

# Snags Plague U.N. Police Efforts in Egypt

**TOYS NEEDED**—Medford firemen, already at work on their annual project of repairing toys to be donated to needy children at Christmas, will soon run out of material unless more toys are brought in, according to Fire Chief Gordon Barker. He urged residents to bring broken toys, regardless of condition, to the

fire hall as early as possible, or call the National Guard, 2-4323, and toys will be picked up. Working on toys, above, are Firemen Bob Coash, Al Moulton and Larry Briggs. The men, along with 31 other firemen will be working most of their leisure hours from now until Christmas on the project.

## U.S. Not Expected To Agree To Big 3 Meeting Very Soon

Washington—(U.P.)—The United States is almost certain to agree to a Big Three meeting with Britain and France on a critical world problems, but not in the immediate future, informed sources said today.

They declined to predict when a conference of President Eisenhower, British Prime Minister Anthony Eden and French Premier Guy Mollet might be scheduled. Consideration of a parley has been under way for some days.

Reports from Paris said Mr. Eisenhower has agreed in principle to another Big Three meeting, probably in Washington.

**No Plans for Meeting**  
But White House spokesman Murray Snyder said Monday that there are no plans for such a meeting "at this moment." His statement did not rule out a conference in the coming months.

Officials said a Big Three session is certain to be held if the British and French want it strongly.

There are two chief reasons the United States is not rushing into the proposed top-level round of discussions on world problems.

It wants to concentrate its main efforts for achieving peace in the critical Middle East in the United Nations.

## Gift Fruit Packing In Full Swing Here

Gift packing of fruit, a national industry which originated in Rogue Valley, started the season about 10 days ago and is now in full swing, it was reported today.

Packing of pears will continue for a few more days. Preparation of fancy baskets and similar novelty packages will get underway about Nov. 15 and continue through November. Demand for gift fruit packs usually tapers off after Dec. 10, it was explained.

No call for additional employees is expected at plants where gift fruit packing is being done.

## Fourth Street Crossing Closed for Repairing

The Southern Pacific crossing at Fourth st. was closed to traffic Monday while SP crews repair the crossing, according to C. B. Stevens, local SP agent.

The work will continue this week, he said. SP crews have completed relaying and relaying tracks at Stewart ave. and the Main and Jackson st. crossings.

## Otto John Didn't Expect Trial for Red Activities

Karlsruhe, Germany—(U.P.)—Double defector Dr. Otto John told the West German Supreme Court today he never expected to go on trial for his pro-Communist statements in East Berlin.

**To Create Opportunity**  
John testified on the second day of his treason trial here he had pretended to work for the Communists during 17 months in Red-run East Germany only in order to create an opportunity for a return flight to the west.

John, former head of West Germany's Intelligence Service, is charged with disclosing official secrets and betraying agents

of his "office for the protection of the constitution" to the Communists.

His testimony was the first evidence to be submitted in the trial which started Monday before five judges of the Supreme Court. Some 100 witnesses are listed for the case, which is expected to run about one month.

**Expected Committee**  
John said today that when he returned to West Germany, he thought he would be able to go into his story in detail before the special "John Committee" of the lower house of Parliament, the Bundestag. He never thought he would have to face a regular court, he said.

Representatives of the Josephine county Red Cross chapter, as well as Jackson county Red Cross workers, are attending Mrs. T. R. Florey is chairman of nursing service for Jackson county.

**Russia Warns Satellites Not To Attempt Revolt**  
United Nations, N. Y.—(U.P.)—Russia issued a thinly veiled threat today to its satellites not to attempt a repetition of the Hungarian revolt.

Soviet Deputy Foreign Minister Vasily Kuznetsov, fighting to block another U. N. General Assembly discussion of Russia's repression of the nationalist revolution in Hungary, told the U. N. Steering Committee the Russian Army "self-sacrificingly carried out the terms" of the Kremlin's treaty with Hungary.

Representatives of the Josephine county Red Cross chapter, as well as Jackson county Red Cross workers, are attending Mrs. T. R. Florey is chairman of nursing service for Jackson county.

The program includes nursing service in connection with Civil Defense, disasters, community health problems and blood programs.

## Russ Seeking Hungarian Rebels

New Fighting Told; Refugees Wounded

Vienna—(U.P.)—New fighting erupted today in Budapest where Soviet leaders were reported trying to quell the Hungarian rebellion.

Reports from an unimpeachable source in Budapest said it was impossible to pin down definitely where the battle was raging, since it was some distance from the center of the city.

It is evident, however, that diehard bands of freedom fighters were still battling Soviet tanks and troops on the outskirts of the shattered capital, the source said. He added there was no fighting in the inner city.

A delegation of top Soviet leaders flew into Budapest in a desperate attempt to find ways of ending continued resistance to the Communist regime.

Austrian authorities reported the flood of refugees from Hungary continued with more than 2,300 men, women and children crossing the frontier into Austria since noon Monday.

The Austrian Radio said Hungarian Communist border guards opened fire on a group of refugees trying to cross near Rechnitz. The radio said two of the refugees were wounded and the others beaten and dragged back bodily.

United Press correspondent Russell Jones said in a dispatch from Budapest there were reports a group of Russian leaders, including Nikita S. Khrushchev, flew there to try to restore order and bolster the puppet regime of Janos Kadar.

Hungarian reports told of continuing resistance throughout Hungary and no sign of an end to the 21-day-old general strike that has produced chaos.

It was believed the worried Kremlin leaders might be trying to get former Premier Imre Nagy back into the government.

Nagy was discussing Soviet troop withdrawals with the Russians when Soviet tanks and artillery blasted Budapest.

## General Warming In New England

Colder weather hit New England today, but a general warming followed the eastward movement of chilly air out of the Midwest.

The cold air mass covered the eastern half of the country from the Atlantic Coast westward to a line from Wisconsin southwestward through Central Mexico.

Nighttime temperatures ranged from around 30 degrees in the North to near 50 in Southwestern Texas.

Warmer air, however, was replacing the cold air from the West and raised temperatures noticeably from Eastern Montana through Northwestern Kansas.

The general warming was to continue its eastward movement today, covering the area from the Eastern Dakotas to the Ohio Valley and southward through Texas and the Gulf Coast states.

## Planning Commission Meeting Set Today

The Medford planning commission will hold a public hearing on proposed airport zoning regulations at 7:30 p.m. today.

Proposed regulations restrict the height of structures and natural growth in the Medford airport vicinity by creating an airport hazard area, property, approach and transition zones. Existing structures will not be subject to the proposed zone, only future buildings.

The commission will also consider sub-division regulations and zoning southeast Medford.

## Net-Trained Premier Fired in Polish Shakeup

Rokossowsky Seen Due Unimportant Academy Office

Secret Police Ordered Abolished

Warsaw, Poland—(U.P.)—Russian trained Marshal Konstantin Rokossowsky was fired as Poland's vice premier and defense minister today in a major shakeup of Premier Josef Cyrankiewicz's government.

Gen. Marian Spychalski, a former "Titoist" and friend of United Workers Communist party secretary Wladislaw Gomulka, was named to replace Rokossowsky in the defense ministry. He had replaced the marshal as commander in chief of the Polish armed forces last month.

Rokossowsky was expected to be appointed to the relatively unimportant post of commandant of the Warsaw Military Academy.

Earlier in the day, the Polish Sejm (Parliament) abolished the Secret Police on the eve of the departure of the nation's leaders for Moscow and top level talks in the Kremlin on Poland's future.

At a joint meeting of the justice and agriculture committees of the Parliament, a draft law providing for the abolition of the Secret Police, (UB), was passed, the official news agency Pap reported.

The combatting of "hostile espionage and terrorist activity" will henceforth come under the regular ministry of justice, Pap said.

The UB already has been purged of its Russian advisers by Gomulka, the Titoist who recently took over as leader of the Polish Communist Party.

Matters of security would be handled in the future by the ministry of internal affairs. Some UB employees would be expected to transfer to the internal ministry, but many secret police who worked under old-guard Stalinists would not.

Informed sources said Gomulka would leave Thursday or Friday for Moscow for at least a week of talks on Poland's future with the Kremlin leaders.

## New Extension Agent Named for County

Miss Mary Pat Lucy has been named home extension agent in Jackson county beginning Dec. 1 according to administrators at Oregon State college.

Miss Lucy was born and raised on a farm in North Dakota. She was graduated from North Dakota Agricultural college in 1954 and has had two years' experience as a North Dakota extension agent.

Her main duties will be assisting Jackson county women with homemaking problems. She also will help Miss Marjorie Hatten, county 4-H agent.

She will have her office in the Jackson county extension office at the courthouse.

## Fear of Sneak Attack From Syria Expressed

London—(U.P.)—British military leaders on Cyprus warned today of the possibility of a "sneak" air attack from Syria during the period a United Nations police force is taking over the duties of preserving peace in the Middle East.

## Weather

FORECAST: Partly cloudy this evening and fog or low clouds tonight and Wednesday morning, becoming partly cloudy Wednesday afternoon. Decreasing clouds, Wednesday night. Low tonight 32. High Wednesday 34.

## Britain, France Hint Rejection Of Nasser Terms

Hammarskjold To Fly On Delicate Mission

London—(U.P.)—Britain and France hinted today they would reject Egyptian President Gamal Abdel Nasser's terms for establishing a U.N. police force in Egypt.

New snags, both diplomatic and mechanical, arose to plague U.N. peace efforts in the Middle East even as U.N. Secretary-general Dag Hammarskjold prepared to fly to Rome, Naples and Cairo on his most delicate mission. The Secretary planned to leave his U.N. headquarters at 2 p.m. (PST) to meet U.N. Police Force Commander Maj. Gen. E. L. M. Burns in Rome. Danish, Canadian and Norwegian units of the U.N. police force trickled slowly into the Naples staging area. One group of 311 Danish soldiers was being airlifted from Copenhagen today and about 35 Canadians also were en route by air. In Naples already were 165 Danes, Norwegians and Colombians.

The first units had been expected to fly to Cairo today. Later it was announced there would be a delay and that they "may" leave Naples Wednesday. The delay was said to be the result of a last minute decision to take the troops to an airport in the Suez Canal Zone, "probably near Ismailia" instead of to Cairo.

French Foreign Minister Christian Pineau said the joint forces would "remain in the canal zone until we are relieved exactly by an international police at every essential point."

London sources said Britain could not accept any "watering down" of the U.N. resolution setting up the police force.

Both said a major role of the U.N. force should be to insure freedom of navigation through the canal.

Both were disturbed at the terms of the agreement announced Monday night in Cairo between Nasser and Hammarskjold.

The agreement gave Egypt the right to order the police army out at any time and to send where its units will be located. It also stipulated that the U.N. forces will withdraw from the canal zone as soon as the Anglo-French forces leave, and then to take up positions along the Egyptian-Israeli demarcation line.

**Soviet 'Volunteers'**  
In the British House of Commons, Colonial Secretary Alan Lennox-Boyd said Britain is "deeply disturbed" by the Soviet threat to send "private armies" to "volunteer" in Egypt. He described it as a "favorable Communist method of pursuing hostilities," and cited the previous cases of Korea and the Greek civil war.

He said the Anglo-French invasion of Egypt had had the effect of bringing about a U.N. supervised cease fire and of disclosing the extent of Russian penetration of the area.

**Thursday Is Deadline For Tax Payments**

Jackson county tax payers were lining up at large numbers at the courthouse today to pay personal and real property taxes before the Nov. 15 deadline.

Those who pay taxes on or before this Thursday will be entitled to a 3 per cent discount.

Tax department officials said this is the first day there has been a sizable line-up of taxpayers, though many have come in individually in recent days. Officials had no idea of the total number who have already paid their taxes, many of them by mail. Today's line-up extended a considerable distance down the hall from the tax office.

An estimated \$3,578 tax statements were set out for the 1956-57 fiscal year.

## Eden Appears in Complete Control of Conservatives

London—(U.P.)—Prime Minister Sir Anthony Eden appeared today to have regained complete control of the Conservative party, which split three weeks ago over his policy in the Middle East.

Parliament prepared to wind up debate today on the Suez Crisis. Eden, bolstered by his third confidence vote in three weeks, was expected to make a major policy speech later today.

His government won the third vote of confidence, 321 to 259, during a debate Monday on a Socialist amendment criticizing government economic policy.

Observers believed the government stopped a Conservative party "revolt" by bowing to a United Nations demand for a cease fire in Egypt and agreeing to pull Anglo-French forces out of the Suez Canal Zone when the U.N. police force becomes effective.

The government also regained some of its former support with disclosures that Russia has been aiding Egypt to an extent unknown before.
