**\$120.00 WORTH OF G&W BROWN STAMPS**

ANDERSON'S SUPER THRIFT MARKET is happy to announce that at last we have found a trading stamp worthy of our customers, with all the advantages we demand. The G&W Brown Stamp plan is designed for today's needs, with premium displays and on the spot redemption in our market.

Each filled booklet is worth \$3.00 toward any premium on the premium list. Our Customers can get the premiums FREE by full redemption, or if they choose they may get premiums by using filled booklets plus the difference in money.

This plan enables you to get premiums at your convenience, at birthday, anniversary and Christmas time, etc., even though you lack the required amount of booklets. Our premiums carry manufacturers' numbers to insure full value and quality.
