

### Wayne H. Safley New Agent For Life Insurance Company

Wayne H. Safley, 2111 Hillcrest rd., Medford, assumed duties June 1 as an agent with the Medford office of the Aetna Life Insurance Company, according to Curt L. Hopkins, district manager.

Safley, who formerly has been an executive in the lumber industry in Medford, was named to the position following a four-

week comprehensive instruction program with the Aetna Life school in Hartford, Conn. He completed the estate control plan course at the school.

Graduation from the insurance school, held April 27 to May 25, qualifies Safley to handle family life insurance, group insurance coverage, business insurance, estate clearance insurance and accident and health insurance.

Safley was one of 37 persons throughout the nation and four from the coast to qualify for the life insurance school. Included in the course was class instruction, study and research and practical application.

Operating area for the insurance agent will be southern Oregon. He will make his headquarters at the local Aetna office, located in the Goldy building, Medford.

WAYNE H. SAFLEY Insurance Company Agent

Salem—Oregon officials suspended driver licenses of 770 individuals during May.

### Cattle Breeders Told To Develop Own Supports

Columbus, Ohio—The editor of a national dairyman's magazine told Jersey cattle breeders meeting here Wednesday to develop their own plan to replace federal price supports.

W. D. Knox, editor of Hoard's Dairyman, told the closing session of the American Jersey Cattle club to stop depending on government price supports which failed to keep farm profits from dropping 20 to 25 per cent in the past five years.

### WRONG MEN

North Syracuse, N. Y.—Burglar-conscious police and deputy sheriffs spotted two parked cars backed up against the rear of a supermarket at midnight. They closed in, captured and then released the store's cleanup man.

New Rochelle, N. Y.—John A. Moroso, 82, newspaperman, author and criminologist, died Thursday.

### DAM IN OPERATION

Tokyo—The burge 447-foot-high Ogochi Dam went into operation today, nearly 20 years after the first ground was broken. The \$67 million project is expected to double the daily supply of water to Tokyo, the world's third largest city. Eighty-two lives were lost during construction of the dam.

District of Columbia occupies an area of 62 square miles.
