

News About Books From the Library

Many Medford and Jackson county residents have resolved to take advantage of the resources of their public library early in the new year, to judge from the number of borrowers' registrations recently received.

Mrs. Marjorie Shepler, head of the circulation department, reported that in the first 10 days of the year 236 borrowers applied for new cards.

Of these 157 were registered in the adult department, and 79 in the junior department of the library.

A total of 159 new volumes were added to the collection during this period, according to Mrs. Charlotte Tarvin. Of these, 148 were placed in the adult department. Donations of books were made by Fred B. McKee and W. Y. Russell.

The 64 new titles placed in the adult section of the library during the past two weeks are: **Travel and adventure:** Our Flight to Adventure, Thomas; Doiling Europe as Europeans Do, Stollenwerk; Family at Sea, Caldwell; Bring 'em Back Petrified, Brown.

Aviation: Rescue, Arnold; A Bride for Pegasus, Shippen; The Helicopter Book, Lent; New Era of Flight, Zarem.

Biography: Reprieve, Resko; All Men Are Brothers, Simon; Half Horse, Half Alligator, Blair.

Language and Literature: Books That Changed Our Minds, Cowley; A Treasury of American Folk Humor, Tidwell; How To Write and Sell Non-Fiction, Borland.

Religion: Living Religions of the World, Spiegelberg; Foxe's Christian Martyrs of the World, Foxe; How to Pray, Grou.

History: Pictorial History of the World, Year; A Pictorial History of the American Indian, La Farge; Americans Before Columbus, Baily; The FBI Story, Whitehead; The Age of Fighting Sail, Forester; The Testimony of the Spade, Bibby.

Reference: Mineral Resources of Southwestern Oregon, Diller; Guinness Book of Superlatives; Educators Guide to Free Films; Dictionary of Oregon History, Corning; Information Please Almanac, 1957.

Other non-fiction: Africa's Challenge to America, Bowles; Building and Operating Model Cars, Musciano; Understanding Your Parents, Osborne; Plants

Nuclear Stockpile Proposed by U.S.

United Nations, N.Y. — (U.P.) — The United States has proposed to the United Nations that future production of nuclear materials be stockpiled only for peaceful purposes and under international supervision.

U. S. Ambassador Henry Cabot Lodge Jr., in a five-point disarmament program put before the General Assembly's Main Political Committee, said such an international agreement would make it possible "in a secure manner, to limit, and ultimately to eliminate, all nuclear test explosions."

Soviet Deputy Foreign Minister Vasily V. Kuznetsov, submitting two resolutions, promptly proposed an immediate halt on tests of nuclear weapons and moved to convene a special General Assembly session on disarmament at an unspecified date.

Holmes Announces Secretarial Staff

Salem — (U.P.) — Gov. Robert Holmes has announced his secretarial staff will be headed by Echo Yeater, Salem, a real estate saleswoman and former business manager for Kennell, Ellis studios.

Other secretaries, all Salem women, will be Nancy Doughton, Irene Buren, Mabel Marjous and Elyse Williams, former secretary to Gov. Charles Martin and Supreme Court Justice Hall Lusk.

Seeding, Planting Program Completed By Forest Service

Cave Junction — A six-man United States Forest Service crew, working out of the Illinois Valley ranger station, wound up the annual re-seeding and tree-planting program on cut-over land here last week.

According to Winston Tuttle, acting district ranger, the men have planted a total of 284 acres to Ponderosa pine over a two-month period.

Other Work
Poisoning for rodents and spot planting of seeds was carried out on Page mountain in November. The seeds were especially treated with a rodent repellent and coated with aluminum to discourage birds. Total Page mountain area either re-seeded or re-planted with seedlings amounted to 77 acres, Tuttle reported.

Other U.S. Forest Service land re-planted after the 1956 cut included 16 acres at Long Gulch Lakes, and 42 acres at Oak Pasture.

An additional 149 acres of USFS land, where planting had failed in the past, were planted again in 1956 to Ponderosa pine. **More Acres Covered**

The year's program covered slightly more than the average number of acres planted each year by the Forest Service. Approximately 25,000,000 board feet of timber were cut on USFS land in the Illinois valley during 1956, Tuttle said.

A total of 100 acres are being held over for spring planting. At Long Gulch Lakes, 40 acres will be planted to Douglas fir seedlings, while approximately 60 acres at Crazy Peak are being reserved for aerial seeding to Ponderosa pine, Tuttle said.

HELP FOR MAILMAN
Cohasset, Mass. — (U.P.) — A new style in trucks for the rural mailman is being tried out here. The truck, one of two in New England, has right-hand drive and an automatic transmission. Both devices are expected to be a boon to R.F.D. mail carriers.

Staples used to fasten book matches together require an estimated 500 tons of steel in a normal year.

Kitchen Color
7228

Quick color for your kitchen! Flower motifs are easy cross-stitch—in a gay, modern gingham effect! Do them in natural colors, on kitchen or guest towels.

How This Newspaper Helps Advertisers...

Through this man's work

Actually, he's not on our payroll, but this auditor helps us to help you do a better job.

He has been specially trained in the examination of circulation records by the Audit Bureau of Circulations. His objective findings tell us how well we are doing in the distribution of your sales messages. They keep us alert to more effective coverage opportunities.

He helps us to help you in another way, too. His findings are an inventory of our circulation audience—facts that help you invest your advertising money on a sound business basis.

Ask to see a copy of our latest A.B.C. Audit Report this week and let us show you how these facts can help you do a better advertising job.

Medford Mail Tribune

*This newspaper is a member of the Audit Bureau of Circulations, a nonprofit, cooperative association of publishers, advertisers, and advertising agencies. Our circulation is audited at regular intervals by experienced A.B.C. circulation auditors and their reports are made available to our advertisers without obligation.
