\$100 EXTRA EVERY MONTH

OVER AND ABOVE
YOUR SOCIAL SECURITY!

One of these days you'll start getting Social Security Checks from the Government—as little as \$79.00 a month if you are single—as much as \$163.00 if you are married. The most you can ever get under the present law amounts to about \$37.60 a week—not very much for two people to live on!

Face the facts. With the price of everything sky-high, the best you can do on \$37.60 a week will be to scratch out a bare existence. Life would be pretty dreary except for one thing—EXTRA INCOME!

Now—thanks to a wonderful personal retirement plan, you can have this extra income every month. If you are now under 50 and in good health you may be eligible for the brand new Section L-465 of the White Cross Plan which offers these three almost unbelievable benefits:

1. When you reach the age of 65 you receive another check for \$100 every month for the rest of your life—even if you live to be 100.
2. If you die before the age of 65, your widow receives \$10,000 in cash or extended payments at the rate of \$100 a month for almost nine years.
3. If you die after the age of 65 and after your payments have started the payments will be continued to your widow until you and your widow have received \$100 a month for a total of 10 years.

Security BEFORE as well as AFTER you are 65!

This EXTRA \$100.00 a month—added to your Social Security Check of \$163.00—means that you and your wife could live the remaining years of your lives together in relative comfort and security and enjoy a real retirement.

Income Protection RIGHT NOW

There is still another part of the White Cross Plan—Section P-16—that offers benefits in addition to those you get under Section L-465. Under Section P-16, you may get as much as two-thirds of your salary up to \$400 per month, if you are disabled and your doctor says you are unable to work—whether you are laid up in a hospital for a long time or recuperating at home due to sickness or injury. This money is paid for a whole year in case of disability due to confining illness—for TWO years in case of total disability due to an accident. Waiting periods and exclusions for certain illnesses are held to a minimum; the policy is renewable at the option of the company, but, whereas disability payments under Social Security don't START until age 50, these payments, under P-16 may come to you at whatever age you might need this help—from 18 to 60!

DOUBLE Protection

Naturally, you are interested in the benefits you will receive under Social Security at age 65. You should be equally interested in getting the facts about the kind of cash payments you can get NOW—at your present age.
