FASTEST KNOWN PAIN RELIEF FOR ARTHRITIC, RHEUMATIC VICTIMS—NOW AVAILABLE

*Seven "Film-Coated" Ingredients Offer Positive Relief*

The crippling, torturing, twisting pain of Arthritis and Rheumatism may soon be forgotten, thanks to an exciting new laboratory discovery named Ar-Pan-Ex.
Ar-Pan-Ex was perfected by a noted scientist of a world-famed university, working with all known facts about these crippling ailments. The result is a safe, easy to take tablet that promotes the fastest relief known from that stabbing agony.
Ar-Pan-Ex is compounded of seven active ingredients including a special new medicine to help provide longer lasting relief. Ar-Pan-Ex exclusively perfected to curb chronic, deep-seated pains.

Why AR-PAN-EX Helps
Ar-Pan-Ex does not dissolve uselessly in the stomach—avoids stomach distress. Ar-Pan-Ex is scientifically "Film-Coated" so that ALL the powerful, pain-relieving medicine is released only in the small intestine where it can be quickly carried by the blood stream to every pain-wracked muscle joint and nerve. Swelling, stiffness and soreness may seem to be miraculously eased when Ar-Pan-Ex helps the system throw off excess Uric Acid that can also aggravate pains.

Nothing Like AR-PAN-EX
Nothing ever offered before can bring results faster, more effectively or with longer lasting benefits than Ar-Pan-Ex. It may mean a renewed life of usefulness and pleasure to millions.
Ask for genuine Ar-Pan-Ex today at any drug store for the kind of relief no other product can claim to equal. If your druggist is out of it, he will be glad to order it for you.

## On The Side
By E. V. Durling
(Distributed by King Features Syndicate, Inc.)

The good ship United States arrived right on time as usual. It never has been late in its career as a transatlantic liner. When I arose and looked out of the porthole the first thing I saw was a Staten island ferry boat. A very welcome sight. I was back in the U.S.A. and glad of it. According to the log book of the S.S. United States, the trip from Le Havre had taken four days, nine hours and 24 minutes. The distance from Le Havre to New York is 3,155 nautical miles. A nautical mile is approximately 15 per cent longer than a statute or land mile. According to the official log book report th sea was calm the first day, rough the second, moderately rough the third and calm from then on to the end. On the last night the ship was really ahead of time and had to slow down to dock as per schedule a remarkable vessel.

**Apartments**
Among the many new apartments erected or scheduled for early erection in Manhattan is one which will be exclusively for single people. Imagine an apartment house all occupied by bachelors and bachelorettes! This one will have a capacity of 300. The bachelorettes will really battle for an apartment in that place. The apartments should be equally devided between bachelors and single girls. If that isn't done it will probably be occupied by 290 bachelorettes and 10 bachelors.

**Please Note**
Have heard much surprise expressed that the Japanese baseball teams were able to win several games from the Brooklyn Dodgers. That's not so surprising. The Japanese have been playing baseball for 80 year. They started playing the diamond game not very long after it became popular in this country. To be exact, in 1876. However, I cannot recall any native of Japan being a member of a major league ball team in the United States.

**Asides**
Fried imported grasshoppers. That is what I noted offered for sale by the can by a shop on Lexington avenue. Wonder who eats fried grasshoppers . . . in another window display I saw offered a jackage of 100 safety razor blades for 59 cents. I may try one of these blades as part of my shaving research. But not now. I need a rest. Besides I am just recovering from that siege of smoking French cigars.

**Horses and Women**
The number of synthetic redheads is greatly increasing in Manhattan. Many are suffering from inexpert dying jobs. Quite a few feature shades of red that can only be described as weird. Even a young fellow of little experience can immediately distinguish between natural redhair and synthetic. That's a very good thing for the young fellows. Why? Well, sir the characters of natural redheads and synthetic redheads are vastly different. It is hardly necessary to say that if a young man hopes for a happy marriage he should have a good idea of the character of his bride. I will deal with this important matter in a later issue.

**Slogans**
The Hofbrau restaurant is still featuring the slogan; "Janssen wants to see you." Very few restaurants have slogans that have been outstanding. Only other one I can recall is that of Henricci's of Chicago, namely, "no orchestral din." That was to attract people who didn't want music with their meals.

**Briefly**
Who said, "too much make-up and not quite enough clothes is a sign of despair in a woman"? Anyway, how right he was . . . am asked what is the world's record for smallest baby at birth. Couldn't say. However, it is a matter of record that a New York city woman had a child, a girl, who weighed only 11 ounces at birth. This child survived and is now in the best of health.

### 83-Year-Old Man Has Top Employment Record

Tompkins Cove, N.Y.—(U.P.)—John J. Eagen, 83, is believed to have set something of an employment record during his long life.
Eagen has been working at the same plant for the past 68 years. He is a compressor operator at the Tompkins Cove Quarry of the New York Trap Rock Corp.
On top of the long employment record, Eagan has gone through the entire 68 years of employment without suffering a lost-time accident on the job.
