price still had another year to go on a contract calling for \$12,500 per season.

The athletic council accepted the resignation "with regret" and indicated that no action would be taken toward naming a successor until after the season ends.

Two Jobs to Fill

Price's resignation left the university with two top posts to fill. Veteran Athletic Director Dana X. Bible is stepping down to modified service at the end of this school year. Price had been mentioned as a possible successor.

There is a possibility the athletic council may combine the two jobs, as Bible wishes to remain in an advisory capacity.

Price, a quiet-spoken, 47-year-old Texas product, had a conference record to date of 20 victories, 11 losses and one tie, better than any of his rival coaches in the powerful Southwest loop can muster. His overall record is 33 victories, 26 losses, and a tie.

Marty Marion Tells Interest In Tribe Job

Marty Marion offered himself as a new "big name" candidate to manage the Cleveland Indians today a few hours after Leo Durocher bowed out of the picture.

At the same time, Kerby Farrell — the man who seemed to have the job "locked up" a month ago and may still wind up with it — was unanimously acclaimed the American association's manager of the year.

Marion, who resigned after a stormy session with Chicago White Sox officials last week, announced he would be "interested" in talking to Cleveland General Manager Hank Greenberg about the vacant job. Marion's statement came shortly after Greenberg's announcement that Durocher could no longer be considered a candidate.

Lead Indians
The 43-year-old Farrell, meanwhile, was unanimously voted the manager of the year in the AA by the league's baseball writers. He led the Indianapolis Indians to the pennant, play-off title and to the Little World Series crown.

The New York Giants, who have been unusually active so far this winter, hired ex-Yankee star Tommy Henrich as a third base coach and an instructor for their weak hitters. Henrich has been out of baseball since 1951.

Olympians Have Last Practice

Los Angeles — (U.P.) — With the departure of the first planeload of Olympic games performers but four days away, the U.S. Olympic track and field team held its final practice meet today at Memorial Coliseum.

On the basis of performances today and his appraisal of the chance of certain athletes to regain their form of last June, head Coach Jim Kelly will determine whether alternates should replace doubtful performers on the traveling squad.

New Stars Get Another Chance

Eugene, Ore. — (U.P.) — Coach Len Casanova has decided to see if a pair of new stars can maintain their shine when his University of Oregon Ducks meet Berkeley, a Saturday at Berkeley.

Bruce Brenn, a surprise starter at right end last week, will start at left end against the Bears. And Charlie Tourville, who worked as starting left half for the first time last week, will get another chance Saturday.

CAMERA STILL OUT

Stanford, Calif. — (U.P.) — Coach Chuck Taylor ran his Stanford Indians through a long, hard defensive and offensive drill Wednesday in preparation for Saturday's crucial game against the UCLA Bruins.

Halfback Paul Camara, who suffered a back injury in the game against Southern California last week, was still out of practice, but doctors hoped he would be available for some use against the Bruins.

MATTAROCCHI NAMED

Berkeley, Calif. — (U.P.) — Frank Mattarocchi, University of California center, has been selected as game captain for Saturday's game against the University of Oregon Ducks. He will be a co-captain with guard Don Gilkey, who is the season captain.

Coach Lynn Waldorf gave the Bears a short workout Wednesday, concentrating on the running offense. He said no injuries were reported.

WSC REPORTED

Pullman, Wash. — (U.P.) — The Washington State Cougar starting team will be loaded with pass receiving material when the Cougars tangle with the Trojans at Pullman Saturday.

Bill Steiger, who leads the Trojans in pass reception with 26, was shifted from left end to right halfback, and Don Gest will snag the aerials from the left end spot. Another national leader, Don Ellingsen, who is in second place in total yardage from passes, is playing the flanker spot.

Seattle, Wash. — (U.P.) — Don Millich, number three left halfback of the University of Washington football team, has a sore throat and will miss the Oregon State game Saturday, according to Coach Carrell Royal.

He said the only two left halfbacks remaining for the Beaver game are Luther Carr and Mike McCluskey. Bob Herring was injured during a practice session earlier this week.

SQUAD SELECTED

Los Angeles — (U.P.) — Coach Jess Hill has named a 37-man University of Southern California traveling squad for the game against Washington State at Pullman Saturday.

The Trojans spent most of their practice Wednesday on pass defense. Hill also had his kicking specialists work on conversions.

BRUINS GO HEAVY

Los Angeles — (U.P.) — The UCLA Bruins conducted a final heavy workout Wednesday, in preparation for the crucial game against Stanford Saturday at Memorial Coliseum.

Most of the two-hour practice session was devoted to pass defense. The Bruins also sharpened their own passing with halfbacks Kirk Wilson and Don Long frequently hitting ends Pete O'Garro and Dick Wallen.

Denver — (U.P.) — Athletic Director Robert Whitlow said Wednesday that the Air Force Academy football team cannot consider any bowl bid until its regular season is completed.

Informed Dick Wilson, chairman of the Refrigerator Bowl selection committee at Evanston, Ill., that a feeder for the Dec. 2 game was "greatly appreciated."

GRADE GAMES PLAYED

Medford elementary school footballers "foxed the weather" yesterday and played a couple football games which were to have been today. Jackson beat Washington 6 to 0 and Lincoln nosed Jefferson 7 to 6. In Monday's final games Lincoln is scheduled against Roosevelt and Washington against Jefferson.

TO KEEP ALBERT

San Francisco — (U.P.) — San Francisco Forty Niner co-owner Tony Morabito announced yesterday that Frankie Albert, the club's rookie coach who has been having his troubles winning ball games, will be retained for the 1957 season.

the TRUTH about the FISH BILL!

Here's Why You Should Vote Yes on "7"

1. NO FULL-TIME EMPLOYMENT INVOLVED!
Only 200 licenses issued, 1955. NOT 1 NETTER MAKES A LIVELIHOOD netting on any river. "7" would completely close netting. Gross income per license on some streams has now dropped below \$500 per year.
2. NO PRICE INCREASE IN FRESH SALMON POSSIBLE
Less than 7% of Oregon's salmon catch comes from these streams. Of this insignificant amount, spokesmen for Columbia River Salmon & Tuna Packers Ass'n, said: "About 90% of fish from these rivers are SOLD OUTSIDE OF OREGON." No shortage of fresh fish, no increase in price can result from voting "7" YES.
3. TAXPAYERS SUBSIDIZE SMALL STREAM NETTERS
Total license and poundage fees for a year of netting on one affected stream was less than \$1,000 in 1955. In the past 10 years over \$2,500,000 of YOUR TAX MONEY has been used by the Oregon Fish Commission, and this agency has for years limited most of its activity to netted streams.
4. CHINOOK POPULATIONS FACE DESTRUCTION!
Only a remnant of chinook salmon remain on most netted streams. The non-netted Umpqua River has had increase of over 400% in chinook from only 2 net-free generations.

"7" does not affect ocean or Columbia River fishing!

Crusaders Meet Merrill On Nov. 10

The District 5B championship game between St. Mary's of Medford and Merrill is tentatively set for 2 p.m. Saturday, Nov. 10, on Mopac field at Klamath Falls.

Merrill won the Klamath county B toga Saturday by beating favored Malin while St. Mary's wrapped up an unmarred Jackson county schedule with a victory over Rogue River.

Coach Millard Webb of the Medford club said that the Crusaders will rest Friday, Saturday and Sunday and buckle down to work again on Monday. He has worked his charges hard this week.

District 5 champ will meet Moro or Maupin of District 6 in state quarter-finals. Moro is favored in its area.

St. Mary's has won three straight county games and was district victor two years ago.

Morris Sparkplug For 'Cat' Eleven

Linfield College, McMinnville — One of the sparkplugs of the Linfield college football team of both offense and defense this season has been guard Howard Morris.

Morris, a 5-10, 20-year-old, 180 junior, lettered both as a freshman and sophomore. He gained all-conference honors last year and has an excellent chance to repeat.

The Wildcat gridders was a high school star for Crater of Central Point.

Summer Trout Season Over In Upper Umpqua

Portland — (U.P.) — The weekly report on fishing conditions prepared by the State Game Commission.

SOUTHWEST: Heavy rains have produced strong freshets and extreme rolliness in all of the upper Umpqua area streams, but better weather could cause much improvement in water conditions by the weekend.

The summer trout and fall salmon seasons close throughout the upper Umpqua areas, October 31. From November 1 the bag will be restricted to two trout, jack salmon, or steelhead, 12 inches or over in length. Salmon 20 inches or over in length may be taken only below Smith Ferry bridge near Elkton.

The winter headlines that become effective November 1st include at the mouth of Jackson creek on the South Umpqua and near the mouth of Rock creek on the North Umpqua river.

Waters of the Rogue river system are high and muddy. Salmon angling on Coquille river is poor.

LACK 25-GAME WINNER

New York — (U.P.) — The perennial champion New York Yankees haven't had a 25-game winning pitcher since 1934 when Vernon Lefty Gomez turned in a spectacular 26-5 record for a team that failed to win the pennant.

WINNERS SURED

Baltimore — (U.P.) — War Admiral, who won the first Puriklo Special, has sired 36 stakes winners since his retirement to stud.

A PHONY

St. Louis — (U.P.) — A man posing as a detective accused Mrs. Syble Reifsteck's husband of being a counterfeiter suspect and offered to test a \$5 bill to show her the difference from counterfeit bills, she told police. But the "detective" turned out to be as counterfeit as the fake bills he had shown her, she said. He never came back with the money.

Fascinating Age of Electronics Said To Go Even Further in Next 25 Years

Chicago — (U.P.) — Wiring quarterbacks for sound was only the beginning, an electronics expert said today.

Joe Friedman, president of Traveler Corp., predicts that future radio receivers will be so small you'll be able to "stick them in your ear."

"Every child will have his own set mounted on his bike or velocipede," Friedman said. "And skin divers will take mid-get radios underwater with them as part of their regular equipment."

People will be able to communicate with each other at any time with small portable combination receiver-transmitters tunable to dozens of frequencies.

Friedman predicted that transcontinental television, tiny portable TV sets and special communications circuits for technical and professional people will become a reality by 1980.

World leaders will be able to hold top-level conferences at the flick of a switch without burdensome protocol problems to complicate matters, he said.

More people will learn more languages as television travels around the globe, Friedman said, and a new language common to all mankind conceivably could evolve.

"Medical" specialists won't have to fly to the bedside of critically ill patients, he said. "Instead, they'll observe diagnostic procedures by television and lend their expert advice."

TV performers won't be able to complain that audience ratings are "phony," because TV sets will be equipped with tiny, built-in transmitters which will keep the survey takers posted on exactly how many sets are tuned to any program at a given time.

Sets To Revue Survey
Friedman said such a gadget could be rigged so the viewer could indicate his like or dislike of the program.

Television sets will become commonplace equipment in automobiles, he predicted.

And railroad and airline passengers will watch individual TV screens mounted on the backs of the seats in front of them.

All this in the next 25 years, Friedman said.

MEDFORD (OREGON) MAIL TRIBUNE—THIRTEEN

US Foreign Policy Utterly Bankrupt, Kefauver Asserts

Boston — (U.P.) — Sen. Estes Kefauver charged today that U.S. foreign policy has become "utterly bankrupt" under the Eisenhower administration and that "never in my memory has our leadership sunk so low."

The Democratic vice presidential nominee in a speech prepared for a rally at Boston University, delivered an all-out indictment of the GOP foreign policy. He accused the Eisenhower administration of letting the North Atlantic Treaty Organization decline to "tatters" and of permitting Soviet Russia to gain "a foothold in the Middle East that it has sought for centuries."

Ignores Murky Weather
Kefauver brought his home-stretch campaign into politically important Massachusetts and Rhode Island today, ignoring some-times murky weather for an all-out bid to bring the two states back into the Democratic column.

The Democratic vice presidential nominee, campaigning in Michigan Wednesday night, accused President Eisenhower of practicing golf on the White House lawn while developments were pushing toward actual war in the Near East. He flew to Boston immediately afterwards.

In his speech prepared for delivery at Boston University, Kefauver said Mr. Eisenhower "publicly admitted" in his televised speech Wednesday night "the distressing fact" that NATO had gone to pot under "four years of Republican mismanagement."

More than 5,000 American men, women and children are expected to be evacuated from Egypt, Jordan, Syria and Israel before the operation is completed. British and French nationals also are getting out.

The U.S. Consulate in Naples made arrangements to provide hotel accommodations for 2,000 evacuees. The U.S. Embassy in Rome said the evacuation of some 300 Americans from Jordan and 80 from Syria was virtually completed Wednesday.

Americans Ferried Out of Middle East

Jerusalem — (U.P.) — Three U.S. Navy destroyers and five Air Force transport planes began ferrying American citizens out of the Middle East battle zone today.

More than 5,000 American men, women and children are expected to be evacuated from Egypt, Jordan, Syria and Israel before the operation is completed. British and French nationals also are getting out.

The U.S. Consulate in Naples made arrangements to provide hotel accommodations for 2,000 evacuees. The U.S. Embassy in Rome said the evacuation of some 300 Americans from Jordan and 80 from Syria was virtually completed Wednesday.

Are You Worried About High Taxes? How About This For Wild Spending!

Budget of District Attorney — Jackson County

Year	Amount	Attorney
1951-52	\$4,625.00	Former District Attorney
1953-1954	\$9,571.50	Present District Attorney
1954-1955	\$11,999.24	" " " "
1955-1956	\$17,411.80	" " " "
1956-1957	\$17,711.80	" " " "

400% INCREASE IN 4 YEARS, AND 100% INCREASE PER YEAR

These increases do not include \$2100 for a special prosecutor in the Jensen case or \$2800 for a special investigator for a secret report for a secret purpose, neither of which was ever made public.

You may think these increases are high and extravagant but hold on—"you ain't seen nothin' yet."

HERE'S WHAT NUNLEY WANTS FROM THE NEXT LEGISLATURE, according to his own signed committee report to the Oregon State Bar:

	NOW	PROPOSED (by Nunley)
Salary of District Attorney	\$ 7,500.00	to \$12,000.00
Salary of First Deputy	5,000.00	to 8,500.00
Salary of Second Deputy	4,500.00	to 8,000.00
Salary of Third Deputy	none	7,500.00
Total Salaries	\$17,000.00	to \$36,000.00

All this for the most inefficient controversial District Attorney in the history of Jackson County.

Nunley wants three deputies so he can take in private law practice. Besides the \$1000.00 per month he wants you to pay him, he would like to make several thousand a year in private practice, on the time you are paying him for.

If Nunley's proposals are approved, he will have become in four years the highest paid official in Jackson County, receiving \$1000.00 per month and receiving more even than the Circuit Judge. At the rate he is going, we'll all go broke supporting his office.

VOTE FOR A DISTRICT ATTORNEY WITH BALANCE, COMMON SENSE, AND A SENSE OF ECONOMY

VOTE 120X FOR THOMAS J. REEDER

DEMOCRAT, FOR DISTRICT ATTORNEY
