

### 65 Per Cent Hike In Oregon Income Tax Seen in 1959

Klamath Falls — State Senator Harry Roivin Wednesday forecast a 65 per cent increase in the state income tax for the 1959 session of the Oregon legislature.

Speaking at a Lions club luncheon here, Roivin said Oregon has the dubious distinction of having the highest state income tax in the nation.

Roivin predicted, looking ahead to the 1959 session, that a \$90,000,000 surplus will be depleted and in addition there probably will be about a \$55,000,000 decrease in the budget. He said \$95,000,000 must be raised by the 1959 session of the end of state services continues to go up. **The Boivin Theory**

During his after dinner speech question and answer period, Roivin outlined what he called his "Boivin theory."

He said, "If I were doing it, the 1959 session of the legislature would be based on the near starvation budget of 1953. The other, or second budget, would be based on the application of a 3 per cent sales tax with property tax off-set features."

"Then," he said, "the people could make a choice. They could either let the second budget stand, based on the sales tax, or referend the sales tax and the departments would revert to the 1953 budget."

### Billy Graham Says New York Crusade Will End July 21

New York — Evangelist Billy Graham announced Wednesday night that his spectacular crusade to save New York "will definitely end July 21."

Thus Graham closed the door on what had been a possible extension of the crusade even beyond July 21, a date which itself represented a three-week extension beyond the original June 30 closing sermon.

**Plans Not Revealed**  
He told reporters his announcement did not mean the crusade "team" was "finished in this area." He said he was unable to reveal at this time plans being formulated for further evangelistic work in the New York vicinity.

Graham expressed "immense satisfaction" with the crusade, which has been packing Madison Square Garden since it opened May 15. It will be capped off the final night with a huge revival in the 67,000-seat Yankee Stadium. A second phase of the current crusade as a program of "evangelistic visitations" in which nearly 2,000 churches will take part. Visits to the churches by Graham and members of his crusade team will run through Oct. 27.

**Services Unavailable**  
Graham explained that his staff had taken a "sampling of feeling" among members of the 1,500-voice choir, 6,000 counselors who give guidance to converts, and other voluntary workers and it appeared a great number of them would be unable to contribute their services all through the summer.

"We don't think that through the hot summer months we could sustain the crusade at its current pace," Graham said. "In our hearts we feel we ought to close July 21."

### International Fleet Breaks Up

Norfolk, Va. — The great international review fleet today broke its formation off the Virginia shore and began dispersing for the oceans of the world.

The Navy ordered 35 ships of the 18-nation fleet including the American heavy cruiser Des Moines to return to port before dawn.

At the same time, a powerful task group led by the command cruiser Northampton prepared to sail for Rio De Janeiro during the day. The rest of the 11-ship fleet began the difficult precision operation of returning to their Norfolk piers by sunset.

All 33 foreign ships were scheduled to return to port with the remaining American ships. The fleet will remain open to the public until Monday.

The Navy estimated that nearly 300,000 people saw the great fleet — mightiest peacetime collection of ships in history — as Secretary of Defense Charles E. Wilson reviewed it Wednesday from the missile cruiser Canberra.

Crowds jammed the grassy dunes and beaches from Norfolk to Cape Henry for good vantage points to watch the international naval celebration of the 350th anniversary of the founding of Jamestown.

**ACTRESS DIES**  
New York — Doris Patison, 53, musical comedy and dramatic actress and operatic soprano, died Wednesday after a long illness.

# PENNEY'S
