The percentage of divorce is higher among Libra (Sept. 23-Oct. 22) women than that of any other females of the Zodiac. It takes a man of great understanding, much patience, unusual tact and a highly sympathetic nature and much courage to successfully handle a Libra woman. Females born under that sign frequently become very moody and somewhat sulky and consequently quarrelsome. When a Libra is in a battling mood her husband

should withdraw from her presence as soon as possible. He can't win. And won't get the last word. Besides, his wife may throw something at him. Libra women are incurably romantic. They don't sing in the shower, they recite love poetry. A Libra woman wants a matrimonial mate who acts more like a lover than the husband. Or, so say the stargazers.  
**Speculator**  
Once when on the witness

stand Bernard Baruch asked to state what his occupation was, replied, "A speculator." Asked to explain what a "speculator" was, Mr. Baruch said, "A speculator is a man who observes the future and acts before it occurs."

**Passing By**  
"Ginger" Rogers nee Virginia Katherine McMath. She was born in Independence, Mo. She is enjoying renewed popularity because of the revival of so many of her films on television. In fact, the most popular films on the airwaves now are the Rogers-Astaire pictures. It was

in 1933 Ginger first played in a film with Fred Astaire. It was titled "Flying Down To Rio." I think the best Rogers-Astaire picture is "The Gay Divorcee."

**Asking**  
Queries from clients. Q. How old was Ty Cobb when he played his first major league game? A. Ty was 18 on that auspicious occasion. First time up he hit a two-bagger off the great Jack Chesbro of the New York Yankees. . . Q. What is the greatest acting part in Shakespeare? I say it is Hamlet. Right? A. It is just a matter of opinion. I

think Iago is the greatest Shakespearean part.

**Briefly**  
Airplane passengers should ride facing the rear of the plane. It is claimed by safety experts that this manner of being seated lessens the chances of injury in air accidents. . . Kilkenny is usually connected with cats. But in that part of Ireland are grown some of the world's most beautiful roses. Tom Moore wrote "The Last Rose of Summer" in a garden in Kilkenny.

husband remembers everything his secretary wears. She, therefore, worries considerably about her spouse having a romantic interest in his Girl Friday. That a husband recalls what his secretary wears is not necessarily a cause for wifely concern. It is only when a man remembers the color of his secretary's eyes that his wife should worry.

**Sidelights**  
When a person with a cold sneezes in a theatre the chances

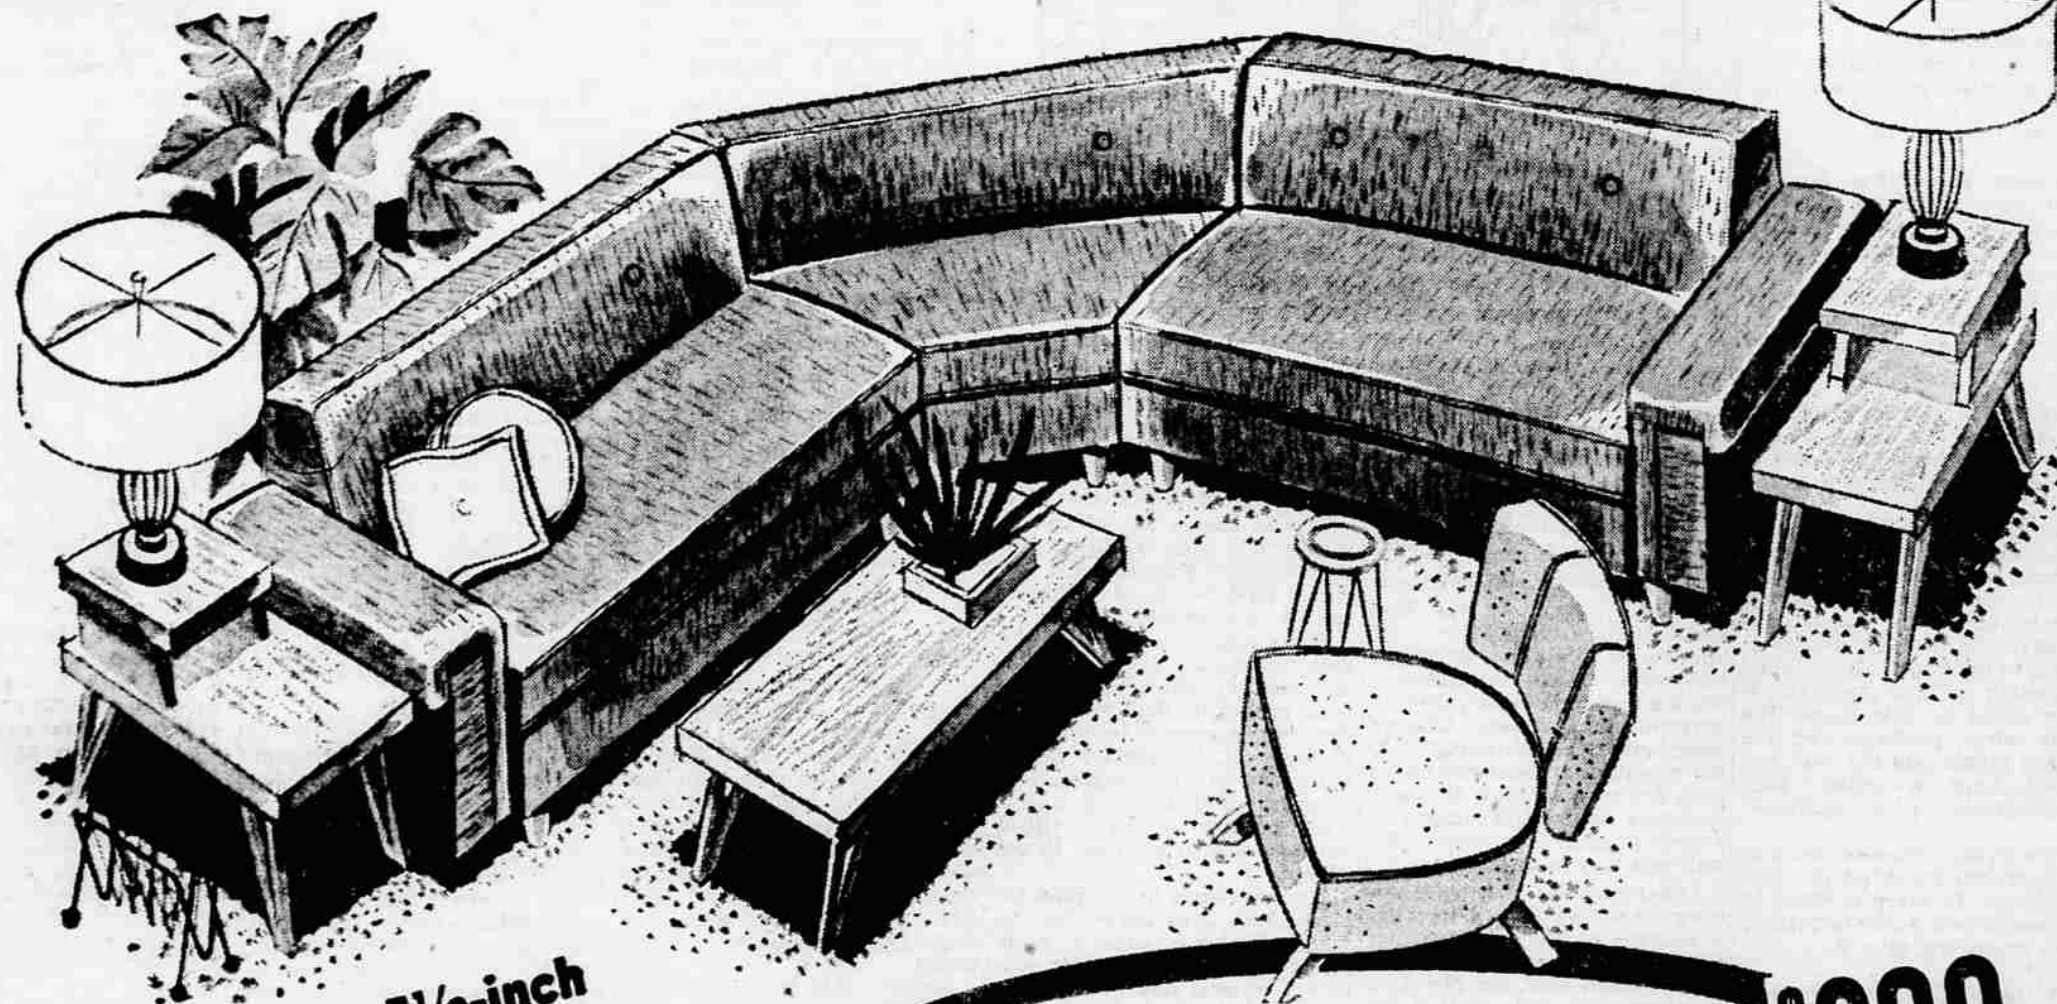

are that 15 other people in the theatre will become infected. People with colds should be required to wear masks in theatres. . . On what date was your dog born? Do you stage a birthday party for him? Anyway, do you know that puppies born in the spring are the strongest and make the best dogs because they do their growing in the summer.

Braces of titanium, a metal strong as steel but only one half as heavy, are used for polio victims' limbs.

Largest U.S. post office serves Manhattan and the Bronx, two of New York's five boroughs. It earns one-tenth of the total U.S. postal revenue and handles 17 million pieces daily.
