

North Carolina State Meted 4-Year Ban by NCAA; Miami, Texas A-M Bowl Hopes Hit

By JACK BERRY

Detroit — (UPI) — The bowl hopes of Texas A&M and the University of Miami were crushed Tuesday by the National Collegiate Athletic Association's council. The biggest blow went to North Carolina State college.

The NCAA banned North Carolina State for four years from all championship events sponsored by the NCAA as well as 25 events that cooperate with the association's enforcement policy. And the school may not participate in the national football television series administered by the NCAA or in any other television program controlled by the association.

And the worst still may be awaiting North Carolina State. The Atlantic coast conference has promised even stiffer penalties, according to NCAA executive director Walter Byers. Bowl Hopes Dashed

The council also placed Ohio State, the University of Southern California and the Univer-

sity of California at Berkeley on probation.

Texas A&M and Miami had hoped to have their suspensions lifted. Miami's is scheduled to terminate Jan. 10, 1957, and A&M's probation is supposed to be in March 7.

The Southwest conference had asked the NCAA to review A&M case and Miami requested the same in its own behalf.

Miami's request was rejected as a "matter of basic policy," according to the council and Texas A&M's petition was turned down because of a case pending against the institution involving alleged improper aid to a prospective student athlete.

Affirm Previous Action

The action against USC, OSU, and California affirmed action already taken by the Pacific Coast conference and the Big Ten.

Southern California and Ohio State drew the toughest penalties of the three. OSU was banned from entering teams or individual athletes in national col-

legiate championship competition and the cooperating events until Aug. 21, 1957.

USC, which was hit hard by the PCC, was placed on probation until July 1, 1958. During the first year of the probation Southern Cal may not enter athletes or teams in NCAA title events and for the full two years it may not participate in the NCAA television program.

California, which investigated its own athletic picture without being asked to by either the PCC or NCAA, was put on probation until Nov. 13, 1957. But the Bears may enter all championship events and the cooperating events.

Cal was hit because two booster clubs, the San Francisco Grid club and the East Bay Grid club were giving money to players either as loans or outright gifts to finance their fees.

Southern California was found guilty of giving money to student athletes over a four-year period. The money would be given in the form of a check to a "counselor" who cashed it and gave it to the athlete.

But the North Carolina State ban topped everything. Previously UCLA and Auburn had been put on three-year probation.

PRESS BOX PLANS

Chicago — (UPI) — The Chicago White Sox said today that plans for a new press box in Comiskey Park have been approved and that construction will begin in about two weeks. The new building, to house press, radio and television facilities, will cost more than \$100,000. The old press box was destroyed by fire shortly after the close of the baseball season.

OPTIMISM FOR LARSEN

Castro Valley, Calif. — (UPI) — Doctors expressed optimism today that tennis star Art Larsen would ultimately recover from a brain injury which has held him in a coma since Saturday.
