

WATCH OUT!

Other refrigerators — even the latest — make you defrost the freezer!

New 1957 Westinghouse Frost-Free* Defrosts the Freezer Automatically

Imperial Frost-Free FK-125

Entire Refrigerator defrosts itself automatically!

Most brands which claim "automatic defrosting" do not defrost the freezer! But with the Westinghouse patented Frost-Free System, a special button counts door openings. When enough openings cause the slightest frost to form in the freezer, Frost-Free melts it away 100% automatically... so fast even ice cream stays firm! Defrost water evaporates automatically. No more messy freezer defrosting! And no frost forms in the refrigerator section.

Enjoy these other *plus* advantages:

Choose-N-Change Colors... 10 top color panels on door and 5 cabinet colors... 50 Confection Color Combinations — easily, inexpensively changed when you redecorate later.

Patented Porcelain Meat Keeper®... keeps 18 lbs. fresh for a week.

Westinghouse Quality... proven in electric refrigeration since 1930!

Westinghouse puts far more food at your fingertips!
