## We're KEEPING PACE With the Growth of "A Great Country"!

"Live and learn" and "Experience is the best teacher" are appropriate phrases at Hubbard Brothers' Anniversary time. For 73 years, this firm has progressed and expanded in pace with the development of this fine country. We have built on a firm foundation a business that's old in years but NEW in outlook. We are proud of the fact that Hubbard Brothers have always maintained the "forward look," since the days more than three and one-half decades ago when Fortunatus Hubbard established this firm. Since that time the firm has always been owned and operated by the Hubbard Family; we have expanded our facilities and services as Medford and the Rogue River Valley have grown. Yet, with progress held important, this store is doubly proud of the fact that we have retained the confidence and respect of the people of this area, and have never lost the personal, neighborly, friendly contact with our customers. So, as a way of saying: "Thanks a Million" for YOUR patronage that has spelled OUR success, here's the biggest and best anniversary sale in our long history!

Hubbard Brothers' store at Main and Riverside as it is today. In this modern store, with up-to-the-minute, complete stocks of merchandise, 72 years of progress will be celebrated during the next 10 days. The farm equipment phase of our business, operated at Hubbard-Wray Company at 25 South Riverside, joins in anniversary observance and special celebration values

**SPEAKER**—The Rev. Melvin H. Snider will be principal speaker at a southern Oregon zone rally at the Pilgrim Holiness church, at East Jackson and Bessie sts., Medford at 7:30 p.m. Thursday. Mr. Snider is assistant general superintendent of the denomination, with headquarters at Indianapolis, Ind., and is chairman of the Forward Movement of the church. He has traveled in the Far East and recently returned from an evangelistic tour of Mexico. He will be in Medford one night under the auspices of Pilgrim Youth and Forward Movement.

### Oregon Senate Memorial Urges War Veteran Aid

Salem —(U.P.)—A memorial to Congress to authorize pensions for needy veterans of World War I was overwhelmingly passed by the Oregon Senate Tuesday with a brief flurry of emotion after Sen. John D. Hare, Hillsboro Republican, made reference to a small segment of veterans who would benefit as "winos."

Sen. Monroe Sweetland, Milwaukie Democrat, said, "It is shocking almost beyond answer, to call them skid row bums and winos."

**Value Questioned**  
Sen. Hare made the reference when arguing against the memorial. He said that in the first place it was questionable whether "a memorial to Congress is worth the paper it is written on."

He said he favored aid to veterans, especially to those disabled. But he said several aids already were offered to disabled veterans, including hospital care, and now "we have social security." He also said the several veterans organizations extend aid to deserving veterans.

In his reference to "winos" Sen. Hare said several veterans had told him that they were opposed to the memorial, that among those who wanted it in Oregon, were the "winos" who live in inexpensive hotels in northwest Portland.

**Couldn't Let Reference Go**  
Sen. Sweetland said he hadn't intended to speak on the memorial, but couldn't let the reference to "winos" go unchallenged. He said BJMS, which had already passed the House, urged Congress to enact legislation only to those World War I veterans with strictly limited incomes.

The memorial passed the Senate with only three dissenting votes, those of Sens. Belton, Hare and Husband.

### Chrysler Leads In Mobilgas Run

Winnemucca, Nev. —(U.P.)—Chrysler products and Mel Alsbury Jr., last year's winner, led the pack today in the third leg of the Mobilgas economy run as the race began to tell on the ladies in the unofficial competition to determine whether men or women are the better drivers.

The No. 3 automobile manufacturers of the "Big Three" of the American motor car industry held first place in every one of the four categories — low price, low-medium, upper-medium and high price—and had latched onto the one-two-three spots in the sweepstakes division at the halfway point of the 1,588 mile road test from Los Angeles to Sun Valley, Idaho.

Alsbury appeared a cinch to repeat in the 1957 version of the Crown Imperial he drove last year to victory in the grueling test of American motor car gasoline economy and performance.

The 27-year-old son of a Los Angeles auto dealer was well ahead of his nearest rival — his mother—in the sweepstakes competition with a 61.8964 ton-mile per gallon average when the drivers of 24 stock motor cars pulled out at midnight on Tuesday on the third lap to Ogden, Utah.

Farmers carried out primary agricultural conservation measures on 34 per cent of the farm land in the United States in 1955.
