

FAREWELL TO EGYPT—Jubilant British troops wave farewell as their transport leaves Port Said in first stage of Anglo-French withdrawal from Suez Canal area. A British Army announcement forbade troops to deal with Egyptians in Port Said as Egyptian civil authorities ordered a complete boycott.

Carrier Integration Has Scant Attention

Atlanta — (U.P.) — Southern state officials gave scant attention to Attorney General Herbert Brownell Jr.'s bid for "voluntary" integration of common carriers.

Interest appeared riveted instead in the future on the time when the first actual step is tried. Until then most of the segregated South seemed prepared to stand pat.

In Montgomery, Ala., where the test case originated, city officials said they will obey the law but Alabama's Public Service Commissioner C. C. (Jack) Owen says he has a plan for circumventing the decision.

Mississippi's top officials had previously said Brownell cannot overthrow their segregation laws. The Brownell policy apparently caused no change in official attitudes in Virginia, the Carolinas or Georgia. In North Carolina alone integration is tacitly allowed, but it is rare in practice.

MEAT RECORD
Chicago — (U.P.) — A record 27.1 billion pounds of meat was produced in the United States in 1955, according to the American Meat Institute. The institute estimated that an average of 111 pounds of meat was eaten by each person in the nation.

EVEN STEVEN
Cookeville, Tenn. — (U.P.) — Mr. and Mrs. W. C. Wallace believe in doing things alike. At the end of a fishing trip they found that each had caught 12 fish, the stings of fish weighed the same and they had used the same amount of bait.

Herter Seen Possible Successor To Dulles

Jacksonville, Fla. — (U.P.) — Rep. D. R. (Billy) Matthews (D-Fla.) says the appointment of Massachusetts Gov. Christian Herter as undersecretary of state may be the first step in ousting John Foster Dulles from the State Department's top job.

Matthews said it's a "pretty good guess" to believe Herter was placed in the job held by Herbert Hoover Jr. as a first move to boost him to Dulles' post.

Matthews said he based his opinion on the effect of "Dulles' terrible illness." He referred to the recent cancer operation undergone by Dulles.

Russia Said Able To Lead Production

Washington — (U.P.) — A panel of experts warn that Russian production can surpass the free world's in 10 years if the Soviet arms burden is reduced.

The experts also warn that Russia's economy is expanding faster than the United States' and may continue to do so.

The panel testified Monday before a joint House-Senate subcommittee studying America's foreign economic policy. The group is headed by Rep. Richard Bolling (D-Mo.)

TURNED DOWN—UN Secretary-General Dag Hammarskjöld appears dejected during General Assembly meeting in New York after learning that the Hungarian Communist government had turned down his request to visit Budapest. Western delegates were angered by the Budapest action.

Uruguay's constitution which was adopted in 1934 is patterned largely after that of the United States.

They had never flown before. But early one morning Zdenek Machliner, 19, and Karel Kocera, 20, tied up a Czech guard and wobbled to the safety of West Germany in a stolen plane.

Neither could fly... but they soloed to freedom

These two escaped — but 70 million others remain captive behind the Iron Curtain. And these are the people at whom Radio Free Europe beams its daily broadcasts. Escape is not its aim. Radio Free Europe penetrates the Iron Curtain to spread truth... to strengthen hope and resistance.

Said the youths above, "It (Radio Free Europe) added courage and strength to strained nerves. It offered us... a hope for a better future," said a young nurse who fled to the West.

"Everybody is listening—even the Communists," said an escaped Czech skating champion.

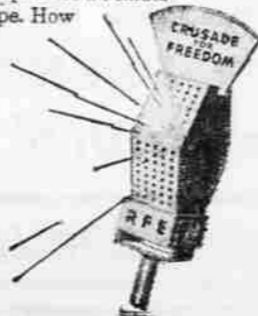

From 29 powerful transmitters, Radio Free Europe broadcasts up to 20 hours of truth a day to five key satellite countries—Poland, Czechoslovakia, Romania, Hungary and Bulgaria. And how the Communist bosses fear it!
