On The Side

Ever been best man at a wedding? Did everything go smoothly? How about the best man at your wedding? Did he handle his part calmly? Usually the best man is more nervous than either the bride or bridegroom. I am constantly receiving requests for advice on how to handle the best man assignment. I believe there should be courses of instruction available for prospective best men. This instruction could be handled by churches.

Music

What is the extent of your information as to music? Are you familiar with Beethoven's Ninth Symphony? If not, get a recording of it. Florentino LaGuardia once said, Beethoven's Ninth Symphony is about the greatest piece of music ever written. It is a sort of spiritual and musical compound. A sedative, a vitamin, a tonic and a stimulant. As the opening bars start, you relax. As it unfolds, you reach out and hold your wife's hand.

Sidelights

It was Ben Jonson who said, "Love is a spiritual coupling of two souls, so much more excellent as it least relates unto the body." . . . Field Marshall Montgomery is a vegetarian and does not smoke, drink, swear or play the horses. But he still claims he is an Irishman.

Asking

Queries from clients. Q. What was the nationality of Adeline Genée, the dancer who starred in "The Soul Kiss"? A. She was a Dane. Born in Copenhagen. Her real name was Peterson. Q. Will you settle an argument between a Southern Californian and a New Yorker? Is there any smog in New York City? A. At times there is a little smog in New York City, but, of course, it is very unusual.

Please Note

What is the value of a good title? The title "Gentlemen Prefer Blondes" on that story by Anita Loos is said to have increased its value by at least a million dollars. Titian titled a painting "Two Women Seated by a Fountain." The work attracted little attention. The title was changed to "Sacred and Profane Love." The painting immediately became world famous. J. P. Morgan offered \$7 million for it. The offer was refused. The painting is still in the Borghese Galleries in Rome and is owned by the Italian Government.

Briefly

Kentucky tops the nation in the matter of having towns with girls' names. The Blue Grass State has no less than 103 towns so named. These include Sarah, Grace and Phyllis, Ky. . . . One thing that stops young fellows from writing ardent love letters to girls is that most young females show such communications to their girl friends. Not one girl in a thousand keeps her love letters to herself.

Shopping

Before you buy try three places. That is what Confucius had to say about shopping. How right he was! I have followed that policy for some time and have saved myself quite a little money. For example, the other day in a second hand bookstore I saw a book I was interested in priced at \$5. I walked a couple of blocks to another bookshop and bought the same book for \$2! A penny saved in shopping is a penny earned. And there is no income tax to pay on that type of earnings. Keep it in mind.

Memphis, Tenn.—Mrs. W. B. Lockhart made an impression on her eighth-graders when she said she was tired of returning from class picnics short of empty soft drink bottles. Students carefully searched the picnic grounds before leaving. They filled the four original cases and dumped 31 extra bottles at Mrs. Lockhart's feet.

Sweet, smooth and sassy—that's the new Chevrolet! You'll be hard put to find another car so alive, alert and eager for a full day's run—and yet so delightfully easy to control!

To know a Chevy in all its glory, head one into the open for a stint—the more mountains the better. And don't be surprised if you ask yourself, "How long has this been going on?"

Well, the Chevrolet ride, the smooth sure response and stout-hearted power have been going on since the first '37 Chevy took to its first superhighway. And those who have sampled these qualities have snapped up Chevis for keeps, because the performance and solid build made their dollars look big.

You don't have to urge this car along. A Chevrolet comes alive with the flip of an ignition key. The power is charged with gumption. The wheel responds in a twinkling to tight corners or turns. And on a back road a Chevrolet steps with ease over ruts that would look like barricades to lesser suspension systems. In short, a Chevy shows "savvy." You can, too—by seeing your Chevrolet dealer!
