

ILLINOIS VALLEY Last Kids Night Is Held

By HELEN BOTTEL
Cave Junction — The last O'Brien Kids Night of the school year, and possibly the final presentation of the monthly event, was held Friday.

Because Principal John Grubb will not teach at O'Brien next year, Kids Night, which he instigated three years ago, will be without a leader. It was through the use of Grubb's phonograph and amplifying system, as well as through his square dance instruction that the popular dances were able to function.

He also ran the projection machine and was responsible for renting the movie films which provided entertainment for children and parents earlier in the evening.

Decreased enrollment has made it necessary to drop the fifth and sixth grade classes from O'Brien school, and to eliminate a principal there.

Only bidder at the forest service sale of Port Orford cedar last week was Claude Reinoehl, owner of Southern Oregon Archery arrow shaft factory at Kerby.

Reinoehl bid \$9 per thousand for the estimated 25,000 board feet located on Page mountain. He took the first load out last Wednesday.

Georgia Adams was initiated into the Eagles auxiliary Thursday night at the Kerby hall. Following the business meeting, members of the Eagles lodge joined the auxiliary for refreshments and dancing.

A joint installation is planned June 8 to be conducted by Grants Pass officers. Members of the Medford and Grants Pass drill teams will participate in the ceremony.

William Inman, foreman of the state highway department crew in Illinois Valley, was called to Vale, Ore., last week by the death of his father, James Hughes Inman. Funeral services were held in Vale Tuesday, April 30.

Mrs. Ralph Messenger's parents, Mr. and Mrs. Howard J. Lewis of Seattle, are guests at the Messenger home near Cave Junction.

Illinois Valley volunteer firemen were called twice last week to small fires on the Caves highway.

First call was Tuesday from the Gilbert Clayton's Woodland Echoes Motor Lodge, when upholstery in a car caught fire.

An attic blaze in the old McKinnon home about four miles east of Cave Junction brought firemen out again Friday. No damage was reported by renters Mr. and Mrs. Harold Beck.

Honey Hazel Shelton was found guilty of driving while under the influence of intoxicating liquor last week in Illinois Valley justice court, and was fined \$250 and costs. A 30-day jail sentence was suspended. She pleaded not guilty to the charge.

Mrs. Bill Howland was honored recently at a surprise birthday party given by members of the Cave Junction Community choir after weekly practice.

Guests included Bill and Bob Howland, Mrs. Frances McCumber, Mrs. Homer Smith, choir director; Mr. and Mrs. Bill Carter and family, Mr. and

Mrs. George Martin, Mr. and Mrs. Marvin Cross, Ruby and Norma Martin, Otis Hussey and Carl Hammer Jr.

For its Mother's Day program, the Illinois Valley Women's club is planning a program to be presented by Georgia Adams, local high school instructor, who was formerly a Red Cross worker in the Far East.

A former resident of the Valley, Clara A. Cochran, and Joseph E. Verdin of Grants Pass were married last week by the Rev. Leroy Fraser at the Grants Pass Baptist church.

The couple spent their short honeymoon at Cave Junction, where the bride lived from 1933 to 1937.

Verdin, who came to Grants Pass in 1888, operated a real estate business there for 40 years.

Illinois Valley Boy Scout Troop 20 will put on a bridge building and tent pitching exhibition at the Boy Scout Circus in Medford, Saturday, May 18.

Larry Musil, manager of the Ivy and Frontier theaters, has offered free show tickets to the patrol selling the highest number of tickets to the circus.

A Sunday brunch brought friends to the Arthur Cribb home in Kerby May 5. Guests were Ann Paulson, Mrs. Anna Witrock, Mrs. Dolly Duncan, Al Hobart and Mable Ballard.

Steelhead are still running in the Illinois river, and, according to reports, are not of the spawn-out variety.

David Savage hooked four, ranging from more than 20 inches to less than that last Saturday, and Art Cribb got a three-pounder Friday.

The Four Roses and a Fifth, a brass band with drum accompaniment formed of Illinois Valley high school seniors, played their first informal engagement at the O'Brien Melody Lane Playhouse Friday night.

Musicians are Phil Kellar, Bob Burrows, Jerry Yandell, Jim Deaton and Don Sherier. The boys plan to make weekly appearances at the Melody Lane, a teen-age game and dance room recently opened by Paul Schneider.

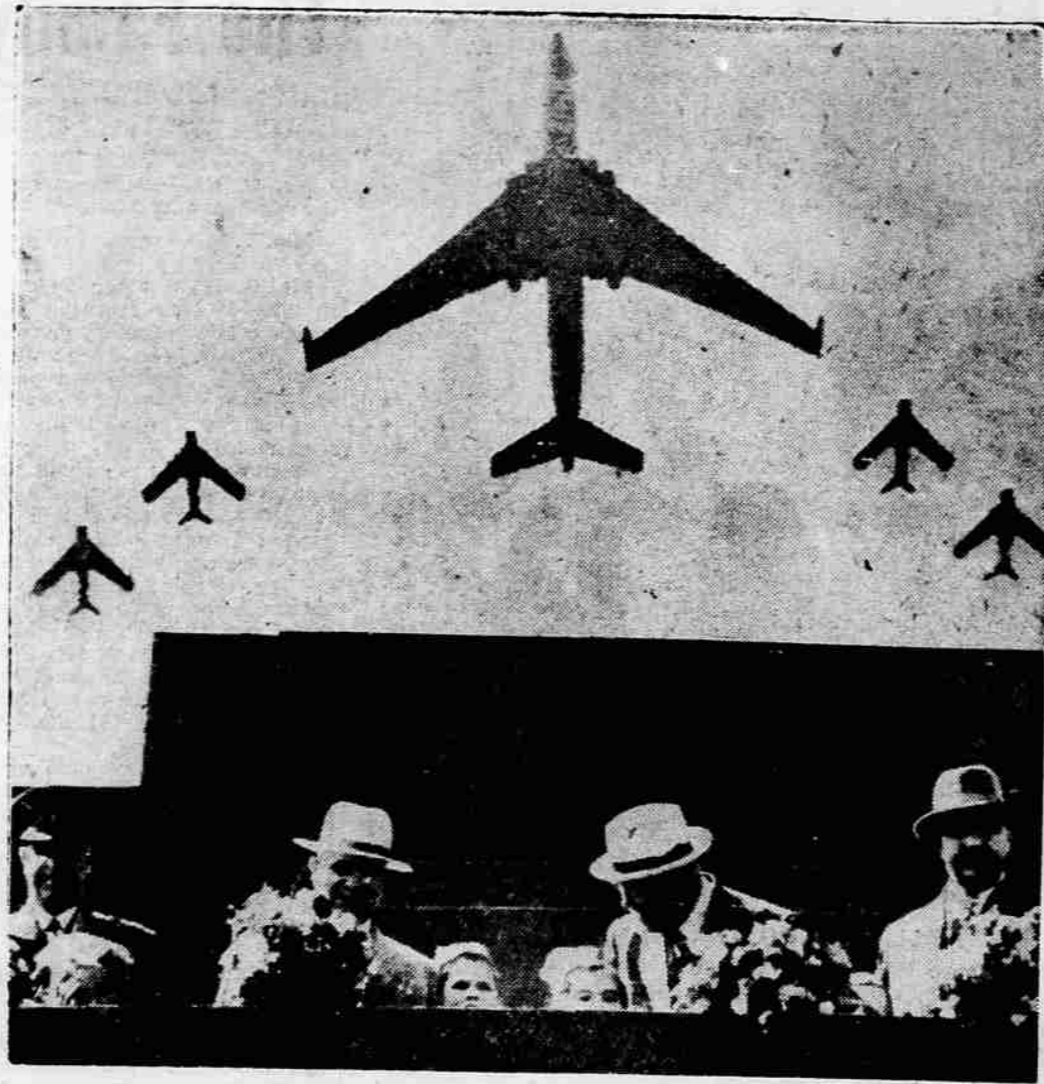

The Southern Oregon college presented a concert Friday afternoon at Illinois Valley high school as part of their three-day tour of schools in southern Oregon.

Several O'Brienites entered Josephine General hospital last week end. Mrs. Delbert O'Brien and Bill Peery underwent major surgery Friday, and on Saturday Bob Bottel was taken for observation and treatment.

Gonza Louise McDonald of Kerby must remain in traction for three weeks at the hospital. Her upper leg was broken Friday when she fell under her father's car as he was pulling out of their driveway.

Mr. and Mrs. Karl Preston and their daughter, Karen, returned Thursday from a three weeks tour of the southern states.

Winners in Illinois Valley High school's primary elections last Thursday were Stan Love, Gary Meredith, for student body president; Jackie Williams, Mike Whiteley, vice president; Dolores Reinoehl, Donna Frost, secretary; Mike McDermott, Ruth Hulsey, treasurer; John Good-

RUSSIANS ROLL OUT RED MIGHT—A huge "Bison" four-jet heavy bomber (top), escorted by MIG-17 "Fresco" fighters, flies over Moscow's Red Square as part of a parade of 178 planes of various types. Below, Russian leaders stand with wreaths at the Stalin Mausoleum during the annual May Day parade. Recordings Played At Elkin's Trial

Portland—(U.P.)—Five reels of tape recordings, which the government claims contain intercepted telephone conversations, were admitted Monday as evidence in the federal wire tap trial of racketeer James Elkins and Raymond Clark.

The tape recordings were admitted over objections of defense attorneys. Federal Judge William East said the weight of the recordings was a question to be decided by the jury. One witness took the fifth amendment. He was James (Slim) Jenkins, of Contact, Nev., who was asked if he ever worked for the Service Machine company. Testimony Monday said the firm was Elkins' when he had pinball routes. Jenkins refused to answer this and other questions, pleading the fifth and 14th amendments. In Circuit Court Monday, Judge Frank Lonergan continued until 2 p.m. today the entering of judgment in the case of District Attorney William Langley who faces possible removal from office for an April 13 neglect of duty conviction.

West German Chancellor Konrad Adenauer, with whom Macmillan will confer during his three-day visit aimed at thawing out the chill in relations between the two countries caused by Britain's abrupt decision to slash its forces here, thanked him and added: "The creation of a new order in Europe and the world are problems which cannot be solved in a few months or years. They demand great patience, great persistence and, I might say, great optimism and the belief that what is really good will win in the end."

Adenauer also thanked Macmillan for his pledge of support on German reunification and for stressing "human rather than political problems" first on his arrival.

win, Russ Beem, sergeant at arms. The general election will be held Thursday.

At elections last week, Susan Lemmon, Zada Smith, Judy Hansen, Ruth Tibbs and Myrna Kellogg were named on next year's rally squad, while Carmel White, Kathy Tyer and Donna Frost were named cheer leaders.

Macmillan Urges United Germany

Bonn, Germany—(U.P.)—British Prime Minister Harold Macmillan warned today there can be no settlement of European problems as long as Germany remains divided.

"We admire the attitude of the German people and sympathize with you," Macmillan said in an airport statement shortly after his arrival from London. "With you we believe that there will be no solution of European problems without European reunification."

West German Chancellor Konrad Adenauer, with whom Macmillan will confer during his three-day visit aimed at thawing out the chill in relations between the two countries caused by Britain's abrupt decision to slash its forces here, thanked him and added:

Formosa To Have Guided Missiles

Taipeh—(U.P.)—The U.S. Embassy announced today that the American Air Force will station Matador guided missiles on Formosa. The missiles are capable of carrying atomic warheads.

A joint statement by the United States and Nationalist China said "This action is taken wholly for defensive purposes of deterring and if necessary repelling attack."

The statement made it clear the Matador unit of the U.S. Air Force is not here now. There was no indication when it will arrive.

The Matadors operate at a speed of more than 650 miles an hour and have a range of several hundred miles—enough to reach the Chinese mainland across the Strait of Formosa.

The statement said the United States and Nationalist China have agreed to the stationing of Matadors on Formosa because of the continued Chinese Communist military build-up on the mainland opposite Formosa.

The missiles will not be given to the Chinese Nationalists but will be handled by U.S. Air Force personnel. There was no indication if nuclear warheads were being sent here with the Matadors.

West Hartford, Conn.—(U.P.)—Robert Carey has a better reason than most for hating cats. His new station wagon was smashed when it turned over after Carey swerved to miss a cat that darted into the vehicle's path.

YOUNG RACERS
Haddonfield, N. J.—(U.P.)—The South Jersey Junior Racing Association, a non-profit club formed "to promote and encourage midget auto racing as an interesting and safe activity for young children," is open to boys and girls from 6 to 16.

Up goes a new horn of plenty to quadruple your long distance voiceways. Telephone people dubbed the new microwave horn going into place atop this tower the "cornucopia." It's a true telephone horn of plenty for you. Old block-shaped horns like the one on the tower could each beam 3,000 simultaneous phone calls between two distant points. The new horns will put 12,000 calls each over the same microwave system. These same cornucopias can also carry more network TV shows for you, more Telephotos for your newspapers, more Teletype messages for businesses. Vital new improvements like the cornucopia are helping to meet your ever-growing need for more and better telephone services.
