Syracuse, N.Y. — (U.P.) — Contenders Isaac Logart of Cuba and Gaspar Ortega of Mexico engage in a 12-round "rubber match" tonight for a probable shot at the welterweight crown.

Although each won a previous meeting, Logart is favored at 11-5 to beat lanky Ortega, a long-range sharpshooter, this time at the Syracuse War Memorial auditorium.

Their significant bout will be televised and broadcast nationally by NBC.

The winner will be in a position to challenge champion Carmen Basilio of nearby Chittenango, N.Y., for the 147-pound crown. Or he will be geared to fight top-ranked ex-champion Tony De Marco for the vacant crown in case Basilio wins the middleweight championship from Sugar Ray Robinson in September. Basilio could not hold two titles.

Holmes Signs New Responsibility Law

Salem — (U.P.) — Gov. Robert D. Holmes Thursday signed the state's new relative responsibility act.

The bill liberalizes requirements upon relatives from contributing to welfare support. Some 80 per cent of the persons in lower income brackets now making such support payments will be freed from doing so under the new act.

Mail Tribune Shoot Begins on Saturday

A trophy for the high overall shooter on 50 targets will be offered in addition to the awards for the regular events in the 24th annual Medford Mail Tribune Traps shooting tournament at Medford Gun club.

Scattergunners from throughout southern and southwestern Oregon are expected for the Saturday and Sunday competition. It will be the last big event of the season at the local traps. The shoot is registered by the Pacific International trapping association.

Two-hundred fifty targets each day will be offered, 100 at 16 yards, 100 handicap clay pigeons and 25 pairs of double. First rivalry on Saturday morning will be the Rogue Valley Hundred, a 16-yard shoot. The 100 handicap will follow with the Chester Wood perpetual purse and trophy on the first 50 targets. Doubles will follow.

Sunday events open with the Mail Tribune trophy shoot at 16 yards at 9 a.m. It is the event from which the tournament gets its name. Class B and lower

shooters also will contend for the Mendenhall trophy. The \$250 Medford handicap will be next on the program and the tourney will conclude with 25 pairs of doubles.

A buddy shoot for two-man teams will be contested concurrently with the Sunday 16-yard and handicap events.

Walt Fisher of Wedderburn claimed the Mail Tribune hardware in 1936, while George Jantzer, a twice holder of the Tribune trophy won the Mendenhall prize.

A trophy will go to winner and runner-up in each class of the Rogue Valley hundred and the Mail Tribune trophy event. In addition there'll be awards for high lady, high junior and high veteran (70 years of age and over) for the Sunday 16-yard shooting. Trophies also will go to winner and runner-up in the handicaps and to winners and runners up in the two classes of doubles rivalry.

Fisher had a perfect 100 last year in taking the Tribune trophy. It was the seventh time in tourney history that 100 straight had been fired in the competition.

Herb Score On Disabled Player List

Cleveland — (U.P.) — The Cleveland Indians elected to pay a 30-day "penalty" in exchange for Herb Score's career today as increasingly optimistic reports indicated the stricken southpaw pitcher may be back on the firing line by June 15.

Struck in the right eye by a batted ball Tuesday night, Score was placed on the Indians' disabled list Wednesday by General Manager Hank Greenberg, who nevertheless conceded, "Herb possibly might be able to pitch before 30 days."

Whenever a baseball player is placed on the disabled list, he must remain inactive for 30 days. This means that Score will not be able to rejoin his teammates until June 8.

In announcing his decision to place Score on the disabled list, Greenberg said, "The doctors tell us that... Herb will be unable to pitch for at least three weeks. In this instance, we cannot think of one or two ball games but only the future health and welfare of one of baseball's best performers."

Satisfactory Progress

Meanwhile, Dr. Charles Thomas, a Cleveland eye specialist, examined Score again Thursday night at Lakeside hospital and reported "satisfactory progress," although he cautioned "We do not yet know the condition of the retina."

The specialist also indicated that if Score survives the injury with some vision in the eye, the injury should not affect his career. He said all examinations thus far have indicated that Score will be able to see out of the injured eye.

"The question now is what, if any, will be the percentage of loss of vision," Thomas added.

Thomas postponed an X-ray examination of Score's right eye Thursday until either today or Saturday.

The 23-year-old "million dollar" strikeout artist will be kept in a quiet and darkened room until the eye clears sufficiently to permit an examination of the retina. If there is no detachment, Score could be released from the hospital quite soon.

World Dash Mark Could Be Broken

By HAL WOOD

Fresno, Calif. — (U.P.) — Three of the greatest sprinters in the world go to their starting blocks in the West Coast Relays here Saturday night and, if everything goes right there could be an electrifying new world record in the 100-yard dash.

"We've got the three fastest men in the world in Bobby Morrow of Abilene Christian; Leamon King of California and Mike Agostini of Trinidad and Fresno State," says meet Director Flint Hanner. "We have the fastest track in the world."

Patton Record Threatened "Now if we can only come up with the perfect weather and a perfect start to round things out we might hit that 'impossible' mark of 9.2 seconds."

Morrow will be favored to win the race, because he is the type of man who runs to beat the opposition — as he proved by winning both the 100 and 200 meter events in the Melbourne Olympics and if a man ever will be pushed, this should be the time.

Fresno, Calif. — (U.P.) — Things were smooth again with the West Coast relays today after a timely coincidence soothed the injured feelings of San Jose State and nipped a feud of Western schools in the bud.

San Jose State withdrew from the meet, oldest in the West, Thursday in a huff after its sprint relay team was assigned to competition against club and service teams instead of against crack college and university teams.

However the University of California withdrew from the sprint relay for other reasons and the lane this opened was assigned to San Jose State. The Spartans then agreed to compete.

Astoria — (U.P.) — A week-long strike by the Auto Mechanics union against six dealers here ended Thursday when they agreed to a 10-cent hourly wage boost retroactive to May 1. Another five-cent increase goes into effect Nov. 1.

Chinese Communists Find Rare Tree Varieties

Tokyo — (U.P.) — Communist Chinese experts have found rare varieties of trees known to have existed a million years ago, Radio Peiping said today.

The broadcast heard here said the trees were found in southern Yunnan province on the border of the tropical monsoon belt. It said the species have become extinct in most parts of the world since the glacial invasion.

The Bureau of Public Roads estimates there will be 81 million motor vehicles on the highways by 1965, or 16 million more than are on the highways today.

Portland Gives Rowland Eyeful

Portland — (U.P.) — Clarence "Pants" Rowland, former president of the Pacific Coast league and now a vice president of the Chicago Cubs, was here today to look over the Portland Beavers to see what the basement-bound Beavers need in the way of player help.

Rowland got an eyeful Thursday night as Portland blew a 6-0 lead and dropped a 9-7 decision to the Los Angeles Angels. The Beavers' record now is 5-20 which is even lower than the Washington Senators in the American league who have 5-18.

Darrell Martin, the young right handed pitcher, was sent on option to Des Moines and catcher Ron Bottler, who previously had refused to report to Des Moines, was optioned to Fort Worth of the class AA Texas league.

In order to organize the Rough Riders for service in the Spanish-American War, Theodore Roosevelt resigned as assistant secretary of the Navy.
