

Active Year Noted At Eagle Point High

By THOMASINE SMITH
Eagle Point High school has been highlighted by many events, including additions to the curriculum and individual as well as group honors.

Many projects were undertaken in Industrial Arts class such as two run-abouts, one in-board and one outboard boat, several boat trailers and a variety of cabinets. Don McGovern, instructor, introduced a carpenter class this year, one of their projects in practical experience was working on the new Community church addition which is next to the school.

Speech Course
Speech, a new course added to the curriculum, proved its worth the first year by being a major contender in all Oregon speech competition. To finish off the year in good style, the Eagle Point debate team consisting of Millie Haynie, Sally Mongold and Carol Sheppard, won the state debate championship. Second place was taken at the Linfield speech conference and Millie Haynie and Sandy Sawyers took first and third respectively in the annual Knights of Pythias contest held in Medford. Millie ended the oration season by placing fourth in the state contest. The speech group has been under the leadership of Bert Simmons.

For the first time in the history of the school, a course in journalism was offered. Because it was included in the curriculum after the first registrations had been made, the enrollment was small. A tabloid size paper was published. Gary Foran, sports editor, took first place in sports writing in the journalism writing competition held annually at Pacific university in Forest Grove. The paper was edited by Cathie Carroll. The production of the school year book followed closely the pattern employed the year before. Sally Mongold was editor.

Government Day
Eagle Point students took part in the annual County Government day in Medford with David Woolfolk elected to serve as circuit court judge, Howard Wilde, district court judge, and Diana Gardner, county commissioner. Appointed to serve as health officer was Sally Mongold, county agriculture agent, Jim Bunker, chief deputy clerk, Joanne Dickenson, court reporter, Carol Sheppard, and city police department observer, Leonard Winslow.

FEA awards at Eagle Point for the 1956-57 school year were many. Their team took second in dairy judging at Oregon state fair; the parliamentary team placed second in the district contest held at Crater High; and at the vocational contest at Roseburg Ron Hanson placed first in public speaking, Jack Esp first and David Hughes second in seed identification and the chapter received third place with its Treasurer's book, secretary's book and scrap book. Bill Gilman was given the chapter dairy chain award. Monte Axtell, chapter star farmers; Ron Hanson, public speaking; Art Gardner, soil and water management; John and George Minter, farm mechanics and farm and home electrification; Jack Esp, far safety, and the freshman Greenland award given by Safety stores went to David Hughes and Art Gardner.

Band Trips
The band made numerous trips to festivals and exchange concerts. Next fall the band is planning a "Pops" concert. Tentative date is Feb. 5, 1958. The grade school band next year will be under the direction of Keith Krambeal allowing Chuck Martin to concentrate more on the secondary level.

Choir robes furnished by the PTS groups was a welcome addition this year. The choir is planning to put on an operetta Nov. 22.

The Junior-Senior prom was held in the grade school gymnasium Friday, May 24, bringing to an end the social events of the year. The theme was "Oriental Gardens". For the first time this year, a smorgasbord was arranged in the adjoining cafeteria with a selection of 50 different types of foods. Highlight of the evening was the coronation of Queen Doris Hammonds and Princesses Anita Reed and Joanne Phelan.

Firemen Complete Annual Inspection

Medford firemen have completed their annual inspection of residences after checking 1,814 homes and making 1,315 recommendations for correction of hazards.

They noted no hazards in 977 dwellings. Firemen made 3,492 calls but found no one home at 1,471 houses. Occupants of 207 dwellings refused the offer of inspection.

Firemen offered the service at homes in the newly annexed Grandview and Kenwood districts and called at houses on all streets running north and south in the city. They began the project on May 14 and completed it last Friday.

At residences where no one was found home a note offering inspection upon request of the occupants was left. Firemen said that a considerable number of people have asked call backs.
