How much am I bid
for this fine porker?

Chances are you'll pass on this one... for the simple reason that you can't see what you're buying. And rightly so!

A used car costs a lot more than a porker, yet you're still buying a "pig in a poke" unless you have facts on its condition, horsepower, performance.

Don't buy blind! Before you close a deal on a used car let us check it for you on our Dynamometer. In less than 30 minutes we can give you the bare facts on that car you're banking to buy!

NEW CAL COACH—University of California officials at Berkeley announced appointment of Nebraska's Pete Elliott (above) as head football coach replacing Lynn (Pappy) Waldorf who retired. The youthful mentor, who just finished his first season as head coach for the Cornhuskers, has been signed to a three-year contract.

Full Night Ahead For Collegiate Cagers in State

College basketball in Oregon has a game jammed night ahead of it, topped by the Oregon-Idaho game in Eugene.

The hoop action won't be limited to the Pacific Coast conference pair, however, with nearly every other college in the state slipping into the act.

The University of Portland hosts Seattle-Pacific at Howard Hall tonight in the opener of a two-game stand against the Falcons.

In the Northwest conference Lewis and Clark battles Linfield at McMinnville tonight then switches to home floor against the same club Saturday.

Pacific and Willamette start a series at Salem tonight, then move to Forest Grove Saturday while College of Idaho invades Walla Walla for a two game stand against Whitman in other action.

Eastern Oregon, atop the Oregon Collegiate conference standing, moves into Monmouth tonight for two games against Oregon college. Portland State entertains Southern Oregon for two nights in Portland.

GRADE BASKETBALL
Jackson downed Roosevelt 39 to 24, Oak Grove tripped Lincoln 21 to 18 and Washington beat West Side 31 to 16 yesterday in city grade school junior varsity basketball.

An estimated one-half of the Eskimos of the world never saw a snow house.

Fay Crocker Golf Leader
Tampa, Fla. — (U.P.) — Fay Crocker of Uruguay had just the right putter in the first round of the Tampa Women's Open Golf tournament, but Mickey Wright of San Diego, Calif., had one too many drivers.

Accurate putting at the windswept Palma Ceia course was Miss Crocker's key weapon as she shot a one under par 37-35-72 on Thursday in the first round for a three-stroke lead.

Miss Wright, one of the favorites at the tee-off here after winning the tournament at Sea Island, Ga., last Sunday, ruined her chances when she was penalized 24 strokes for carrying an extra club.

The 21 year old Californian found a spare wood in her bag as she started the 13th. Under the rules, she was penalized two strokes for every hole she had played. She shot an 80 but the penalty strokes literally buried her in the field of nearly 130 professional and amateur players.

Four With 75s
Patty Berg, St. Andrews, Ill.; Betsy Rawls, Spartansburg, S.C.; Louise Suggs, Cincinnati, Ohio; and Gloria Armstrong, Oakland, Calif., had 75s.

Bonnie Randolph, Columbus, Ohio; Betty Dodd, San Antonio, Tex.; and Marlene Bauer Hage, Delray Beach, Fla., were bracketed at 76.

Alice Bauer, Sarasota, Fla., was next with a 77. Kathy Cornelius, Lake Worth, Fla., and Betty Jameson, San Antonio, were tied at 78.

Ruth Jessen, Seattle, Wash.; Marilyn Smith, Wichita, Kan.; Joyce Ziski, Waterford, Wis.; and Betty Kirby, St. Petersburg, Fla., were next with 79s. Miss Kerby is an amateur.

Southern Methodist Risks Perfect Mark in SW Loop

Southern Methodist, once again the Southwest's top candidate for the national basketball championship, shoots for its ninth straight victory tonight in one of four games involving conference leaders.

The Mustangs, currently ranked as the nation's No. 4 team and anxious to move up at the expense of third-ranked Kentucky, can push their season record to 15-1 with a triumph over Texas tonight—the lone defeat coming against Kentucky on the winners' court.

Kentucky, with an 11-3 record, opened the door for a possible SMU advance when it was upset Monday by Tulane.

SMU will be risking a perfect 4-0 Southwest conference record in this home game in its drive for a third straight league title. A loss would give Baylor 3-1 the chance to tie for the lead by beating Rice Saturday night.

First place also will be at stake tonight in the Pacific Coast conference, Ivy league, and Sky-line conference.

Washington seeks top Washington, tied for second in the PCC with a 4-0 mark, can tie pace-making California 3-0 by beating Stanford.

Princeton risks its 3-0 Ivy league mark against defending league champion Dartmouth 2-1. A Dartmouth triumph would leave both teams tied with Yale for first place at 3-1, and Columbia could then make it a four-way deadlock by beating Cornell.

Brigham Young, ranked 16th nationally, risks its 3-0 Skyline mark against Utah State. If the Cougars lose, Utah 2-1 can tie for first by beating Montana Saturday night.

Bradley, the nation's 14th ranked team, spurred to its fifth straight Missouri Valley triumph, 81-64, over Houston, and Creighton extended its winning streak to four straight by beating Drake, 74-60, in the leading games of a sparse Thursday schedule.

Wesley To Play For Roughriders
Corvallis—(U.P.)—Sam Wesley, football star at Oregon State college until he was ruled ineligible early last season, yesterday signed to play professional football in Canada.

The former Beaver wingback inked a pact with the Saskatchewan Roughriders of the Canadian professional football league saying, "I simply want to play some more ball, and they were the only ones who expressed much interest in giving me a chance."

Wesley said he plans to complete his education at Oregon State where he is a junior.

Ewbank Receives Confidence Vote

Baltimore—(U.P.)—Weeb Ewbank, rumored on his way out as coach of the Baltimore Colts, was given a rousing vote of confidence by club owner Carroll Rosenbloom today.

Rosenbloom, who met with Ewbank and club president Don Kellert at his summer home in Palm Beach, Fla., Thursday, said he hoped "this clears up any and all speculation regarding his status with the Baltimore club." Ewbank has one more year to go on a two-year pact.

National Pin Tourney Deadline February 5

18.17 miles per gallon on North America's toughest truck run!

That's the gas mileage reported by the Cameo Carrier after covering the entire length of the Alcan Highway in less than 45 hours! All six new Task-Force trucks that made the run turned in top scores for performance and economy!

Supervised and certified by the AAA.

New Task-Force 57 Chevrolet Trucks

As sure as the Alcan Highway stretches some of the wildest country reached by roads—new Chevrolet trucks know how to save time and money! They've proved that. Six of them, heavily loaded, covered the rough and grueling Alcan route in less than 45 hours. That's better than a full day shorter than the normal running time! They ran right around the clock, stopping only to refuel.

The important fact about this run was that it proved new Chevy trucks through and through. The Alcan Highway is a supreme test of every truck component. Engines had to prove their power up high-climbing grades and through washouts. Frames and suspensions flexed their muscles over axle-deep ruts and miles of pounding gravel. "Despite the severity of the test, under the most adverse road conditions, not a single truck turned back or dropped out due to mechanical failure," states the official AAA report of the test.

Downtime hurts. You know that. These new Chevy trucks seem to know it too, because even the Alcan couldn't make them quit. Every model proved its overall economy by its ironclad ability to stay on the job. Stop by; we'll talk about it.

Proved on the Alcan Highway Champs of every weight class!

Choose your model from among Chevrolet's famous economy-proved Alcan Champs!

They're rated up to 32,000 lbs. GVW, 50,000 lbs. GCW. Short-stroke V8's are standard in all heavyweight truck models and in many of the middleweights. They're loaded with modern features and built to take it—built to save time and money on the toughest jobs going!

As a special test, two of the engines (a V8 and a 6) went all the way without being turned off once. At trip's end they were humming as smoothly and quietly as when they started!
