

### Rob Strom Sets Quiz Show Record With \$192,000

New York — (U.P.) — Robert Strom, 10-year-old science whiz, set another all-time TV quiz show record Tuesday night when he ran his winnings to \$192,000.

The fifth grade student breezed through a three-part series of questions on various aspects of science on the CBS-TV show "The \$64,000 Question."

He gets a chance next week to pursue his chase of more than a quarter of a million dollars.

Chairman John L. McClellan (D-Ark.) said he expected some of the witnesses to claim the Fifth Amendment privilege against self-incrimination and refuse to answer questions.

The bombing case was featured Tuesday as the committee heard reports of terrorism and violence in the Scranton area by union leaders who allegedly used thugs and strong arm men against their own members as well as against balking employers.

McClellan issued the challenge to the AFL-CIO high command after the testimony pointed out

that John Durkin, Anthony Bonaccuse, Philip Brady and Joseph Bartell—all officials of AFL-CIO affiliates in the Scranton area—had been convicted in the bombing case.

At its meeting in Miami in January, the AFL-CIO Executive Board approved stringent codes designed to eliminate all forms of union racketeering. The board at the time stated that "obviously, if a person has been convicted of a crime involving moral turpitude offensive to trade union morality, he should be barred from office or responsible position in the labor movement."

Goldwater read from a newspaper account of the \$15-a-plate affair which quoted statements by William Kendrick, described as international vice-president of the Laborer's Union; Hugh Gormley, regional vice-president of the AFL in Indiana; James McDevitt, then president of labor's League for Political Education; and Joseph Keenan, international vice-president of the International Brotherhood of Electrical Workers.

AFL-CIO officials had no immediate comment on the committee's challenge. However in another case, involving Teamster Union President Dave Beck, an AFL-CIO spokesman said proceedings against Beck will continue despite sharp opposition Tuesday from the Teamsters' Executive Board.

## AFL-CIO Challenged To Carry Out Pledge of House Cleaning

Washington — (U.P.) — The Senate Rackets Committee, challenging the AFL-CIO to put up or shut up on its housecleaning pledge, called for testimony today from four union officials convicted in a bombing case but still holding office.

The committee sought more details on the 1954 bombing of a non-union construction project in Scranton, Pa. Among those called to provide it were four local officers convicted of conspiracy in connection with the blast.

## 4-H CLUB NEWS

**Reese Creek Renegads**  
The Reese Creek Renegads held a meeting April 9 at the home of our leader, Cliff Moore, on Ball road, northeast of Eagle Point.

Earl Jossey gave a lecture on sheep, and a demonstration on tying and grading sheep's wool. The next meeting will be at Jossey Clayton on Butte Falls highway, April 23.

Our hostess, Mrs. Velma Moore, served cinnamon twist and milk.  
John Hughes, Reporter.

**Sing and Stitch Club**  
The 4-H meeting was held at the home of Mrs. Edmondson, our leader, for a workday on April 15. We worked on our potholders and aprons.

We changed the name of our club from Busy Bee to Sing and Stitch.

Refreshments were served by Mrs. Edmondson.  
Our regular meeting will be held April 23.  
Virginia McAllister, Reporter.

**Talent Sewing Club**  
The Talent 4-H Sewing club, Nimble Fingers, met Monday, April 8 at the Howell home. We discussed different types of materials. At our next meeting we will bring pieces of materials and decide if they are woven or print. We plan to make scarfs also. Betty Jo Howell served refreshments. Paulette Creel will bring refreshments next meeting.  
Linda Hazelton, Reporter.

**The Dough-Nuts** held the sixth meeting of the year after school April 15. Refreshments were furnished by Judy Frink and Carol Foote. We played Upset the Fruit Basket and then after our business meeting Patsy Charley, who is our junior leader, gave us a demonstration on table setting after which we had a judging contest on table setting. Our next meeting will be May 20 and refreshments will be served by Teri Martin and Elaine Young and we are going to judge muffins.  
Mike Charley, Reporter.

### France Mobilizes To Combat Strike

Paris—(U.P.)—France mobilized its army today to fight a 48-hour transportation strike that stopped nearly every wheel in France at midnight.

Olive drab two-and-one-half ton trucks were sent to bus and subway stops to carry workers to the jobs this morning after Paris busline and metro (subway) employees decided to join the strike.

The stoppage involved 365,000 railroad men, 20,000 barge workers and 8,000 Air France ground crewmen.

A few subway trains continued to run early today, but under an "indirect strike" arrangement. Passengers rode free.

Car pools sprang up and insurance companies announced they would extend coverage to policy holders for car-pool passengers during the strike.

The French government controls wages in France's nationalized transportation industry. A last minute government move boosted railroad wages Tuesday night by one and one-half percent retroactive to Jan. 1, but the boost failed to halt the strike.

The four big train unions—Communist, Catholic, Socialist and Independent—want much more.

### French Authoress Continues To Improve

Paris—(U.P.)—Writer Francoise Sagan is "steadily recovering" from the critical injuries suffered Sunday in the crash of one of her sports cars, doctors said today.

They said Miss Sagan, who suffered a fractured collar bone, a broken left wrist and rib cage fractures, has begun to take food and is able to talk with her parents who are at her bedside.

Her brother, Jacques Quirez, told newsmen, "It is necessary to wait at least ten days to know if my sister is out of danger. Francoise has no memory of the accident."

He added, "I hope this experience will stop her driving so fast."

POWERED TO THE WESTERN WAY OF LIFE

"You'll like it even better when you drive it!"

Neighbor: Say, your new Olds sure looks like a lot of car!  
Olds Owner: That's nothing, wait'll you take a ride.

(A few minutes later)

Neighbor: Man-oh-man, where'd all that power come from? I've never felt anything like that before!  
Olds Owner: That's Oldsmobile's new J-2 Rocket Engine!

Neighbor: What's that? Tell me how it works.  
Olds Owner: When you're driving under ordinary conditions, it uses only one carburetor. That means economy with a capital E. But when you need a sudden burst of power, for safety's sake, you just press the accelerator three-quarters of the way down—and two additional carburetors cut in!

Neighbor: In other words, with J-2, you can have economy when you want it and power when you need it. That's for me!  
Olds Owner: Better see your Olds dealer. He's expecting you!

\*Optional at extra cost on all models.
