

Tornado Encounters Pelicans Here This Friday, Saturday

Klamath Falls height will be matched against Medford high ruggedness Friday and Saturday nights when the Black Tornado is host to the Pelicans in Southern Oregon conference basketball skirmishes at the Hedrick Junior high court.

With Glen Moore, 6-7, Cliff Sutherland, 6-5½, Bob Niles, 6-3, and Butch Kimpton, 6 feet, Klamath's Pels will break into 1957 conference play with some advantage in altitude when the Friday starting whistle blows at 8:15 p.m.

Medford with Neil Plumley, 6-5, Dick McLaughlin and Dick Copple, each 6-2, and Tom Hamlin, 6-even, however, will be out to make up for the size deficit with their furious rough play and desire which has been a quality of Frank Roelandt-coached tough teams.

While mentor Don Peterson's Pelicans are rated stronger than last season's edition, the Black Tornado will hope follow the success of last season when Klamath also had the edge in height. Medford won three out of four games with the Pelicans in taking the conference and District 8 A-1 banner.

Kimpton, Moore Shine • Kimpton and Moore are the lads against whom the Tornado probably will have to devote most attention. In Klamath's six games Kimpton has run up 100 points. Moore has collected 94 counters and pulled down 81 rebounds. Sutherland's record shows 53 points and 45 backboard retrieves. Niles, who formerly attended Medford schools, has 38 points for the season.

Klamath with a 5-1 win-loss mark has rolled up 347 points for an average of 57.8 per game. Opponents have totalled 283 or 43.8 a contest.

For Medford Copple is the leading scorer in eight contests in a 6-2 season standing. McLaughlin has recorded 88, Larry Perkins 70, Plumley 55, Dick Publ 48 and Hamlin 42. Copple, McLaughlin, Plumley and Hamlin have combined to give Med-

ford strength under the backboards. The Tornado has scored 435 points or 54.3 a game and rivals put 347 markers, average of 47.3.

Both Medford and Klamath have three regulars back from last year. Copple, McLaughlin and Plumley were on Medford's 1956 state runner-up club. Moore, Sutherland and Kimpton return from the Pel club which was second in the conference and also went to the state tourney last season.

Medford, KF Picked — Klamath and Medford are the clubs expected to battle it out for top honors in the district with Grants Pass rated a sleeper and Ashland a darkhorse in the quest for two state tourney berths. Some sources rate the Pelicans the club to beat in the race this year. Other feel that Medford desire could give it the conference bunting for the third successive season. KF with some

of the same players had been expected to do better last year.

Roelandt has reported that Perkins may not be able to play this week end. He has missed scrimmages because of an inflamed tendon in his foot. Hamlin likely will get the starting guard spot which has been occupied by Perkins. Other regulars who were somewhat on the ailing list at the beginning of the week a reported over their ill. Copple and McLaughlin will be at the opening forwards, Plumley at center and Publ at guard.

Reserve Don Peck has a foot fracture and has doctor's orders not to run or jump for about 10 days. Klamath starters may be Moore, Sutherland, Niles, Kimpton and Lee McGill with Ken Douglas likely to see quite a bit of service.

Junior varsity teams of the two schools meet at 6:30 p.m. in preliminaries both days.

Eden's Resignation Privately Welcomed By Officials in U.S.

Washington — (U.P.) — United States officials today privately welcomed Sir Anthony Eden's decision to quit as Britain's prime minister as a step toward restoring U.S.-British relations to their pre-Suez level.

Publicly there were warm expressions from the White House and the State Department for Eden and concern over his health. But by his resignation, officials said privately, Eden had cleared the way for a strengthening of the Western alliance and a revival of American-British cooperation.

'Old Friend' of Ike — President Eisenhower, in a White House statement, did not express the usual "regret" over Eden's resignation. But the President referred to Eden as "an old and good friend of mine." He said he had developed a "great respect and admiration" for Eden as a "dedicated leader in the cause of freedom."

The President also said he is sending Eden a personal message. Secretary of State John Foster Dulles who had not always seen eye-to-eye with Eden said "It is a matter of deep regret that Sir Anthony Eden has felt compelled to lay down the arduous duties of his office because of health." The secretary spoke of Eden's "ability and effective dedication to the cause of freedom in the world and unity between the free nations, particularly between the United Kingdom and the United States."

Highly Regarded — Washington anxiously awaited selection of a successor to Eden. Lord Privy Seal R. A. (Rab) Butler and Chancellor of the Exchequer Harold MacMillan, both prominently mentioned

co-author of the McCarran-Walter immigration law, said he thought some Hungarian Communists had received permanent American visas while true rebels against Communism were forced to enter the country on parole.

Do-It-Yourself Enthusiasts Get Tips — Madison, Wis.—(U.P.)—For you do-it-yourself enthusiasts, a University of Wisconsin farm mechanics specialist has some tips for professional-looking work.

Glenn Barquist offers the following advice to would-be carpenters: Always sand in the direction of the grain of the wood. Cross-grain sanding or circular sanding will mar the surface.

Don't use interior plywood for outdoor jobs. Plywood or veneer also should not be used for cutting boards.

Use just enough paint or varnish to cover. It's easy to put on too much.

Choose the right size of screwdriver. A screwdriver that's too large will tear the wood around the screws.

Remember a flat-headed screw should be flush with the board, not above it or countersunk below it.

Golden Eagle Flies Into Cab of Truck — Salt Lake City—(U.P.)—A golden eagle that crashed safely through the windshield of James O. Rhead's truck as he drove 70 miles an hour over the Nevada desert later took fate into its own hands and flew the coop.

Rhead brought the giant bird—wing span 80 inches—to his home here, offered publicly to give it away, then debated whether the eagle might be happier back on the desert. He had decided to drive the bird back to Nevada when it snapped the slim chain around one leg and took to the air.

Restrictions on Hungary Refugees To Be Tightened

Camp Kilmer, N. J. — (U.P.) — The government plans to tighten security and other restrictions on Hungarian refugees coming to the United States.

Rep. Francis E. Walter, (D-Pa.), chairman of the House investigation subcommittee, announced the security crackdown Wednesday and said "many more people" are to be returned in the future.

Walter came to this refugee reception center after it was announced that eight Hungarians were returned to Austria for giving false information. Another Hungarian returned at his own request.

Many Were Communists — He said many of the first refugees to flee Hungary were "hard-boiled Communists" trying to escape the ire of revolutionists, but that he was not sure how many Communists reached the United States.

However, of those who have filtered through, Walter said he was "quite certain our authorities will round them up and deport them." Many of those to be turned back will be deported for violation of parole, Walter said.
