

Adding to gaiety of an informal luncheon is a new coin-dotted design done in bright colors.

Paperware with party manners

PAPER PLATES are popular party-goers these days, and small wonder. Their gay colors and attractive designs have a way of enhancing every kind of occasion. There are special patterns for barbecues, snacks, informal luncheons, and lawn and porch parties. And for each style, you'll find tablecloths, napkins, and hot- and cold-beverage cups to match. Of course, one of the nicest things about paperware is its habit of pampering the hostess. After the party's over, she doesn't have to face that stack of dishes; she simply throws them out!

BY RUTH W. LEE, home-furnishings consultant

Suitable for indoor and outdoor parties, a rolling cart is set with paperware in the amusing "Barbecue" pattern.

When the occasion calls for living-room snacks, nothing could be smarter than tray tables and disposable dishes.

AFTER 12 YEARS' MEDICAL RESEARCH—A WAY TO

Correct constipation without laxatives!

Regutol works on an entirely new non-laxative principle—not irritating, not habit-forming. By softening dry, hard waste in the colon, **Regutol** corrects a major cause of constipation and establishes regularity... more surely and safely than any laxative can!

▶ If you take a laxative very often—magnesia, oil, salt or bulk—knowing about new **REGUTOL** may change your whole life.

Here's why: In most people with bowel irregularity, waste in the colon dries out and hardens. And the drier the waste, the more difficult elimination becomes!

In **REGUTOL**, medical science provides a way to correct such constipation—without laxatives. **REGUTOL**'s ingredient, dioctyl sodium sulfosuccinate, is *not* a laxative... *not* irritating... *can't* cause "laxative habit".

Tiny, golden **REGUTOL** tablets simply act to *moisten* and *soften* dry, hard colonic waste. Then your own peristalsis (muscular contraction of the intestine) brings normal

elimination without unnatural urgency.

Because **REGUTOL** is not a laxative, it's not intended for immediate or overnight constipation relief. But take it as directed... and **REGUTOL** will prove to you in 2 to 7 days' time that it both relieves and prevents constipation—and establishes *continued* bowel regularity—as no laxative can!

Get **REGUTOL** at your drug store. Two sizes—Regular, 30 tablets, \$1.00; Economy, 100 tablets, \$2.75.

Advantages of Regutol over laxatives:

- **Regutol** promotes normal, regular elimination... without unnatural urgency.
- It does not irritate the intestine or add bulk.
- It does not upset the stomach.
- It contains no laxative drug... is not habit-forming.
- It establishes *continued* regularity... more surely and safely than any laxative can!
