

Hearings Called on Rezoning Southeast Medford Property

Public hearings on rezoning two southeast Medford areas were called Feb. 5 by the Medford city council last night.

A hearing will be held on change of zone from single family (Class IA) to multiple family (class II) of property bounded by Barnett rd. on the north, and irrigation canal on the south, Murphy rd. on the west and the east city limits.

A hearing also will be held on change of zone from single family (class IA) to two family (class IB) of property bounded on the north by the irrigation canal, on the south by Alameda st., on the west by Murphy rd., and on the east by the city limits.

Both proposed zones are south of Barnett rd. near the new Rogue Valley Memorial hospital. Multiple family provides for apartments, professional offices and clubs, and two-family zone provides for residences of not more than two families per building.

The zone changes were considered by the council earlier, but referred back to the planning commission for further consideration after objections were voiced to a proposed limited commercial zone south and west of the hospital site.

The planning commission,

Office Service Opens Branch to Serve 3 Counties

Dana and Hazel Platz, who operate Service Unlimited, an employment agency here, have been appointed area managers for Russell Kelly Office service, a national organization which furnishes temporary office help.

Miss Dana Platz said this is the first time the office service has opened a branch in this population size area. The area includes Josephine, Jackson and Klamath counties.

The Kelly service maintains a group of experienced business women who are "rented" to offices for temporary periods of time ranging from a day to a month or more. The business firm desiring temporary help requests a girl of certain ability and pays the service for providing temporary help.

At the completion of the temporary assignment, the girl submits to the business firm a time slip indicating the number of hours worked. When approved, the time is forwarded to the Kelly service, which pays the girl and bills the business firm, Miss Platz said.

"Kelly Girls" are tested prior to an assignment, and are bonded, insured and guaranteed, she said. If the business firm finds the girl did not do the job for which she was recommended, the firm does not pay the service for the temporary help, Miss Platz said.

Among positions for which Kelly girls are experienced are stenographers, typists, typist-stenographers, comptometer or Burroughs operators, clerks, receptionists, billers, switchboard operators, and machine or hand bookkeepers.

The Kelly service here will be located at 204 Franklin building, Miss Platz said.

CONSTIPATED?

new laxative discovery un-locks bowel blocks without gag, bloat or gripe

Constipation is caused by what doctors call a "thrifty" colon. A "thrifty" colon is one that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

TO REGAIN NORMAL REGULARITY two things are necessary. First, the dry, shrunken contents of your colon which now block your bowel must be re-moistened. Second, bulk must be brought to your colon to S-T-R-E-T-C-H stimulate it and so, excite its muscles to action; to a normal urge to purge.

Berserk Husband On Shooting Spree

Daly City, Calif. — (U.P.) — A berserk husband killed his wife's doctor employer, seriously wounded his wife and then killed himself today in the waiting room of the doctor's office at the busy Westlake Medical Center here.

The dead physician was Dr. Robert G. deMailly.

Police identified the gunman as Michael J. Kepp, operator of a Daly City moving van company. His wounded wife was the doctor's receptionist.

The shooting occurred shortly after the office was opened at 10 a.m. in the medical center located in this sprawling coastal San Francisco suburb.

Snow, Cold, Ice Make Oregon Roads Hazardous

Salem — (U.P.) — New snow, cold and ice were the main driving hazards in Oregon today. Chains were required at Detroit where four inches of new snow fell. Motorists were advised to carry chains for travel at Timberline, Warm Springs junction, Government Camp, Lapine, Pendleton and John Day.

DRAWN THE LINE

Santa Rosa, Calif. — (U.P.) — A young man walked into a liquor store, leveled a revolver at 68-year-old Mrs. Mary Capitani and demanded whiskey and money. "You're too young," she said as she handed him \$50 but refused to let him take a bottle of whiskey. He fled with a carton of cigarettes instead.

Policeman's Gun Found on Holdup Man

Portland — (U.P.) — Police here are trying to determine how a policeman's stolen gun got into the hands of an accused holdup man.

The gun, belonging to Patrolman James C. Strawder, was found in the car of Carl Robert McKenney, 44, Portland, when McKenney was arrested by Roseburg police.

Police said that the gun had been stolen from the precinct locker room.

McKenney, police said, told them that he had obtained the gun from a friend in Reno, Nev. McKenney is accused of a grocery store holdup here in December.

MEDFORD (OREGON) MAIL TRIBUNE—SEVEN

Former Death Row Inmate Tentatively Wins \$8,000 on TV

New York — (U.P.) — John Resko, sentenced to death for murder, tentatively won \$8,000 Tuesday night on CBS' "\$64,000 Question."

Resko, 45, of the Bronx, was sentenced to die in Sing Sing death house when he was 19 for a murder that occurred during a robbery. He spent two years there awaiting execution. After the sentence was commuted to life, he spent 19 years in Dannemora, N. Y., prison before he was paroled in 1949.

During the years there he educated himself on law and cultural subjects.

Resko, who is an artist and also the author of a book en-

itled "Reprieve," chose antiques for his category and correctly answered seven questions.

For his \$8,000 question he was asked to identify four manufacturers of ceramics from reproductions of their hallmarks. The first three he successfully identified as Worcester, Delft and Capo di Monte.

The fourth, which he identified as Limoges, was described as Sevres on the answer card. Since some doubt arises as to whether or not Limoges is china-made in Sevres, Resko was ruled correct, pending further confirmation.

He will return to the program

next Tuesday to try for the \$16,000, or possibly to receive a 1957 Cadillac convertible, if Tuesday night's answer is ruled definitely incorrect.
