## Shots, Bombings Continue To Stir Racial Violence

**By AL KUETTNER**  
**United Press Correspondent**  
Shots fired at a white television news director were linked today to possible retaliation for police apathy in anti-Negro bombings during week end racial violence in the South.

Bob Underwood, 39, news director and announcer for WCOV-TV in Montgomery, Ala., was slightly cut on the face by flying glass from two shots fired through his windshield Sunday night, police reported.

Police earlier arrested two members of an angry throng of some 500 Negroes who gathered after a dynamite bomb damaged a Negro home and slightly injured a Negro cab driver.

Another bomb, a dud, was hurled at the home of the Rev. Martin Luther King, leader of the Negro bus integration movement, police said. Both incidents occurred shortly before dawn Sunday.

Underwood told police that during the last 13 months he had received a dozen threats from unidentified telephone callers who accused him of favoring whites in his news reports on the integration situation.

The latest caller protested because he had praised police for capturing six escaped convicts in one day, Underwood said. He said the call pointed out that no arrests had been made in the repeated bombings.

Underwood said the sniper apparently had no intention of hitting him, since he furnished a good target while walking from the television station to his car in an adjoining parking lot.

The explosion Sunday shattered a Negro's home and damaged a nearby service station which served as a Negro cab stand. Three Negro cab employees were shaken in addition to the injured driver.

A package of 12 sticks of dynamite bounced off the front door of King's home but smoldered on the porch without exploding, police said.

## Urge Budget Cut, Humphrey Asks

Washington — (U.P.) — Treasury Secretary George M. Humphrey called upon the American people Sunday night to demand that Congress trim President Eisenhower's record peacetime budget.

"If we can make a sufficient reduction now, then we would be in a position to reduce taxes a year from now," Humphrey said.

Humphrey emphasized that President Eisenhower is in "complete accord" with his goal of reducing, where feasible, the administration's proposed \$71.8 billion spending program for the fiscal year beginning July 1.

He said there also is "almost unanimous belief in the cabinet that we have to improve the situation."

But the secretary said the final answer to government economy lies with the public. He said its ever-growing demand for more and more government services always results in pressure on Congress to appropriate more money.

Humphrey said he never had seen "any man work harder" than Mr. Eisenhower to hold down government spending but that "the executive can't do it all."

"I think we ought to start with the people and then go to the Congress and then go to the Executive and have the Executive carry an economy drive through."

## Police To Probe Mysterious Grave

Palm Springs, Calif. — (U.P.) — Police planned to send out a posse either today or Tuesday to investigate a report by two men who said they found what appeared to be a weird grave in a cave 2,000 feet up on Mt. San Jacinto.

James Morton, a local real estate man, and Stewart Hoppa, a San Francisco businessman, said they were hiking Saturday when they stumbled on the grave, which was marked by a cross. There was a "terrible stench" in the cave, they said.

Morton and Hoppa told officers they found the cave, about the size of "a good-sized bedroom" while hiking up the rugged desert mountain which towers more than 11,000 feet at the edge of this resort town.

The two described the grave inside the cave as about the size of "an adult twin bed" with a cross of desert wood at one end. They said heavy stones, some so large they were unable to move them after going down 2 1/2 feet, filled the hole.

"If it is not a human grave," Hoppa said, "then someone went to a fantastic amount of trouble."

The two men said they found a "perfectly preserved" cork-tipped cigarette butt in the grave and that there were other indications that someone might recently have lived in the cave.

## Eugene Seabees Work On Mired Flying Boat

Eugene — (U.P.) — The Navy recalled 15 Seabees to active duty here to help save a big flying boat which was trapped in a mudbank.

The Seabees built a sandbag dam around the big plane and then scooped out mud so the hull of the plane could be patched.

The flying boat suffered damage to its hull when it hit a sunken log while taxiing for a takeoff last week. It landed on a Fern Ridge reservoir a week ago Saturday after its base at Whidbey Island, Wash., was fogged in.

Crews worked through the night on repairs to the damaged hull. Engineers said a thaw would allow a heavy stream runoff to hit the reservoir and submerge the craft.

## Evangelist Arrives For Area Services

## Britons Missing In Hungary Cause Of Much Concern

Vienna — (U.P.) — British officials in Budapest were expected to make an all-out effort today to learn the whereabouts of four adventurous young Britons charged with spying on Hungary.

Some sources feared the three young men and a teenage girl may be used as pawns by Premier Janos Kadar's government in its tough, new drive to suppress the Hungarian "counter-revolution."

The missing Britons are 19-year-old Judith Cripps, granddaughter of former Labor Chancellor of the Exchequer Sir Stafford Cripps; Roger Cooper, 22, nephew of British author Robert Graves; Basil Lord, 25, and his 21-year-old brother, Christopher.

Free-lance photographer George (Dicky) Meyer-Chapelle of Milwaukee, Wis., reached the free world here Sunday after spending 50 days in a Hungarian prison for entering the country without permission.

Her release by Hungarian authorities prompted hope in some diplomatic circles that word may be heard soon of the four young Britons.

They were arrested by Russian troops Jan. 17 after crossing into Hungary from Yugoslavia. Christopher Lord and Cooper were in Budapest during the uprising last fall.

They were charged with possessing forged documents made out Nov. 12 in the name of the Budapest Soviet military command.

Some 30 families were left homeless by the five-hour fire which firemen believed was touched off when an oil burner exploded in a bowling alley.

Gas escaping from an unknown source filled the area around the still smoldering debris and made the work of crews clearing the burned out site extremely dangerous.

Policeman Fred Pettit 41, was killed when a second explosion collapsed a bowling alley wall. Fire Chief Robert Carroll was hospitalized after he was pinned in the wreckage. Fifteen others including firemen, policemen and bystanders also were injured.

**Eisenhowers Back After Week End Rest**  
Washington — (U.P.) — President Eisenhower returned to the White House Sunday after a three day holiday at his Camp David retreat in the Catoctin mountains of Maryland.

The President and Mrs. Eisenhower motored back to Washington after a week end of relaxation and bridge.

The President and his week end guests, Gen. Alfred M. Gruenther and George E. Allen, a Gettysburg, Pa., neighbor, visited the Eisenhower's Gettysburg farm twice.

## Volunteers Needed At VA Domiciliary

Volunteers are needed at the Camp White Veterans administration domiciliary to help bridge the gap between community and domiciliary for members.

Men and women 18 years or older and in good health are needed to assist members of the domiciliary staff in helping the members in activities, E. K. Ricker, manager said.

Volunteer work may range from leading in recreation games to library service or teaching a skill in arts and crafts, depending on the needs of the veterans and hours and skills volunteers can give, he said.

He added those who wish to serve as volunteers are asked to donate a minimum of two to three hours each week. Assignments are open from 10 a.m. to 4:30 p.m., Monday through Friday. Special events and movies are conducted on week ends.

Additional information may be obtained from the VA Domiciliary, special services at Talbot 6-2111, extension 14. Ricker stated.

## Resignation Refused By Real Estate Head

Portland — (U.P.) — Gov. Robert Holmes said yesterday he wanted to confer with his legal advisers before making any statement in connection with the refusal of the state real estate commissioner to come through with a resignation.

Ragnar Johnson, appointed to the post during the administration of the late Gov. Paul Patterson, said earlier that he had been requested by the governor to hand in his resignation but said flatly that he did not intend to comply with the request.

Johnson asserted that he had been supported by the local realty boards throughout the state during his administration and did not feel that the request for his resignation was justified.

Columbus, Miss. — (U.P.) — Highway Patrolman Hank Waycaster reported today that a 70-year-old drunk he arrested angrily bit him on the arm and was left almost speechless by what he had done. When the elderly tippler relaxed his jaw, his false teeth fell to the ground, Waycaster said.

## No Oregon Traffic Deaths on Week End

Portland — (U.P.) — Oregon apparently escaped from the icy week end without any fatal traffic accidents despite hazardous driving conditions in many sections of the state.

Portland chalked up its second traffic fatality of the year Saturday but a crash last Tuesday was blamed for the death.

Anne King, 26, died in a hospital from injuries she received when her car plowed into the rear of a Rose City Transit company bus.

**CONSTIPATED?**

New laxative discovery un-locks bowel blocks without gag, bloot or gripe

Constipation is caused by what doctors call a "thrift" colon that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

To regain normal regularity, the dry, shrunken, constipating contents of your colon which now block your bowel must be re-moistened. Second, bulk must be brought to your colon by 5-T-R-E-T-C-H STIMULATE it to action, to a normal urge to purge.

And, of all laxatives, only COLONOID, the amazing new laxative discovery possesses COLONOID's great moistening capacity, plus COLONOID's stretch-stimulating bulk. So effective it relieves even chronic constipation overnight, COLONOID is yet so smooth, so gentle it has proved safe even for women in critical stages of pregnancy.

Superior to old style bulk, salt or drug laxatives, COLONOID neither gags, bloats nor gripes; won't interfere with absorption of vitamins and other valuable food nutrients; in clinical tests, did not cause rash or other reactions.

It's a physiological fact: Exercise tones your colon to tone it against constipation, overnight! Get COLONOID, in easy-to-take tablet form at any drug counter, today! Only 98¢ for the 60 tablet package, brings positive relief at less than 2¢ per tablet.
