Eugene — Oregon, which became champion of the Northern division baseball race Tuesday as Oregon State dropped a twin bill to Washington, defeated Seattle university 1-0 in 14 innings.

The Ducks used five pitchers, Ron Whittaker, Don Lane, Stan Dmochowski, Rollie Heath and Denny Olsen.

The winning run came on a single by Catcher Ellis Olson which scored Wimp Hastings from second.

The Ducks managed 17 hits off loser Maurice Galbraith but couldn't score until the 14th. Seattle got eight hits.

## CLOSED TO ANGLING

Portland — A portion of the Walthers canal on the McKenzie river was closed to all angling as from Tuesday noon, State Game Director P. W. Schneider announced. The portion closed extends from the fish commission racks downstream to the mouth of Camp Creek. The emergency action was taken to protect adult chinook salmon concentrated in a hole below the fish commission racks.

## Solly Drake's Homer Wins for Portland

By DON THACKREY  
United Press Sports Writer  
Pacific Coast league teams twisted some sage old advice in winning their ball games Tuesday night. They "hit 'em where they ain't"—over the fence.

Pitcher Marshall Bridges gave his Sacramento teammates plenty of time to win the game from Hollywood for him. And then he hit a home run himself in the 10th to do it 2-1.

Portland also rose from the depths of the second division to clout Los Angeles 5-1 on the strength of Solly Drake's grand slam home run.

A homer by Earl Averill provided the margin as San Diego edged San Francisco 3-2. Seattle and Vancouver just stayed at home on account of the rain.

**Bridges Wins Own Game**  
Bridges, a 25-year-old ex-first baseman, held Hollywood to five hits and blanked them in the last nine innings. He also had a part in the first Sacramento run by sacrificing Chico Heron along to where Artie Wilson could single him home.

Bridges' homer came with one out in the bottom of the tenth and settled a tight pitchers' dispute with Bob Garber. Garber held the Sacs to four blows, but one of them was the long one by his pitching opponent.

Drake's homer broke a 1-1 tie in Los Angeles and gave Bob Alexander the nod over Dick Hanlon. Alexander and Dave Hillman held the Angels to four hits.

Hanlon allowed eight hits and lost his first game after four straight wins. The win was number four in a row for the Beavers, now making noises like they wanted to move up in the PCL standings after a miserable start. It was also the fifth loss in a row for the falling Angels.

San Diego's Pete Mesa and Gene Lary combined to hold San Francisco to two hits. Mesa went out with a sore shoulder in the fifth when San Francisco scored both its runs.

**Averill Hits Winning Homer**  
The Padres bumped portly Harry Dorish for two runs in the third and added what turned out to be the winner in the fourth when Averill cracked his third home run of the season.

Dorish took the loss although he and three other Seal hurlers limited the Padres to five hits. Lary was the winner. The two-run outburst by San Francisco in the fifth fell just short of tying and that was the only frame in which the Seals got any safeties.

Vancouver moved into second place in front of San Francisco without moving a muscle when rain fell in Seattle.

## Easter's Homers Boost Buffaloes

By UNITED PRESS  
Luke Easter, a big, lumbering slugger who has finally reached his potential in the International league, is chiefly responsible for Buffalo's first-place position today.

The big first basemen, who was said to have the makings of an all-time great when he broke in with Cleveland in 1949, hit two home runs Tuesday night as Buffalo walloped Montreal, 13-3, in a game played at Quebec. The wallops give Easter, now 35, a league-leading total of nine.

Jack Crimian, a recent acquisition from Kansas City, won his first decision as Toronto topped Rochester, 3-2. The victory, aided by Lew Morton's fifth homer, enabled the Leafs to remain in third place, half a game behind Buffalo.

In a 16-inning game that lasted almost five hours, the Columbus Jets edged the Miami Marlins, 3-2.

**KATT STEALS**  
Chicago — Ray Katt, the New York Giants' lumbering catcher, stole only the second base of his five-year major league career Tuesday against the Chicago Cubs. Katt stole second successfully during the sixth inning on the tail end of a double steal with Willie Mays, who stole home.

### Hank Bauer Arraigned

New York — Yankee baseball outfielder Hank Bauer was arrested for felonious assault Tuesday by a delicatessen owner.

The husky ballplayer was fingerprinted, booked, photographed and arraigned after a citizen's arrest by Edwin Jones, who was partying with a bowling team at a table near a Yankee birthday party in the Copacabana night club last Thursday. Jones admitted he never saw who hit him during the early morning brawl, but his brother-in-law put the finger on Bauer.

Bauer was released in his attorney's custody to "go about his business" until a further hearing, set for June 21 at the lawyer's request. The Yankee team will be traveling from June 2 to June 18.

### Yakima Ups Lead in NWL

By UNITED PRESS  
The Yakima Bears moved one step further out in front of the Northwest league Tuesday night thanks to some wild, wild pitching by four Tri-City hurlers.

Yakima topped the Braves 12-4 in the only league game played by taking advantage of 15 walks. Tri-City outbit the Bears 13-8 but was never in contention after the Bears scored two runs in both the first and second frames.

Scheduled games featuring Lewiston at Salem and Wenatchee at Eugene were rained out. Those teams will try to get in double-headers tonight.

### Homeruns Fewer So Far This Year

New York — The spittball nobody throws... a new "dead ball" in play... or perhaps the hitters are tired... whatever the reason, big league pitchers have cut down sharply on homer production this year.

A United Press survey of the first 225 games played this season and last reveals an overall 18.7 per cent decrease. The drop is 21 per cent in the National league and 15.2 in the American with only four of the 16 teams showing a rise in production from 1956.

The Kansas City Athletics show the biggest rise, 34.7 per cent, followed by the Baltimore Orioles' 30.7, the Chicago White Sox' 28.6 and the New York Giants' 11.1.

The Cincinnati Redlegs, Pittsburgh Pirates and Chicago Cubs have suffered the biggest drops in the NL, while the Washington Senators, Detroit Tigers, Boston Red Sox and New York Yankees show the sharpest decreases in the AL.

### Hearing on IBC Resumes Today

New York — Both sides were expected to call important witnesses when the Justice department and the International Boxing club resumed their verbal sparring today in U.S. District court.

Gene Tunney, who became the richest heavyweight champion of all time, was to testify for the defendants—Jim Norris, Arthur Wirtz and associates—who already have been found guilty of monopoly.

Julius Helfand, chairman of the New York state Athletic Commission, also was expected to be on hand as the hearings resume before Judge Sylvester Ryan. The IBC was found guilty of monopoly in the conduct of title fights by Ryan on March 8. He is now hearing arguments from both sides before deciding what penalties to inflict.

### Beavers Return Players To Cubs

Los Angeles — The Portland Beavers, 5-1 victors over Los Angeles in their opening series game, sent two players back to the Chicago Cubs today.

First Baseman Joe (Smacko) Macko was returned to Chicago and optioned to Louisville of the American association. Second baseman Bobby McKee will go as Cub property to Memphis of the Southern association.

Portland, with last year's regulars Bob Borowski and Ed Mickelson back in the lineup, scored four runs in the ninth inning Tuesday night to defeat the Angels. All four came on Solly Drake's grand slam home run.

## Coast Conference Limits Tuitional Grants In Aid

Spokane, Wash. — The nine Pacific Coast conference representatives wrestled again today with the weighty problem of aid to athletes with time running out on their annual spring session.

Tuesday the representatives established a new rule limiting tuitional grants in aid from sources outside the schools.

However, no action was taken on an actual dollars-and-cents proposal for aid based on the cost of living at the various schools.

A total of 150 grants per quarter or semester will be allowed each school beginning Sept. 1, 1958. Of these, 75 may be for football and 20 for basketball.

Previously, a limit of 60 grants from school funds was in effect but there was no control over the number of grants from contributions. The 60-grant limit from institutional funds will be retained.

No specific reason for limiting grants from contributing sources to 150 was given but a conference spokesman said officials felt it was a "reasonable number" and should be so stated.

The proposal to make payments to athletes on a sliding scale formula based on the cost-of-living has been before the conference since March. It was discussed at the Portland meeting then put off until the current session.

At present, athletes are permitted to earn not more than
