He gave figures as to the need of food commodities the United States would have to have in order to feed the ever-increasing population in 1975. Figures were based on information from 1951 through 1953. Some of the figures were: 50 per cent more cattle and calves; 32 per cent more milk; 37 per cent more corn and 48 per cent more eggs, chickens and turkeys.

Storm-Tossed Freighter Arrives in Portland

Tacoma—(U.P.)—The freighter Charles E. Dant which ran into a typhoon near the Philippines and another storm in the mid-Pacific has arrived here.

The vessel carried 8400 tons of copper concentrates.

Last November the ship was caught in a typhoon and the cargo in its number two hold shifted, causing fear for the vessel's safety. Another storm 1600 miles northwest of Hawaii caused another cargo shift later.

Sailor's Pregnancy' Discharge Studied

Portland, Me.—(U.P.)—The Navy is studying a miscarriage of administrative justice which discharged a healthy male sailor by reason of "pregnancy."

The error turned up when the sailor, whom the Navy flatly refuses to name, attempted to reenlist. The records of his previous enlistment plainly show the reason for his "honorable" discharge as "pregnancy."

But the Navy doctor who examined the prospective enlistee said the reason has to be wrong. Lt. Clyde Catts of Ripley, Tenn., said he could find no evidence of pregnancy when he gave the sailor a thorough pre-enlistment checkup. Instead he described the sailor as a perfectly healthy male in every respect.

King Saud's Son in Walter Reed Hospital

Washington—(U.P.)—King Saud's partly-crippled little son undergoes examination of his paralytic ailment at Walter Reed hospital today. President Eisenhower personally ordered the Army's vast medical facility be put at the child's disposal.

The President instructed his physician, Major Gen. Howard McC. Snyder, to arrange the examination shortly after he greeted the 3½-year-old boy Wednesday.

Prince Mashhur Ibn Saud, 18th of the King's 21 sons, was scheduled to enter famed Walter Reed Army Medical Center this morning for an examination by some of the nation's top specialists.

IF EVE HADN'T KNOWN Washington—(U.P.)—Sen. Robert S. Kerr (D-Okla.) thinks the earth would be unpopulated if Eve had been as ignorant about fruit trees as the senator claims President Eisenhower is. Kerr said he "was amazed to read" that the President, during his recent tour of the nation's drought area, "mistook a peach tree for an apple tree."

"Now that is really an ignorance of fundamentals," Kerr said. "Just think, if Eve hadn't known the difference between an apple and a peach, what a barren world this would be."

Phyllis Anderson will give several accordion numbers and Judy Gebhard of the Juvenile Grange will play the piano.

The serving committee will be Mr. and Mrs. Ed Lull, Mr. and Mrs. William Foley and Mr. and Mrs. Elmer Olson.

There will be no business meeting the second meeting in February. There will be a social meeting and open house.
