Goal's Milk Cheese Blamed for 65 Poisoning Cases

Libertyville, Ill. — Authorities here indicated a cheese made from goats milk was responsible for an epidemic of food poisoning that reared through a picnic at a Serbian club here. At least 65 persons were stricken by the tainted food.

The epidemic struck at the Serbian Orthodox clubhouse near here where some 1,000 persons from three states gathered for Memorial Day observance.

Visiting at the food poisoning were husbands to husbands in Libertyville, Newburg, Highland Park, and Wheeling.

During the picnic at which lamb, pork and cheese were served, monks, their guests and children began rolling to the ground clamping their stomachs in agony.

"Dropping Like Flies" The Rev. Timothy Tepsic of the monastery said "they were dropping like flies."

Others who thought they had escaped the toxic effects of the food soon found they were mistaken. On their way home from the picnic grounds, they were belatedly caught by the effects of the poisoned food and forced to pull off the road and summon help.

Algerian Band in Bloody Massacre

Algiers, Algeria — A band of Algerian extremists killed all 275 male inhabitants of the tiny village of Neluza, 115 miles southeast of Algiers, while the families of the victims watched in terror Thursday.

News of the massacre was brought by terrified women and children to a nearby French garrison.

According to the reports, the raiders stormed into the village and embarked on an orgy of bloodletting. The reports said none of the 275 males in the village escaped the slaughter.

The raiders slit the throats of their victims before the eyes of wives and children.

The women and children fled 27 miles to Bordj Bou Arreridj where a French garrison is stationed. French troops rushed to Neluza but the raiders had disappeared.

It was believed the mass killing stemmed from rivalry between the extremist national liberation front movement and the Algerian nationalist movement, and older and less extreme organization. The raiders were believed to be members of the national liberation front.

On The Side

Children are what their mothers are. Mothers are the greatest factor in their lives. The father is the least.

Does your matrimonial life object to being required to state her occupation as "housewife"? Would she prefer to describe herself as a "home manager"? Contrary to general belief few women object to the term "housewife." In the 1930 census the United States Government substituted "home manager" for "housewife." The change made no particular impression on our countrywomen. Nor did it inspire much comment. The term "housewife" is now widely used and that of "home manager" rarely.

To what extent do the hospitals of Ireland benefit from the Irish Hospital Sweepstakes? That's what a Bostonian would like to know. In one nine-year period the hospitals of Ireland received the equivalent of \$48,400,000 from the Irish Sweepstakes profits. It is, therefore, not surprising that the Irish hospitals are the best equipped in Europe.

Wheel Leaves Racer; Two Dead; Three Hurt

Clarion, Pa. — A wheel flew off a speeding stock car during a race Thursday and slammed into a group of spectators, killing two children and injuring three other persons.

The wheel's momentum was so great it shot up the bleacher-type stands and sailed over the top of a 16-foot end wall, landing outside the speedway.

The dead were Mary Lou Lindey, 8, daughter of Mr. and Mrs. Walter Lindey, Slippery Rock, Pa., and Harold W. Brunn Jr., 12, son of Mr. and Mrs. Harold W. Brunn, Gibsonia, Pa. The girl was killed instantly and the boy died in Clarion Osteopathic Hospital three hours later.

Mrs. Mary Gallagher, 31, Butler, Pa., was in fair condition at the hospital with a possible skull fracture.

Lindey, father of the dead girl, and Robert L. Byers, 12, Reno, Pa., were treated at the hospital for head injuries and released.

Abraham Lincoln was largely instrumental in removing the state capital of Illinois from Vandalia to the present site of Springfield.

ALL IN THE EAR

What you see in this girl's ear is Sonotone's new hearing aid — complete. IT'S WORN ENTIRELY IN THE EAR — no cord, no extra "button." Weighs only half an ounce.

Women's hairdos hide it completely. On men, this amazing hearing aid is barely noticeable from any angle.
