Sen. Lowry, Committee Seek Views on Railroad Regulation

Opinions of small freight shippers and consignees with regard to Senate Bills 274 and 275 is being sought by Sen. Philip B. Lowry, a committee of the Jackson County Chamber of Commerce was told today.

The chamber's committee on governmental operations at its weekly meeting heard a letter from Senator Lowry in which he said he has prepared amendments to the two railroad regulation bills, which would eliminate freight schedules from their provisions. However, he pointed out that in doing so, there would be "absolutely no protection in the law" for people or shippers for intra-state service regarding reduced freight service.

Small shippers, he added, and particularly small consignees, are not in a position to "short-haul" the railroad for self-protection, as are larger shippers. The committee said it would welcome expressions of opinion from all concerned to be forwarded to Senator Lowry.

Appearing at the meeting were City Councilman Stanley Jones and City Attorney Roy B.

shaw, who discussed pending legislation affecting cities.

Bashaw explained provisions of Senate Bill 418, which would permit formation of assessment districts and issuance of revenue bonds for off-street parking purposes. The bill is being amended to make it more workable, Bashaw said, and the committee went on record in support of the bill as amended, with the idea its provisions would assist Medford in formulating an off-street parking plan.

Other Measures
Two other bills, SB97, to permit areas to annex to cities as a tax rate differential for a period of 10 years, and HB531, to permit formation of county service districts, also were discussed.

A number of objections to both were brought out. Many of their provisions would be unworkable, or disadvantageous either to annexing areas or to cities, members stated. The committee went on record in opposition to both of them.

In other action, the committee voted support of a bill which would outlaw switchblade knives, stilettos and other ob-

jects usable only as weapons, and discussed the problem of itinerant merchants and door-to-door salesmen. It will further consider the latter with an eye toward proposing or supporting city legislation on the problem. Earlier, it went on record opposing placing the state liquor department under the control of a single administrator, rather than under a three-man commission as at present.

Two Local Hospitals Listed As Accredited by Group

Two Medford hospitals are among 6,000 included by the Joint Commission on Accreditation of Hospitals in its annual list of accredited hospitals in the United States, its possessions and Canada.

Rogue Valley and Sacred Heart hospitals and 29 others in Oregon are included in the list, which was released today. Announcement that the two local institutions had been accredited was previously made.

Basic Requirements
Basic requirements for a hospital to become accredited include a safe physical plant free from fire hazards; proper supervision and review by the medical staff of the clinical work done in the hospital; material, infant and anesthetic death rates that are not excessively high; adequate medical records; ethical practices; investigation of

all tissue removed at operation; mortality rates that are within reasonable limits; proper nursing care; proper administration and medical staff organization. Eligibility for accreditation is determined after surveys are made by physicians representing the joint commission visit the hospitals. Only those hospitals which request surveys are visited.

Five Organizations
The Joint Commission on Accreditation of Hospitals is an agency established by five organizations to conduct the hospital survey and inspection program initiated by the American College of Surgeons in 1919. The organizations are the American College of Surgeons, American Hospital Association, American Medical Association and the Canadian Medical Association.

Delay To Be Sought On Key District Bill

Pendleton—(U.P.)—The Oregon House will be asked to delay action on the controversial "Key District" school bill.

The measure would change the formula for distributing basic school funds. Portland and eastern Oregon groups oppose the change, claiming they would lose money.

Eastern Oregon educators and county officials met here Saturday with representatives from Multnomah county also attending. J. W. Forrester, local publisher and a member of the State Board of Higher Education, suggested a moratorium while a plan acceptable to the entire state is worked out.

The measure passed the Senate 17-13 and is now in House committee.

Boy Burned to Death In Fire at Ontario

Ontario—(U.P.)—A six-year-old boy was burned to death and two members of his family were seriously injured in a fire which gutted their home here early Monday.

The dead boy was Perry Shelton. His mother, Irene, 39, and a sister, Fayrean, 15 months, were badly burned and were described as in serious condition at Holy Rosary hospital here.

Another boy, Leonard, 10, managed to escape unhurt. Firemen said the fire apparently started about 6:45 a.m. Cause was not immediately determined.

Series of Airplane Crashes Fatal To 47

By UNITED PRESS
A series of plane mishaps in this country and abroad, including the crash of a high altitude experimental jet plane in the Eastern Nevada desert has claimed a heavy toll of lives.

At least 47 persons were reported killed in the recent crashes, 40 of them in an airline disaster at Bage, Brazil.

The wreckage of an experimental Air Force jet, identified as a Lockheed U2, was sighted Sunday after a three-day search which covered thousands of square miles over a three-state area.

Lockheed officials said the highly secret jet crashed Thursday while on a flight to "test its adaptability for extended weather reconnaissance of interest to the National Advisory Committee on Aeronautics and the Air Force."

At Bage, Brazil, a Varig Airlines plane crashed moments after takeoff Sunday, killing 35 passengers and five crew members.

One engine of the big passenger plane caught on fire as the aircraft rose from the ground and the ship turned around to land.

As the ship approached the runway, the left wing fell off and the plane nosed into the ground enveloped in flames.

A six-engine B47 bomber, said by the Air Force to be "on test course" slammed into a Hawaiian mountain top Sunday while making an instrument approach landing to Hickam Air Force Base, killing all four crew members.

Based in Oklahoma
The swept-wing atomic bomber of the Strategic Air Command was travelling "about 300 miles per hour" when it hit the top of Kaala Mountain in the Oahu range.

The aircraft and crew of four were assigned to the 96th Bomb Wing at Altus, Okla., Air Force base. The victims were identified as Capt. Don N. Rogers, 1st Lt. Frank R. Claus, S-Sgt. Haskell E. Gray, and 1st Lt. Sherman Bozeman Jr.

The crash of a twin-engine Continental Airlines Convair carrying 39 passengers was averted Sunday when the crew made emergency repairs to the plane's landing gear while the aircraft circled the field at Lubbock, Tex., for 45 minutes.

Nigeria annually exports 100,000 tons of chocolate beans. This British colony on Africa's west coast accounts for about 15 per cent of world production.

Aircrafts, Railroads Feature Quiet Market

New York—(U.P.)—Strength in aircrafts and weakness in railroads issues featured a mixed, quiet stock market today.

Some issues ran into profit taking in the wake of last week's biggest rise of the year. Zenith ran up around eight points at its high, reflecting optimism that experimental pay as you see television will get the green light.

The rails were upset by a Supreme court ruling that western carriers cannot drill for oil and gas on rights of way. Northern Pacific was off 2 1/2 at its low but recovered around a point of its loss. Southern Pacific, Santa Fe and St. Louis-San Francisco also were knocked down. Union Pacific touched a new low.

Clues Sought for Pinochle Game Killers

Walla Walla—(U.P.)—Police searched today for clues to the identity of two gunmen who killed one man and wounded another in their holdup of a pinochle game of seven elderly men here Saturday night.

The description of the bandits given officers by the confused players indicated the bandits were short, and between 35 and 40 years of age.

Charles Buckley, 66, Milton-Freewater, Ore., was killed and Robert Follett, 65, Walla Walla, was wounded slightly when they refused to obey the bandits' orders.

The gunmen fled the private home owned by Follett, immediately after the shooting.
