

# Last Rites Thursday For Harry Lundeberg, Head of Seamen Union

San Francisco—(U.P.)—Funeral services will be held here Thursday for Harry Lundeberg, fighting leader of the Sailors Union of the Pacific who died Monday of a heart attack. He was 55.

Lundeberg succumbed at Peninsula Hospital in nearby Burlingame. He entered the hospital on Jan. 29 after an initial mild seizure. He appeared to be getting better when he suffered a fatal attack.

Lundeberg's death touched off a flood of tributes from government officials and leaders of labor and industry.

Secretary of Labor James P. Mitchell said Lundeberg "devoted a lifetime to improving conditions for seamen." Gov. Goodwin J. Knight of California said he was a "courageous leader" of organized labor.

HARRY LUNDEBERG  
Hated Communism

**Hated Communism**

C. J. Haggerty, secretary of the California State Federation of Labor, said there was a time "when he alone stood between the nation and Soviet power in American waters." He was referring to Lundeberg's abiding hatred of Communism and his lifelong attempts to exterminate it from America's maritime industry.

George Killion, president of American President Lines, said Lundeberg was the "finest kind" of labor leader. He said whenever Lundeberg gave his word, "he kept it to the letter."

but also by a bitter feud with Harry Bridges, fiery president of the International Longshoremen's and Warehousemen's Union.

Lundeberg had intended this week to announce plans for a \$2 million sailors home and medical center. The building will now become his memorial.

Lundeberg is survived by his wife, Ida, and three children, Gunnar, 9, Alette, 6, and Erik, 2. The family home is in Hillsborough.

## Seamen Apparently Winners in Strike

Portland—(U.P.)—A group of 13 alien seamen aboard the freighter SS James Lick apparently had won their point today by proclaiming a strike when they said they had been fired but denied severance pay.

The 13 found themselves in the uncomfortable position of neither being wanted on board or ashore. The ship's captain had picked up the passports of the men when the dispute broke out and immigration officials would not let the men off the vessel without them.

Ralph Huddleston, second mate aboard the Lick, said the strikers had been notified that their demands would be met.

The dispute broke out last week when the Lick arrived here from Japan. The strikers asserted that the rest of the crew had been given three-months severance pay and airplane tickets to New York but they had not.

At the time of his death, Lundeberg was secretary-treasurer of the Sailors Union of the Pacific, the top job in that union.

He also served as president of the 100,000-member Seafarers International Union of North America, and head of the 250,000-member AFL-CIO Maritime Trades Department. He was also a vice president of the California AFL.

**Port Agents Meet**

Port agents of the SUP were called in from all parts of the country to discuss the problems arising from Lundeberg's death.

There was some speculation that Lundeberg's job might go to Morris Weisberger, New York port agent for the SUP. Weisberger was expected to fly here for the meeting of the port agents.

A native of Norway, Lundeberg rose to prominence in the SUP during the San Francisco waterfront strike in 1934. He became secretary-treasurer in 1936, succeeding the late Andrew Furuseth.

His career was marked not only by a hatred of Communism

# 160 Fruit Growers Attend Pear Meeting

A total of 160 Jackson county fruit growers attended a three-hour meeting on pears Monday afternoon in the courthouse auditorium.

Speakers were from Oregon State college, the southern Oregon experiment station and the county extension office.

During the question and answer period at the start of the meeting, considerable discussion was held on the problem of San Jose scale.

**In Seedlings**

It was pointed out that San Jose scale starts in seedlings and trees near neglected ditches and in neglected back yard trees. It was noted the present control materials are still considered effective. However, more thorough application of the materials was urged, especially in tree tops which are hard to reach and are commonly missed.

**Spray Program**

Don Berry, county horticulture agent, reported on the spray program in Jackson county. He noted a few changes since last year, but said more emphasis should be given to dormant spray whenever weather is warm and favorable for it. This is after Feb. 20 or in early spring. He recommended keltane or aramite for use here.

Berry also recommended doubling the amount of organic phosphate for aphid control, which he said hasn't been as effective here as it should have been.

## British Dominion To Be Known as 'West Indies'

Kingston, Jamaica — (U.P.)—Britain's new dominion of the Middle Americas will be known officially as "The West Indies" it was announced today.

The standing federation committee which opened its second conference last week to organize the new dominion met today to start work on designing a new federal flag, a coat of arms and commemorative postage stamps. The committee said it will complete the study of a draft constitution by Friday.

## Japanese Premier To Miss Diet Ceremony

Tokyo — (U.P.)—Japanese Premier Tanzan Ishibashi will be unable to attend the opening ceremony of the 26th Diet (Parliament) session Wednesday because of illness, chief Cabinet Minister Hirohide Shida said today.

He said Ishibashi has a bad cold which doctors fear may develop into pneumonia.

# Dr. McIntyre To Speak at Dinner

Dr. Frank O. McIntyre, director of public relations for the California Teachers association, will be featured speaker at the Jackson County Chamber of Commerce Roundup Buffet Thursday at 7 p.m., in the YMCA building.

Dr. McIntyre's subject will be "Building a Better Moose-trap". He spent 24 years working with teachers and school problems, was a classroom teacher for 10 years, dean of Norfolk college in Nebraska for seven years and has been public relations director for the California Teachers association for seven years.

DR. FRANK MCINTYRE  
Chamber Speaker

He has also been director of the Norfolk, Neb., Chamber of Commerce and the Norfolk chapter of Rotary International, president of the Nebraska Junior College association and has been a leader of sales training courses for many firms in the Midwest and in southern California. Dr. McIntyre has addressed more than 1,000 groups in the past four years.

Chamber of Commerce officials said the program will highlight 15 years of growth and development in Jackson county.

MEDFORD (OREGON) MAIL TRIBUNE—FIVE

# British Troops Along Aden-Yemen Border

Aden—(U.P.)—British troops reinforcements took up sand-bagged positions today along the tense Aden-Yemen border where two heavy clashes took place during the past 48 hours.

Fresh fighting broke out Monday around Dhala and Belhan following Sunday's heavy Yemeni attack across the border at Sanah.

A British communique reported 30 Yemenis killed during the 11-hour assault Sunday and one Yemeni soldier and a local woman wounded in rebel attacks Monday.

**HOW MUCH IS A USED CAR WORTH?**

Depends on the make, the model, and the year, of course. Every dealer tries to tell you his make is worth the most.

**Here are the facts!** The resale value of every make, model, and year is listed in the NADA Used Car Guide, the official "bible" of the industry. And here's what the NADA Guide shows:

**A used Studebaker is worth more than other cars in the low price field, model for model, year for year. For example, the 1956 Studebaker 4-door President has the highest average resale value of all comparable V8's in its price class—both in percentage and in actual dollars and cents.**
