YOU CAN PAY MORE - BUT THE FLAVO-MATIC makes better coffee!

Better tasting coffee, greater coffee economy - you can't beat that at any price! The Flavo-matic gives you better coffee, through a combination of exclusive and patented features that control timing and temperature exactly, automatically. Never overheats or "burns" coffee, never "underperks" either. The Flavo-matic method yields more full flavored cups per pound, too, for new coffee savings.
