The Medical Roundup

by *Walter Tilgner*
Emeritus Consultant in Medicine,
Mayo Clinic
Emeritus Professor of Medicine,
Mayo Foundation

A NICE OLD LADY
So often when I see someone in the office who is psychotic and perhaps, for a time, has had to be shut up in a mental hospital, I will ask if there is any insanity in the family, and the relative who came with the patient will say "Oh, no, there is absolutely no such trouble in our family. Our psychiatrist assures us that this trouble is due purely to the coming to her of some weird sexual ideas when she was a year old."

Later, when I get to know the family I may learn of two or three relatives of the patient who, although they can be very pleasant, and affable with strangers, at home are definitely

Morse Compares Tax Write-Offs To Beck's Actions

Washington, D.C. — Senator Wayne Morse (D-Ore) today likened the recent tax write-off granted Idaho Power Company to the alleged machinations of Teamster Boss Dave Beck in "putting his hand into the pockets of the Teamsters and taking out of those pockets interest-free loans of some \$200,000 to \$400,000 for his personal benefit."

Calling the tax write-off "an inexcusable betrayal of the public trust," the Oregon Senator said:

"Granted that the Eisenhower administration is doing its giving away under the law. But from the standpoint of political morality there is no difference between the Eisenhower administration's conduct in this matter and Dave Beck's conduct when he takes an interest-free loan of money belonging to the Teamsters."

Belongs To Taxpayers
Morse pointed out that "This money involved in the Idaho Power Company tax giveaway belongs to the taxpayers of this country, and it's about time that the American people, Republicans and Democrats alike, make perfectly clear to this administration that they want no more of it."
