Here's Your Holiday Turkey - Spotless Inside and Out - Ready For Your Roaster!

All U.S. Grade "A" 1956 crop turkeys—guaranteed the finest money can buy. Here's why: Quick freezing is the modern miracle that makes it possible for Safeway to bring you turkey at its best . . . The birds go into the freezer within an hour after being completely cleaned inside and out! There's no chance for the meat to lose its "just dressed" flavor. All the preparation is done as one continuous operation in spic-and-span plants by skilled workers . . . under U.S. Department of Agriculture supervision . . . every step of the way—from selection of birds from the country's finest flock to their display in our stores.
