Washington Town Flooded; 55 Moved

Ephrata, Wash. — (U.P.) — The entire town of Wilsoncreek was flooded and at least 55 persons were evacuated to a church and school, the Grant County Sheriff's office reported this morning.

Deputies said the town, situated 22 miles northeast of here was part of a four-square-mile area covered by from 3 to 15 feet of water. Great Northern Railway trains were rerouted and State Highway 7 was closed from Soap Lake to Odessa.

The sheriff's office said there was no immediate danger to the 300 occupants of Wilson Creek. Two amphibious boats evacuated 15 persons to the town's school and 40 to a church.

Water in the area, fed by Crab creek, was rising eight inches an hour. The heavy runoff was caused by 60-degree temperature which yesterday caused snow in the area to melt rapidly.

Selling Burst Hits Boeing Plane Stock

Boeing opened off 1 1/4 and extended its loss to more than four points.

All major divisions receded but only a few issues moved outside a fractional area. A loss of more than two in Du Pont helped pull down industrials.
